REPUBLICANS OPEN ATTACK ON NEW SPENDING PLAN

Washington, April 18.—Republicans came out in the open today and viciously attacked President Roosevelt's \$4,500,000,000 relief-recovery program.

This is the first time in several months that the minority party members have been willing to take the lead, usually using the strategy of letting anti-new deal Democrats direct the assaults on administration measures.

Senator Author Vandenberg (R., Mich.), assisted by Republican party chairman John Hamilton, criticized the huge appropriations in radio addresses last night.

Hamilton, rebutting President Roosevelt's last "fireside chat," insisted that the President was more concerned in "priming the polls" for the November congressional contests than in "priming the pumps of recovery."

BRITISH SEEKING PACT WITH BERLIN DIPLOMATS

London, April 18.—Great Britain today sought to guarantee full European cooperation by signing a pact with Germany similar to the one agreed with Benito Mussolini of Italy last week.

However, Prime Minister Chamberlain, temporarily satisfied with the Anglo-Italian accord, was said today to be waiting for Germany and Hitler to take the initiative in approaching an Anglo-German pact.

Observers predicted that commercial agreements between Britain and Italy would follow the friendship pact.

Meanwhile in Paris, the newly-formed French national defense government was reported to have taken the first step toward a needed solution to her two-year-old quarrel with Italy.

The ministry was understood to have formulated a plan through which she might rush, inside of one week, a pact of friendship with Italy.

COLUMBUS TIED UP WITH BUS AND STREET CAR STRIKE

Columbus, O., April 18.—Transportation in Columbus was tied up today as motor bus and street car operators remained on strike, demanding a pay hike of 12 cents.

Thousands of office and factory workers were forced to walk to work, as union men refused to alter demands that brought on the shutdown at midnight Saturday.

As strikers prepared to prevent any use of the abandoned vehicles, officials of the transportation company stated that the utility could not, under present business conditions, grant a demanded wage increase to 62 and 75 cents an hour.

PRESIDENT PARDONS OLD-AGE CAUSE LEADER

Washington, April 18.—Dr. Francis E. Townsend, old-age pension leader, walked into a local jail today and was met with an executive pardon from the White House.

The doctor was about to commence serving a 30-day jail sentence that was inflicted upon him last February 24, when he walked out on a special congressional committee which was investigating his plan to pay \$200 a month to every person over 60 years of age.

A White House communication announcing the pardon stated that a message received from Chairman Bell (D., Mo.) of the house committee had been very instrumental in releasing the plaintiff.

Bell said that, in his personal opinion, Townsend had been under the influence of stronger minds when he left the committee hearing.

McDuffie And Rosenberg To Stage Run-Off

Student council members tonight will make arrangements for the first University run-off election in five years—a battle for junior representative to the Publications Union board being waged between Morris Rosenberg and George McDuffie.

The run-off became necessary when no candidate in a three-way race for the post gained a majority at the polls last Tuesday. Rosenberg, University party aspirant, polled 675 votes to 660 for McDuffie, independent, and 474 for Bert Premo, Student party.

No Maximum

Student council members recently revealed that no maximum number of votes or a definite majority would be set up for the ballot. The election will be won by the aspirant receiving the largest number of votes, regardless of the number cast.

The question had been raised if a majority of the votes cast in last Tuesday's election would be necessary for one of the candidates to win.

Run-Off In 1933

Thursday's referendum will be the second of its kind in modern University political circles. In the famed 1933 election, when an all-time high of 1,996 students filed through booths to give the present University party its first major recognition, run-offs were necessary for presidency of the student body and editorship of the Carolina Magazine. In both cases, candidates who led in the primary captured the second election.

University rules require that a candidate receive a majority of all the votes cast in his race to be elected. The present run-off was requested by Vaughn Winborne, who nominated McDuffie.

Rosenberg has been a member of the DAILY TAR HEEL staff for the past two years, and is now the only sophomore news editor. McDuffie has worked for the Yackety-Yack.
