

Legislature Picks Ten New Members

Election Completes Membership Quota Campus Congress

Last night the Student Legislature met for the first time, inaugurating the first organization to hear all suggestions made by all students ever to appear on the Carolina campus. The meeting last night was held in Di Senate hall with the express purpose of electing ten new members to represent the campus organizations not already represented in the legislature.

FOURTEEN NOMINEES

The ten new members of the Student Legislature are as follows: Dick Worley, Allen Merrill, Brooks Patten, George Nethercutt, Ned Hamilton, Sam Hobbs, Tom Pitts, Studie Ficklen, Grady Stephens, and Tom Morgan. This increases the number of members to 48 as designated in the draft drawn up last year.

Fourteen boys were nominated by the nominating committee who made all their selections from boys living in town houses. Those nominated were Dick Worley, Allen Merrill, Brooks Patten, Bill Cody, John Creedy, George Nethercutt, Gene McIntosh, John Henderson, Dick Urquhart, Tony Cernagle, Ned Hamilton, Sam Hobbs, Dick Shurz, and Jack Holland. From these nominees six of the ten to be elected were chosen. This ratio was made because approximately 1,000 boys live in town, and so far none

ASU ASKS CUT OF RELATIONS WITH GERMANY

Woodhouse Plays German Action Against Jews

"It seems to me that the move Germany is taking at present in persecuting Jews in that country is the most dangerous threat that has been put upon civilization in the last generation," said Professor E. J. Woodhouse in an address before a mass meeting called by the American Student Union last night.

The address was followed by the reading of a proposed resolution which was unanimously agreed upon and it was decided that a copy of this resolution would be sent to President Roosevelt immediately.

ORIGINAL COPY STOLEN

Although the following is believed to be nearly a word for word copy of the bill as it was read before the meeting, the absolute veracity of this cannot be vouched for as the original and only copy was "removed" by Everett Lindsay of the News Bureau. The resolution is as follows:

To: The Honorable Franklin D. Roosevelt,

White House,
Washington, D. C.

Mr. President:

We, a group of students at the University of North Carolina, holding precious those inherent Democratic ideals, freedom of religious faith, freedom of speech, the rights of self-defense of political and national minority groups, and the interdependence of the nations of the world, realizing that these ideals cannot tolerate or exist beside Fascism without being encroached upon or violated, protest the persecutions of the Jewish peoples, the Catholic church and peoples, and the liberal and progressive peoples of Germany and Austria.

We urge that the government of the United States of America, protagonist of the Democratic ideals, take immediate action. We are gratified at

"We have a serum and a vaccine to prevent it. It is cooperation and good will to men. To achieve this end, we must have a brotherhood of man and God," the noted doctor said.

In speaking on "Immunity," Dr. Rosenau described it as "the fundamental property in life, the foundation of preventative medicine." Many of the great triumphs," he asserted, "have been made in the control of disease through immunization. Examples are diphtheria, typhoid fever and smallpox.

Frank Graham Will Introduce F. D. R. At CPU Anniversary

Board Declares 'Night Club' Impractical In Banquet Hall

Possible Use Of Ground Floor Will Be Investigated

The Graham Memorial board of directors decided today that to install a "night club" in the banquet hall on the second floor of the building would be impractical. However, a new committee was formed to investigate and turn in a report on the possibility of using the ground floor of the building, which space is now occupied by the game room.

The Graham Memorial board of directors decided today to send Bob Magill, director of the Student Union, to the annual convention of the Association of College Unions to be held in Minneapolis December 1-3. Magill would keep the board informed of happenings by direct wires.

The game room would be discarded, the kitchen enlarged, a soda fountain installed, and the room redecorated in the manner previously suggested, following some theme such as the collegiate idea. The room would be utilized as a cafeteria during the day and the "night club" in the evening.

ASK STUDENT OPINION

The board is interested in sounding out student opinion on the respective values of a game room and an enlarged cafeteria and "night club." It is possible that the report will be submitted to the newly-formed student legislature sometime after Thanksgiving.

The members of the newly-formed committee are: Skipper Bowles, Sam Morton, Bob Magill, and Felix Markham.

NBC And CBS Will Broadcast Speech Here December 5

Previous to Dr. Graham's introduction Governor Clyde R. Hoey will welcome the expected 15,000 visitors to the campus and state.

Dr. Graham was chosen by the CPU to present Roosevelt because he has served on several presidential advisory committees and has long been a personal friend of the President.

NATION-WIDE HOOKUP

Both the National Broadcasting company and the Columbia Broadcasting system have notified the union that they will definitely allot at least one-half an hour of radio time from 4:30 to 5 o'clock for the President's speech, which is expected to contain some reference to the administration's legislative plan for the coming congressional year and some suggestion regarding the present economic position of the south.

It has been estimated by union Chairman Voit Gilmore that probably \$1,000 will be needed to finance arrangements for the President's visit here December 5. The group's finance committee has prepared a budget which reveals a need of extra hundreds of dollars for special items, including printing, transportation, correspondence, and banquet arrangements.

CONTRIBUTIONS

Two campus organizations, the Order of the Grail and the Interfraternity council, have contributed to the union's finances since the announcement that Roosevelt will make an address here. Already the University administration has cooperated in

It's Her Position, Boys—

Lillian Howell Is Actually Pleasant And Sociable Soul

She Is Young Lady Who Shoos Fellows From Shack At 10:30 Or 11

By SANFORD STEIN

Every night at 10:30 or 11 she strikes. With set face and unsmiling lips she silently stalks the living room of the Shack, mechanically and unfeelingly turns out the lights one by one, and brusquely flings open the outer door with a "never darken my doorstep again" look in her eye. And herein, despite all rumors to the contrary, lies the true reason for the formation on the campus of the "Society for the Extermination of Lillian Howell."

Lillian, in short, is the young lady whose job it is to see that no members of the male sex hang around the interior of Spencer hall after closing hours. She is really a kind person at heart, quite sociable and pleasant, and if one were to meet her on the

campus, she would appear no different from any other attractive coed. But Lillian's position forces her to act ruthlessly and without mercy, and many pleasant conversations, piano concerts, and other forms of social contacts have been broken up by her interference.

DOING WHAT?

"Most of the boys respond very well, though," said Lillian. "They rarely make any fuss about leaving. Sometimes, however, when I turn out the light, they just keep right on in the dark doing what they were doing. Then I have to come back and bid them a special goodnight."

"The only real trouble I ever have is when the boys insist on playing the piano after 8 o'clock, which is against the rules. Sometimes I have to call Miss Lee—and that stops them. I start closing the Shack five minutes ahead of time, but frequently I can't
