Source Says Eight Negroes Seek Entrance Hoey Recommends \$50 Increase In Student Tuition

GROUP APPOINTED TO INVESTIGATE PROPOSED PLAN

No Statement From Graham; Joyner Voices Opposition

By CARROLL MCGAUGHEY

Governor Clyde R. Hoey last night laid before the General Assembly at Raleigh a budget for the fiscal year 1939-40 that, if its provisions are approved, will require an increase of \$50 per year in tuition fees for all students enrolled in the University.

The budget recommends an appropriation of \$565,703 to the University which falls short of the actual appropriation of 1937-38 by \$151,796.

Speaker Ward of the House of Representatives appointed a committee on higher education which was suggested by the Governor for the specific purpose of studying the proposal of increased tuition.

NO STATEMENT

Although President Frank P. Graham of the Greater University, when contacted by the TAR HEEL in Raleigh last night, said that he would have "no statement to make until after studying the budget closely," student opposition to the proposal was voiced immediately by Jim Joyner, president of the student body.

Joyner's statement read: "I can think of no greater calamity that could befall untold numbers of us poor Carolina students than to raise our tuition by such proportions as Governor Hoey is suggesting. While I don't pretend to say with any insight that other branches of government could take a cut better than could the State's only institutions of learning, I do feel that somewhere someone has misdealt, and I believe it our student responsibility to let Raleigh know the impact of such a blow and to prevent the proposal from ever being incorporated in the revenue bill."

STUDENT COUNCIL

In addition, Joyner stated that the Student Council will discuss the matter at its meeting tonight and make (Continued on page two)

Comprehensives

Comprehensive examinations will be given this quarter on February 18, it was announced yesterday.

Thomas Bell Was To Re-enter School Here This Quarter

A former University Phi Beta Kappa, Thomas Bell, who was scheduled to re-enter school the winter quarter, and his brother, Clay, were buried in a double funeral in Rockingham yesterday afternoon after they successively killed themselves by shooting in a clubhouse near their home Saturday night.

The brothers left home intending to go to a picture show and later decided to go to the clubhouse for a quiet evening of reading. Clay, for some unknown reason, left the clubhouse—and on his return found his brother lying dead in a bed.

SECOND SUICIDE

Clay then covered his brother's body with a blanket, lay down on another bed in the same room and became the second suicide victim.

Friends of Thomas now in the University said they could think of no reason for the killings.

An investigation revealed that a third brother in the prominent Richmond county family, formerly with the University German department, killed himself about eight years ago.

NEEDED FEW COURSES

It was believed Thomas, though a senior last year, needed a few more courses before securing his degree. It could not be learned why he did not appear in Chapel Hill after applying for registration the past quarter.

Surviving are the parents, Mr. and Mrs. L. J. Bell, a brother, Will Bell, of Charlotte, and a sister, Miss Rachel Bell.

The father of the two brothers is the superintendent of the city schools at Rockingham.

GROUP WORKS TO IMPROVE CHEERING

University Club Passes Resolution

After a meeting last night in Graham Memorial devoted to discussion of ways and means of bettering the student body's cheering at athletic events, the University club passed the following resolution to be sent to the student legislature when it convenes again this quarter:

To the Student Legislature of the University of North Carolina:

RESOLUTION

Be it resolved that, effective immediately, the system of choosing cheerleaders shall in general follow the plan now used in securing managers of athletic teams, and

(a) That there shall be no more than four sophomore leaders, two junior leaders, and one senior, head leader.

(b) That the Athletic Council, with the aid of the head leader shall have the power to choose the sophomore and junior leaders from all candidates from those classes.

(c) The head leader shall be elected by the student body from the two junior candidates, or if such do not exist, from such suitable candidates as the Athletic Council shall present.

(d) The Athletic Council shall have the power to select alternates, fill vacancies, and make any changes which it deems necessary.

Jim Davis, president of the club, who will present the measure to the legislature, stated that he hoped that the bill would be passed this winter quarter.

On The Dotted Line

With one fine stroke of the pen, J. Donald Budge signs his contract for a professional tour with Ellsworth Vines—and \$75,000—as promoter Jack Harris looks on. Budge and Vines will appear in Woollen gymnasium as guests of the University on January 25. Reserved tickets are now on sale at the ticket office for \$1.50 each.

TAR HEEL HOLDS POLL OF GRADUATE STUDENTS TODAY

Negro Group Gives Opinion Of Local Situation In Letter

(Copyright, 1939, by The DAILY TAR HEEL)

It was learned from an irrefutable source yesterday that eight North Carolina Negro residents had applied for admission to the University, although all administration officials contacted stuck to their "we-haven't-heard-a-thing" routine.

Other late developments in the unparalleled situation precipitated by a New York Negro woman's seeking entrance into the University graduate school, on the grounds that Negro schools did not provide equal facilities, were:

GRADUATE STUDENT POLL

(1) The DAILY TAR HEEL decided to hold a poll in the YMCA from 9 until 5 o'clock today in order to determine the opinion of students most directly concerned—graduate students, who will be asked to express an opinion on the admission of Negroes. A sample ballot appears on the back page of this issue.

(2) An unofficial survey of the Law school yesterday showed that a majority of the students were in favor of immediate admission of Negroes.

(3) In an exclusive statement to the DAILY TAR HEEL last night, Dr. J. C. Shepard, president of the North Carolina College for Negroes at Durham, declared that he was firmly convinced that Negroes could do their best work only in their own schools and that enlargement of existing facilities would give increased opportunities to competent Southern colored professors.

NEGRO OPINION

(4) In response to a telegram sent by the DAILY TAR HEEL, a statement was received expressing the opinion of Walter F. White, executive secretary for the National Association for the Advancement of Colored People, and the stand of the Association itself. The viewpoint was written by Roy Wilkins, assistant secretary and editor of "The Crisis," association news organ.

The statement follows:

"We have opposed separate schools for the races since the beginning of the N. A. A. C. P. thirty years ago because all surveys and statistics show conclusively that there does not exist in America a so-called separate but equal school system. The Negro child in every instance receives considerably less than the proportion due him. These conditions force us to the inevitable conclusion that the only method of securing equal opportunity in public education is for the Negro to hold as an ideal the attendance at the same institutions with whites. There may be constructed somewhere, sometime a separate but equal public school system, but it is not likely to appear soon, inasmuch as we believe one of the main purposes of separation is not to prevent semi-social contact but to in-

Careers Of Touring Pros Originated In Unique Manner

By JERRY STOFF

Almost 300 seats have already been sold for the professional appearance of Donald Budge and Ellsworth Vines here the night of January 25 in Woollen gymnasium. The two touring professional stars will bring not only the world's finest display of tennis to the campus, but also unusual and unique careers, originating in opposite extremes.

Budge's undefeated Davis Cup record in singles in the past two years of competition is probably his greatest achievement in many years although his famous Grand Slam of the four major tennis titles in one year is unparalleled in net history.

IN THE BEGINNING

It all started back in the early part of the century when Don, branding tennis as a "sissy" game, was literally forced by his already well-known brother Lloyd, to try the game out. He decided to make an attempt and a while later, borrowing one of Lloyd's racquets, he entered a school tourna-

Woman's Association Decides To Sponsor Annual Coed Dance

Parent-Teachers To Hear Guy B. Phillips

Dr. Guy B. Phillips of the Education department, chairman of the Governor's commission on education, will speak to the local Parent-Teacher association on "Public School Legislation Now Pending in the Legislature" at 8 o'clock tonight in the Chapel Hill high school.

After the talk, a round table discussion will be held. A musical program will be presented by the high school orchestra, under the direction of David Bennett, and the elementary school harmonica players, directed by Miss Louise Bolton.

Unanimous approval favored the motion made at the Woman's association meeting yesterday afternoon for the association to sponsor a single large dance a year instead of one dance each quarter. The annual event will be a coed ball given on the evening of May day at which the new officers of the Woman's association will be introduced in a figure and the May day court will be honored by a no-break dance. It will be a part of the week-end dedicated especially to the activities of the women students and including the alumnae luncheon.
