

STEWART FAVORS STUDENT POLL ON BUCCANEER

Minister Terms "Buc" As "Gross Example Of Futility Of Thought"

Following a sermon in which he termed the Carolina Buccaneer "a gross example of futility of thought," Dr. Donald Stewart, Presbyterian minister, yesterday advocated a student poll to discover sentiment concerning the magazine.

He said he believed that if students realized the notoriety which the magazine has brought the University they would certainly cast their votes in favor of a revision of the Buccaneer's present policy.

CORPSES

Dr. Stewart took as an example the photographs of corpses from the medical school in the last issue of the magazine. He stated that, in the first place, the use of these pictures was an insult to the humor of most students, as the pictures had no evident bearing on the policy of the magazine as a humor publication.

He added that the photographs of Negro "stiffs" must necessarily create a feeling of resentment among Negroes, a distinct disservice to that for which the University stands, which evidently these enlightened apostles of necrology and overlooked.

Furthermore, he said, "It is tragic that such a magazine can be produced by an ostensibly educated group and at the time when the crisis our times is in need of something other than sophisticated nonsense and blase' inanity; but perhaps this is too much to hope from such liberated spirits." Dr. Stewart also criticized use of the name, Jesus Christ in the magazine. The last issue, in a list of "predictions," said "Jesus Christ accepts CPU invitation to birthday party." Dr. Stewart question the humor any right-thinking person could see in

Kitchen Of Swain Hall Is Scene Of Fire Last Night

The second campus fire in as many weeks broke out in Swain hall last night at 8:45. The alarm was turned in immediately by E. J. Cooley, manager of the eating establishment, and 12 firemen of the Chapel Hill Fire department answered the call.

Manager Cooley and the assistant manager were in the dining hall discussing plans for the new cafeteria when they smelled smoke and after investigating, found that the entire kitchen was filled with smoke and flames. The fire was soon extinguished, however, after the arrival of the local firemen.

IGNITED GREASE

The origin of the fire was a grease pot which had not been turned off when the kitchen was closed for the night; after it had warmed up a bit, grease, which a huge flame. There was no damage according to Manager Cooley who stated, "The cost of a good cleaning job was the only damage done."

Fraternities To Be Contacted Before Friday

Thirteen University students were appointed by the University dance committee, at its meeting last night, to contact all chapters of fraternities on the campus and to explain to the members the new committee regulations.

Those appointed will contact house presidents before Friday, in order that the rules will be fully explained before the dances on the coming week-end.

EXPLANATIONS

In the past, only those members who have arranged with the committee for dances have fully understood the rules, and the committee feels that every member should. Explanations are being made to the fraternities because they are the groups that give the majority of dances on the campus. Copies of the regulations will also be posted in every dormitory on the campus.

Sophomore Benefit Movie To Show Today

"Service-Deluxe," sophomore-sponsored motion picture upon which rests hopes for the best sophomore hop in years, will be shown at the Carolina theater today. Sophomores will churn the campus all day long in efforts to sell tickets.

Constance Bennett will star in the movie, rated by columnists as one of the more pleasing comedies of the year. Also in the cast are Vincent Price, up-and-coming leading man, and Charles Ruggles, Mischea Auer, and Helen Broderick.

The second-year men contend they're "in a pretty bad way financially," and that success of this year's sophomore dance will be largely determined by success of "Service-Deluxe."

Body To Draw Up Slate Of Officers For Spring Elections

First signs of activity by the University party in preparation for the coming political season became evident yesterday when Chairman Studie Ficklen announced the membership of the party's steering committee. The 23-member body will hold regular meetings and draw up a slate of officers to represent the party in the spring election.

"The University party steering committee represents every section of the campus," Ficklen asserted. On the committee of 23 members are 11 representatives of the fraternities which are active members of the party, and 12 non-fraternity men.

Ficklen pointed out that the representation includes self-help students, athletes, publication men, student government leaders, and participants in many other phases of campus life.

The party liberalized itself last year by taking in enough non-fraternity steering committeemen to give this element a majority of one.

CAPABLE COMMITTEE

"We used the same method this year as we did last in selecting the non-fraternity representatives," the party chairman said. "University party candidates won 23 out of 30 offices last spring. This, we believe, is sufficient indication that the University party had a steering committee capable of nominating the right men."

The complete membership of the steering committee, as announced by the chairman, follows: Ficklen, George Riddle, Alan Truex, Phil Schinhan, Harry Winkler, Bill McCachren, Louis Perry, Gilly Nicholson, Julian Lane, Horace Richter, Dave Morrison, Felix Markham, Dick Worley, Joe Zaytoun, Tom Long, Jack

LOCAL NCPA TO HEAR DR. JONES

Turnstall Urges Large Attendance

Dr. J. P. Jones, local dentist, will address a meeting of the student branch of the North Carolina Pharmaceutical association in Howell hall tonight at 7:30. The topic of his speech will be "The Relationship of Dentistry to Pharmacy."

Joe Turnstall, president of the association, will preside over the meeting and has urged all members of the group and all interested outsiders to attend.

ONLY STUDENT BRANCH

The activity of this group is interesting in view of the fact that it is the only student branch of any state or national Pharmaceutical association in the United States and has received much recognition especially in this state. Organized some three years ago by several students in the pharmacy school, including W. J. Smith and Herman Thompson and members of the faculty, it has been quite active in bringing to the campus many outside speakers and presenting programs which have proved interesting to the general student body as well as the pharmacy students.

During the fall quarter of this year the group presented as speakers, the president of the state association, a hospital pharmacist and several other prominent men. The local group now has about 70 members and is planning to initiate several new members soon.

Tar Heel Renews "Happy Birthdays"

The DAILY TAR HEEL today will renew its former policy of contributing to the "Happy Birthday" of students by printing a list of birthdays on the editorial page. E. C. Smith, manager of the Carolina theater, will award theater passes to the celebrating students whose names appear.

This quarter's list was compiled by Misses Louis Jordan, Doris Goerch, and Dot Coble, after many hours in the Central Records office. Its compilation has been delayed until students were registered properly.
