Heel Swimmers End Season, 2-3

(Continued from page three)

Carolina four of Wilson, Cowper, Nash and Mueller won by at least 20-yards.

McQuade must have spent the early part of his race getting his bearings, for he did not make a bid for the lead until the sixth lap. But once he struck out for the front, he got there quickly and held a totering lead, to move Carolina in front 35-33.

Otho Ross put the Tar Heels in a position to win by shading Noel Woodhouse at the finish in the 400-meter free style in the new pool record time of 3:14.6. The old mark was 3:16.1. Seemingly well on his way to victory after he had taken the lead at the half-way mark from Warner, Woodhouse lacked a finishing kick to keep up with Ross, who came up from third in the last lap-and-a-half.

Ross took another first—in the diving. Schreeves and Boyce of W. & L. were second and third respectively. The Tar Heels had one other first in the early part of the race, when Hoffman Wilson splashed in ahead of Bill Cowper. Lawton of W. & L. was third.

The Generals seemed more like admirals in the early parts of the meet, and by taking the medley relay and the 200-meter free style race piled up a 13-1 lead in the first two events. First and second in the 50-meter free style helped Carolina pull up, and Ross, McQuade, and the 400-meter relay team did the rest.

Whiteshirts Take Intersquad Contest

when Baker fell on the ball on the Blueshirts' 38. Lalanne did the scoring by dashing the rest of the way for the touchdown and Bob Smith converted.

O'HARE SIGNALS

Frank O'Hare took over the quarter-backing job in the third quarter and started out by passing 25 yards to Red Stallings for the first tally. The next touchdown had a comic set up. The Blueshirts' lost ten yards in two plays and then fumbled on their own ten. Baker started around end on a reverse, but was chased back, so he dashed around the other way for the score. Dick White, trying for a drop kick extra point, dropped the ball, but picked it up and passed to Jim Mallory to make the margin 35-0 while the spectators chortled through frozen faces.

After the game Coach Ray Wolf expressed satisfaction with the way the boys have worked hard and cooperated during the winter quarter and told them to do the same on their exams.

Comprehensive Exams Shifted To May 13

Comprehensive examinations for the spring quarter will be held May 13 instead of May 6, as was previously scheduled.

Presenting a report which showed, among many other things a balanced budget, Secretary Saunders expressed appreciation of "the fine response accorded me by our alumni."

Secretary Saunders also presented the report of Treasurer George Watts Hill, of Durham detained at home by illness.

Creedy Protests Ban On Mag Article

confidential character with all written work in connection with freshman English."

As a completed thesis Mrs. Bragdon's results will, according to Dr. Coffman, have been examined and approved by a member of the department of sociology and the results will then be available for anyone's use.

(Dr. Coffman's complete statement appears on page two.)

GRAHAM CONDONES

The editor of the Magazine approached Dr. Graham on the question of the embarrassment of the administration and received the flat reply: "No administration restraint," he said.

The editor also offered to go to the classes involved and ask the freshmen for permission to use the material. Dr. Coffman refused this offer on the ground that it was not "connected with the study of English."

In answer to Dr. Coffman's point 5b, Editor Creedy stated: "As a matter of fact, the article was only intended to give a summation of freshman opinion and a sample of the reasons for these opinions. Since the article was merely a tabulation of the results of the early part of the study with appropriate quotations (to be used only with the permission of the freshmen involved) to illustrate approximately six different degrees of "yes's" and "no's" there can be little question as to its objectivity and non-propagandistic qualities.

SKELETON OUTLINE

"The study was not completed, in that it had not been rounded out in detail, but the skeleton outline of the study was complete.

"Dr. Coffman was within his rights as head of the department," Editor Creedy finished. "I merely regret that he used his authority in such a way as to prejudice the success of an issue of the Magazine devoted to a subject of such delicate nature."

New Spanish Course In Conversation Will Be Given Here

The Spanish department has announced a new Spanish course to be given for the first time this spring. It is a five-hour course in conversation to be called Spanish 51. The prerequisite is Spanish 23.

The object of the course is to give the student a chance to hear and speak Spanish. Since Mexico is our nearest Spanish-speaking neighbor, Mexicana will occupy a predominant position among the topics for discussion, although not to the exclusion of Spain.

The instructor, F. C. Hayes, would like to confer as soon as possible with any who plan to take the course.
