GREENIES IMPROVING

In three games Tulane has beaten Clemson, Auburn, and Fordham. Each time, according to Bill Lange, who has scouted the Greenies, the big New Orleaners have shown steady improvement. Against Fordham Tulane made nearly 400 yards from the line of scrimmage, throwing but one pass all afternoon.

Wolf is of the opinion that Carolina played best against Wake Forest, and hasn't yet reached the peak of which it is capable.

Bill Faircloth, sophomore guard, hurt his knee in the NYU encounter, and Paul Severin bruised his thigh. Stirnweiss had a few stitches taken in a gash above his right eye, but other than a general shake-up the rest of those who played are now in good shape. Trainer Chuck Quinlan said every man would be in condition for the long jaunt to New Orleans.

SQUAD PICTURE

Pausing briefly to have photographs made the squad settled down and worked its offense against fundamental Tulane defenses. Stirnweiss, Lalanne O'Hare and Don Baker alternated in passing.

Following the Tulane game, the team meets Penn at Philadelphia, N. C. State here for Homecoming Day, Davidson at Winston-Salem, and Duke at Durham on successive Saturdays. The season closes November 30 with the Thanksgiving clash with Virginia, at Kenan this year.

Varsity Tankmen

800 and 1500 meter free style races, will swim the 200 and 400 for Carolina.

Other sophomore standouts are Jim Barclay, Bill Peters, Ben Lee, Whit Lees, George Meyers, George Coxhead, Walter Funke, Marvin Ostrowsky, Dave Pearlman, Louis Scheinman, and Ted Baxter.

Drama Students Will Discuss Plans For Comprehensives

Plans for comprehensive, orals and theses, will be considered at meetings today of undergraduate majors and graduate students in the department of dramatic art.

Dr. Frederick H. Koch, head of the department, has called a meeting of graduate students at 2 o'clock this afternoon and of undergraduate majors at 5 o'clock. Both meetings will be held in the dramatic museum, 113 Murphy.

TB Association Now Making Plans For Christmas Seal Sale

Initial plans for the Christmas Seal sale conducted annually by the local branch of the National Tuberculosis association are now being made by the Chapel Hill committee.

Mrs. Harold W. Brown, chairman, states that 1939 marks the thirty-third year for the sale of the familiar seals bearing the double-barred cross. Proceeds from the Christmas seals provide funds for the association's continual fight against tuberculosis.

More than \$600 was donated in 1938 by local business men, students and faculty of the University, and other residents of the Chapel Hill area. The committee hopes to increase this amount during the 1939 Seal sale which will begin immediately after Thanksgiving.

The campaign will be conducted under the leadership of Mrs. Brown with the assistance of Mrs. H. D. Crockett, Mrs. Carl White, Mrs. Sturgis Levitt, Mrs. W. P. Jordan, and Mrs. Walter Spearman. Student chairmen for the dormitories and fraternity houses are to be appointed within the next few days. The local group is one of 2000 similar associations over the country engaged in an effort to reduce the suffering and loss of life caused by tuberculosis.

Senorita

(Continued from first page)

Washington, the attractive senorita said that she could not quite understand the women journalists of the capitol city. She was amazed to find women so interested in politics. In her country the women confine themselves to reviewing books and criticizing music, leaving the political questions of the day for men to discuss. She also said that the comely matrons of Washington were "social climbers" and seemed to have little interest in their homes.

"The women of New York do the same way," she said. "They live on the streets and eat all of their meals in restaurants. Why, I even think that there are more restaurants in New York than houses."

The writer was impressed by the number of divorcees in this country. A woman in Argentina is never accepted in society after she has been divorced.

"It is better to live with a man and fight all the time than to cause little children to suffer," she said. "I even met a woman in New York who was going to get a divorce after being married twenty years. How can she start all over?"

Another surprising difference that she noted was that American women work because they want to and not because of necessity. "In addition to writing," she said, "I own a candy shop, but I work because I need the pesos. I would stay at home if I could."

In looking over the large collection of Spanish-American books in the library, Senorita Irigoien commented that the people of South America are compelled to buy their American books from English publishers because they cost four times as much if bought from the United States. "In our libraries we have chiefly German, French, and English books," she added.

Books from the Haynes collection on the main floor of the library interested her because of the rarity of the collection.

"Whether the girls should be admitted to this University or not," she said, "I would like to come to school here and live with the girls at what they call the Shack."

Crockett, Vawter, Morrison, Lewis, Hardy, Fink, Wise, and Diamond. The time for the five miles was 29:17, not the best time that has been turned in a group this fall, but, according to Dale Ranson—"The most satisfactory team work of the fall."

Ranson has a job on his hands this week. Both Diamond and Gordon have run the same time, but Gordon looked better in the finish Friday than Diamond. Diamond, however, has turned in more fast times than Gordon.

Chi O Will Fete Pledges At Dance

Chi Omega sorority will entertain their fall pledges at a dance Friday night in the Chrystal ballroom of the Washington Duke hotel in Durham.

The climax of the evening will be the formation of the neophytes and their dates will be introduced.

Pledge officers are Mary Tilson Edwards, president; Majorie Johnston, secretary and Virginia Cates, treasurer.

Members of the Carolina Duke chapters of Kappa Sigma, brother fraternity of Chi Omega, will be invited.

ASU TO CONDUCT POLL ON EMBARGO

Students To Vote At YMCA Tomorrow

The American Student Union will conduct a campus-wide poll tomorrow on the issue "Cash and Carry vs. Embargo." The results of the poll will be used in an attempt to influence congressional decision.

The present embargo prohibits the sale of arms or munitions to any nation in the state of war. The President was given the power to enforce the Embargo bill when he saw fit. SELL MUNITIONS

The "Cash and Carry" is a bill introduced to congress repealing the arms embargo and enabling the United States to sell munitions of war to any country, provided that country pays cash and transports the goods in their ships or any ship other than an American vessel.

The ballot boxes will be open all day tomorrow in the lobby of the "Y."

On The Cuff

(Continued from page three)

American backs along with partner-in-backfield-mayhem George Radman, threw a pass straight into Feibish's hands.

There was great moaning and mourning in the stands until Chuck Slagle, playing a magnificent game, his greatest of the year, tackled the Violet gentleman with such force Feibish forgot his daily good turn and let the ball slip out of his hands. Slagle recovered and Carolina was on the march. Radman and Stirny brought the ball to the 11; Stirny passed to Pinky Elliott who was run out on the four; Dunkle picked up half a yard; and finally Stirnweiss skirted right end.

Alert ball set up the winning touchdown. Dunkle, who punted magnificently all afternoon, intercepted a Violet pass on the 20. On the next play, Stirny passed to Radman in the end zone for the ball game.

It was a simple as that once Carolina began rolling. Unfortunately the Tar Heels took too long in getting down to cases. Such conduct against Tulane this Saturday will not only prove fatal but will be downright ridiculous and tragic.

But imagine Duke losing. In addition to being Wade down South, Wallace Wade must also be Wade down low.

led the Beta's in scoring with two touchdowns, while Winkler, Baine, and Woodruff crossed the goal for one touchdown each and Schroth added an extra point.

Sigma Nu bounded back onto the win ledger yesterday, to take a 14-0 victory from Lambda Chi Alpha.

The Snakes scored in both quarters to take one of the most bitterly fought contests of the season. Sigma Nu's initial touchdown came in the opening period when Lacock fought off several Lambda Chi Alpha backs to take a long pass in the end zone. The final score was tallied in the final on a long pass from Lynch to Blount. Illman and Bryant were outstanding defensively for the losers.

DKE took its second victory of the season yesterday afternoon as it stopped Phi Kappa Sigma by a 12-6 score.

The Phi Kappa Sig's tally came on an intercepted pass and DKE's two came on a forward pass. Scoring for the losers was Gunther while Alexander led DKE.

Education Club To Hear Cornwell Tonight At 8:30

Dr. O. K. Cornwell, dean of the physical education department, will address the Education club on "The Prestige of the Teaching Profession" in 204 Peabody tonight at 8:30, it was announced by George Ralston, chairman.

Ralston said a report will be given by Miss Elizabeth Huntley concerning the fall quarter social event of the club.

Meeting time has been moved an hour to 8:30 instead of 7:30.

"It is urgent that all education students attend the meetings as vital contacts may be made and much information gained," Ralston said.

To Tell The Truth

(Continued from page two)

in the book. Hate and violence and blood-talk were an echo of the tale's realism.

Another lady, one of those professional patriots who love democracy and imitate fascism, declared that she wanted the book left alone. She thinks that it will "show the communist menace clearly to the nation."

And, of course, a well ordered group of "geneologists" presented elaborate proofs of Steinbeck's ancestry—on the grounds that "no red-blooded American could write such a book." In rather delicate imitations of ambidextrous Hitler, they rested their case superbly on the false evidence that the writer "is not 100 per cent Aryan."

Fascist inspired journals in this land offered "proofs" and "disclosures of radical fraud." Conservative dictated presses chose to sit back and poo-poo the book into insignificance, just as they have delightfully ignored most of the illness of this land. All of the jealously segregated vested interests found a new call to arms. And most of them seemed to sense a personal insult in the pages.

Now we note that there is going to be a movie made. Being dubious of Hollywood's invincible financial formulae, we cannot be sure of this latest result. The Joads may become converted into clear-eyed heroes moving grandly through obscure dangers. But, on the other hand, we might all be surprised with an honest treatment.

In any event, the victory has been won. The undeniable truth of this book has marched through recriminations and false interpretations which only point out the unbalance of those offended. Certain legislation has already been enacted.

And we have all learned a lesson in American reactions and American reactionaries. Note, please, that this reaction has been colored with the hate-menace and violence of foreign totalitarianism. Note further what portions of this population have been most active in attempting to suppress "The Grapes Of Wrath." Mix them together, reach in to exclude the perpetual cranks, sterile moral ostriches and unsavable dopes, and you have a picture of the possibilities of fascism in America.

WOMAN'S COUNCIL SELECTS MANAGERS

Coed Sports To Get Promotion Program

Dormitory managers for coed sports were selected last week at a meeting of the Woman's Athletics council. Each manager will be responsible for the promotion of her sport in her dormitory. Directing the activities of the dormitory managers is a sports manager who is a member of the Woman's Athletic council.

Dormitory managers will be: Swimming, Martha Mills, Spencer, Virginia Cates, No. 1, Ella Keen Steele, No. 2; tennis, Caroline Dalton, Spencer, Bubbles Newman, No. 1, Janice Cobb, No. 2, Anna Margaret Ballentine, No. 3; fencing, Hallie Chandler, Spencer, Spencer Watkins, No. 1, Sis Clinard, No. 2; bowling, Phyllis Younginer, Spencer, Mary Beard, No. 1, Margaret Herndon, No. 2; Anna Margaret Ballentine, No. 3; dancing, Dorothy Drake, Spencer, Helen McLane, No. 1; Mary Marshall Frye, No. 2; Anna Margaret Ballentine, No. 3.

OTHER SPORTS

Dormitory managers for horseback riding, golf, and archery have not been appointed because plans for those sports have not yet been completed.

Miss Terrell Everett, president of the Woman's Athletic association, announced that new equipment has been secured for the use of coeds taking archery and fencing. She also said that plans were being made to rent horses from a stable near here for riding classes, and stressed the fact that coeds who wish to take riding lessons must have written permission from parents.

He and Chris met fourteen years ago in Porth Said, Egypt, in a barber shop, when both were on their way to America. They didn't see each other again until nine years ago, when John came to Chapel Hill to work. Chris came over here originally to study, but lack of finances caused him to enter the restaurant business with a relative, which is just as well, he says.

"Our policy," said Chris, "is to run a respectable, but liberal cafe. College students naturally have fun in a loud way, and we are glad if they have it here."

As to the current war in Europe, these ex-British subjects are divided as to opinion. Chris and John think that the fighting is practically over; that Hitler is not willing to carry on an extended war. Sam, an American legionnaire, declares that this war will be worse than the last one. But they are all hoping that the United States will be able to stay out.
