ON THE CUFF

Let us not rush too madly about. about to break. From now on in, it's every publicity man for himself and darts at 10 paces in the race to get Joe Blotz on some handy All-American team. The gin-swallowing, hand-shaking stage is past. The thing is business now, and may the player with the mimeographing machine win. He will anyhow.

It is trusted that several of you observed the state press yesterday morning. If you did, you may have noticed that some of the newspapers carried long and detailed, inspired stories of the game-by-game exploits of three individuals bruited to be some shakes as football players. namely, George Stirnweiss, George McAfee and Jim Lalanne.

Each story told in glowing adjectives that each player had been absolutely tops all season as a gentleman, scholar and athlete. Them narratives dripped with sentiment and awe and ended up by saying that if Blank Blank did not make All-American, several sports writers were things that are not usually mentioned in or out of polité society

Everything broke at once. Col. Robbert W. Madry, Marion Alexander and Tom Bost of the Chapel Hill expeditionary forces put up the report on Stirnweiss and Lalanne last week. The news drifted to Duke where Ted Mann of the Blue Devil bombers immediately began combing the files and pounding on his typewriter. The result was that a story was produced admitting that George McAfee was a pretty fair country ball player.

Now we had intended to run each Duke-State Lineup player's record side by side and let you judge for yourself. But at the last moment seven of the printers dropped dead from the shock of listening to the Lone Ranger so we had to forget about the whole thing.

Here is a capsule report of all three surveys:

STIRNWEISS: The Citadel: Wow!

Wake Forest: Wow! Wow! NYU: Wow! Wow! Wow! Ouch! (by Mal Stevens).

Ad Infinitum. LALANNE:

The Citadel: Whew! Wake Forest: Whew! Whew! Virginia Tech: Whew!

McAFEE: Davidson: Sizzling!

Colgate: Flaming!! Pittsburgh: Overheated!!! Ad Infinitum.

Now that the matter has been disposed of in the best possible way, I will admit that the whole thing was very impressive. But, so what? As far as this corner is concerned, and some of you may have gathered this, Brer Stirnweiss is the only one of the three who should merit All-American consideration.

George has been hot in every game this fall except the Virginia Tech affair and he sat that out on the bench. A late first half injury robbed him of the chance to star at Penn. He slipped a bit at Tulane, but was still just about the best back in the state of Louisiana that afternoon. Stirny has been hot from the day he stepped into a varsity suit three years ago. It will be a shame if he fails to make All-Amer-

Duke, Clemson End Seasons In Conference Games Today

Duke and Clemson, two teams looking to the west for bowl bids, finish their Southern conference season today and at nightfall both are expected to be putting in dual claims for the loop

Both are undefeated in loop competition, and it will take upsets of the biggest sort if they are beaten today. The Iron Dukes, about to clinch their fourth crown in five years, play State at Raleigh and Clemson meets Furman at Greenville.
