DONE UP WITH RIBBONS

Frosty Snow of the local golfing set got his name all over the nation last Sunday... Frosty teed off at Greensboro in the golf tournament, got a couple of shots in and—boom!... It started to snow... Snow to Snow... Some fun... Wallace Wade denies that Duke ever had any idea of dropping all sports except football, basketball and baseball from its sports program... Wade says Eddie Brietz was as "accurate as usual"... Eddie broke the story nationally... A number of Athletics were amazed the other day when some White Sox players traveled 40 miles to see the Mackmen work out... These are troubled times, no telling how far some folks will go for a laugh... A DTH story a couple of days ago said Paul Severin would not play golf this year because he did not want to aggravate that old shoulder injury that kept him out of most of the Duke game last fall... Paul is a fine golfer and they wanted him to play in the Greater Greensboro... This may be a state secret but with Dan Desich back out for football, Ray Wolf has moved Dick White to guard and is using Desperate Dan at tackle... If Desich plays next fall, the Tar Heels will have their heaviest line since Wolf took over.

bested Carolina for second, Hoffman, Morrison, French and March forming the Tar Heel team.

Duke showed an unexpected amount of power in the sprints and sped away with the 440-yard relay ahead of Alabama and Carolina. Werner Brown and Ernie Vail, sophomore lead-off and anchor men, led the Devil performances with Sargeant and Spence running second and third. Carolina's team was Billy Groves, Phil Haigh, Jennings and March.

The Tar Heels did as well in the individual events as last year although the field was drenched by rain all morning and conditions were only fair for running events and very poor for field events. March ran the high hurdles for the first time in a year and placed second to Morgan of Auburn, whose time of :15.2 tied the meet record. Pat Patterson tied with the same Morgan and Rayburn of Florida for second place in the high jump, clearing 5 feet 9 1/2 inches. The event was won by Horn of Alabama at 6 feet 3 1/2 inches for a new meet record.

Other events:
100-yard dash—Dickinson (Auburn) first; Kearney (Florida) second; Beals (Ga. Tech) third. Time—:10.1.

Pole vault—Montfort (Duke), Hall (Auburn) and Rayburn (Florida) tied for first. Height—12' 0".

Shot put—Smith (Florida) first; Bulger (Auburn) second; Lach (Duke) third. Distance—47' 7 1/2". New record.

Discus—Smith (Florida) first; Nania (Duke) second; Lach (Duke) third. Distance—142' 7 1/2". New record.

Broad jump—Dickinson (Auburn) first; Beals (Ga. Tech) second; Rayburn (Florida) third. Distance—21' 8".

Javelin—Salisbury (Georgia) first; Young (Vanderbilt) second; Webb (Ga. Tech) third. Distance—198' 2 1/2". New record.

Nearly Half Of Those Who Have Heard Of It Have Received Unfavorable Impression

Only one half of U. S. collegians report that they know about the American Student Union.

Of those who have heard about it, 48 per cent have received an unfavorable impression of the organization.

At least three out of every ten in that same group believe that the ASU is a front for communists in colleges.

Those are the results of a nationwide study conducted by the Student Opinion Surveys of America, scientific polling organization sponsored by the college press. The DAILY TAR HEEL cooperates by taking personal interviews on the Carolina campus with a carefully-selected cross section of students, as is done in other schools from coast to coast.

Although a majority of those with opinions exonerates the American Student Union, long under fire for its uproarious conventions and alleged Red leadership, this survey reveals that it has undoubtedly succeeded in making a bad name for itself with a large sector of the student population. Slightly over 50 per cent of the men and women attending college, however, declare that they never heard of the ASU. Those who were acquainted with it were asked these questions, and they gave the answers below:

"Are your reactions to this organization (the ASU) favorable, or unfavorable?"

Favorable 52%

Unfavorable 48%

"Do you believe that the American Student Union is a front for communists in colleges?"

Yes 35%

No 65%

Many comments made by the interviewees centered around their belief that the Union itself is not communistic, but some of its leaders may be.

Dean Williams Elected Head Of Delta Sigma Pi

Dean Williams, transfer student from Georgia Evening college, was elected Head Master of the campus Alpha Lambda chapter of the international fraternity of Delta Sigma Pi, professional commerce fraternity, at a recent meeting of the organization to select its officers for the coming year. Other officers elected were "Wimpy" Lewis, Senior Warden, Norman Agnew, Junior Warden; Bill Sasser, treasurer; Rober Matthews, scribe; Billy Gilliam, chancellor; Moyer Mendenhall, historian; and Howard Vick, Delta Sigma correspondent. The chapter plans to hold an informal smoker for the commerce majors on Thursday night at 8 o'clock. At this time the group hopes to acquaint all prospective pledges with the aims and purposes of the fraternity. Short informal talks will be given by Mr. R. C. Wilborn, founder of the local chapter, Professor Gustav Schwenning, Tom Crockett and Dean Williams. All commerce majors are invited to attend.

for the first team duties, but Bill Duke and Brock Lyon should give him some trouble before he becomes a fixture.

Outfielders are few and far between. Roberts, Barrier, Paine, Snell and Miller are about the only men capable of playing first team, and there's not much difference in the playing ability of either of them. They will probably rotate in the outer gardens this spring.

Joe Nelson and Howard Hodges are two bright pitching hopes with Erwin Mack coming in for his share of the glory. They were scheduled to pitch three innings apiece against Wardlaw.

SENIOR JACKETS TO GO ON SALE

Hall In Charge Of '40 Regalia

This year's official senior jacket will go on sale tomorrow, A. C. Hall, chairman of the senior regalia committee announced yesterday. Seniors may either make their purchases at Kenfield's Sport Shop or give their orders to Hall, who will be at the Book Exchange tomorrow afternoon from 2 to 5 o'clock along with the invitation committee.

The jackets, which are actually coat sweaters, are made out of a Du Pont process material, dureen, which is similar to that used for football jerseys. Cut on the same style as numerical sweaters, they are white with the borders and lettering, "U. N. C.—'40," in blue. The jackets are priced at \$2.35 and are on display now at Kenfield's.

"We contacted several important clothing firms all over the country," said Hall, "and finally decided to buy these jackets from the Southern Athletic Equipment company because they could give us the best quality for the best price. All the other firms charged from \$6 to \$12. It has been traditional in the past for all seniors to purchase their class jackets and wear them during the spring quarter, especially during senior week. These jackets are not only practical for school but can also be used after graduation for things like golf and beach wear."

cided by the grand total bouts won in all the fencing throughout the meet.

AWARDS

Handsome, engraved gold and silver medals will be awarded the winners and runners-up on each strip in every weapon, while a trophy will go to a team winner in each weapon. A two-foot tall three-weapon trophy will be carried off by the winning team of the tournament.

The tournament itself will be colorful enough, although simple. It is to be held on one of the busiest week ends of the year at Carolina and although it will share the spotlight with every other spring sport on the docket, it is the biggest such event on the fencing program not only for Carolina but for the entire South.

Grail Is In Money—Exchequer Worley Tells Of Success

Ornated with the sanctified privilege of presenting the only script dances on the campus, the Order of the Grail has been enjoying one of its most successful years, Richard "Fish" Worley, exchequer of the order, announced yesterday.

Since the honorary society has been making tidy profits from its spasmodic Saturday night hops, the Grail this year has taken over the role of one of the campus' major philanthropic organizations. As is the function of the order, all money which is made from dances is given back to the campus in one way or another.

From receipts of the fall and winter quarters, the Grail has donated \$1617 to various needy causes in the University. Last fall when the sophomores decided to brew custom and hold their dance during the football season, the order loaned the class \$350, which will be repaid with dues for the other school quarters.

For the sturdy band of students who remained after Thanksgiving holidays had depleted the population of Chapel Hill, the Grail once more became a benevolent benefactor and contributed \$18 to Graham Memorial for a special dance. Fifty dollars each was given to the CPU, the IRC, the Glee Club, and the University club, for programs which these organizations presented during the year.

When the call for funds for various Grail has stood as a steady source of revenue. Ten dollars worth of dimes were shipped off to Washington to bolster President Roosevelt's Paralysis Fund. When Horace Richter began his drive to secure better lights for the library, he was working with the Grail's financial backing.

The culmination of the order's philanthropic activities came last quarter, when a \$1,000 Bernard-Grail Scholarship fund was set-up to aid needy students in making their way through the University.

According to Exchequer Worley, the Grail will continue to give financial support to campus functions, this quarter, if profitable dances are still being run. The first hop of the quarter is scheduled for April 6.

Fraternity house presidents at Oregon State College recently voted overwhelmingly to continue the current ban on corsages at their formal dances.

Spencer Residents Will Give Supper, Card Dance Friday

The residents of Spencer dormitory will give a card dance and buffet supper in the Shack Friday night at which time Charlie Wood and his orchestra will play.

The dance will begin at 9 o'clock and will end at 12 when the supper will begin. Bobbie Winton is chairman of the committee which is planning the dance and those serving on the committee are Frances Sparks and Louise Jordan.

against one loss last spring, has been much faster than he was at any time last year. He is the most experienced and craftiest pitcher on the staff. His chief weakness last year was weakening in the late innings, but he went almost nine full innings in football weather against Maryland.

Claude Myers, smallest and most adroit of Hearn's big three behind the bat, will start at catcher. By Reynolds will work at first base. Chollie Rich at third. Co-captains George Stirnweiss and Matty Hopkins round out the infield. Hal Jennings, Jim Mallory and Al Mathes will work in the starting outfield.

The fear that Harvard would have to recruit the nine most healthiest invalids for its team have been dispelled by recent word from Cambridge. Latest reports from the sick front say Harvard will be at full strength. Tom Healey will probably start on the mound with Bob Fulton behind the bat. This is the first game on Harvard's Southern trip.

Carolina plays three other games this week. Cornell comes in Tuesday; Michigan, Friday and Washington and Lee, Saturday.
