HOWARD PRESENTS FIVE PROVISIONS OF SENIOR PLANK

UP Candidate Will Stimulate Class Interest

By LOUIS HARRIS

Jimmy Howard, star athlete and Monogram club officer, who is running for rising senior class presidency on the University Party ticket, yesterday released a five-point platform designed to "stimulate Senior class consciousness" throughout the entire year.

His platform follows: "1. In an effort to stimulate "Senior Class Consciousness" during the whole year rather than during only the last two weeks of school, "Saddle Shoe Stomps" should be held by the class during the fall and winter quarters. These highly informal dances would go far toward making the class better acquainted with each other, and would accomplish that end at times when no other senior class activities usually occur. This program should be climaxed in the spring with a Grand Saddle Shoe Stomperino.

HONOR SYSTEM

"2. The principles underlying the Honor System and the Campus Code are part of the heritage to every Senior class, and it is the duty of our

Students Favor Continuing Parts Of New Deal Policies

Civil Conservation Corps, Social Security, Are Among Those Mentioned

Whether the Democrats or the Republicans win the elections in November, almost all college students believe that there are parts of the New Deal that should be continued.

The Civil Conservation Corps, the National Youth Administration, the Works Progress Administration, and social security are the most popular agencies among collegians, it is pointed out by the latest sampling conducted by the Student Opinion Surveys of America.

IMPORTANT OPINION

College students of today will to a great extent fill the positions of importance and influence when they become established in the nation. Most of America's molders of public opinion will be colleg trained men and women. The Surveys, then, may be pointing to new trends in U. S. affairs that may come to full development in a decade or two.

DEBATERS TO VIE WITH WILLIAMS TEAM TONIGHT

Government And Railroads To Be Discussed

Supporting the affirmative side of the query, "Resolved that the railroads should be owned and operated by the federal government," University Debaters Phil Ellis and Thad Moser will engage a Williams college team tonight at 8:30 in Gerrard hall.

Pointing out that the primary aim of all Carolina debates was to provide an interesting discussion for the audience, Walter Kleeman, president of the Debate Council, yesterday urged attendance by the student body. "Williams college has always been noted for its excellent debating squads. With such a timely query to discuss we are hoping for a good debate."

VITAL QUESTION

According to Ellis the railroad question is growing more vital every day. Burton K. Wheeler, possible Democratic nominee for President, and Roosevelt supporter, is strongly in favor of government control.

Both the Carolina debaters are active in campus forensic activities. Ellis, member of the Debate Council, was on the squad which toured the North during the spring holidays and has debated several times here at the Uni-

Money Will Be Contributed To International Student Service In Switzerland

By VIVIAN GILLESPIE

Today is the final day of the drive being conducted by the YM-YWCA to secure \$300 to contribute to a fund being collected throughout the country to aid foreign students in warring countries.

Throughout the three-day drive posters and boxes to receive the donations have been placed in the dormitories and at other strategic places on the campus. A "take a foreign student to supper" drive was held last night; and each student was asked to contribute the sum it would cost him to take a student to dinner. Dr. T. Z. Koo, secretary of the World Student Christian federation, spoke several times in conjunction with the campaign on the conditions of Chinese students who are trying to continue their education despite the war.
