

Shelley Rolfe
ON THE CUFF

BUDGE BUDGE DEPT.
It's been two years now since John Donald Budge, then as now the greatest tennis player of the age, decided that while loving cups, other assorted pieces of crockery and flannel pantied badge wearers were all very nice and in the true, noble spirit of amateur tennis, a man could not eat them. Since food was very important to a growing boy, like our red-headed hero and seven-day wonder, who had to watch his calories, Budge took the first step on the downward path of degradation, signed his name to a professional contract and was paid off in public to the tune of \$75,000. That is the same salary Mr. Roosevelt received last year for being president of the United States.

The war shot hell out of the professional tennis business just as surely as Mr. Budge had done the same for the amateur net swingers through the simple process of being so very good that there was little use of trotting out on the court and trying to match cannon-balls with buckshot. Without a market for his pro play, Mr. Budge, now engaged in the very sordid business of selling sporting goods for a living with muscle-flexing only an incidental, will play Archie Henderson this afternoon at the tennis courts in an exhibition match.

Mr. Budge will probably annihilate Archie Henderson is a brilliant tennis performer—but it is alleged with all kinds of authority that even William A. Tilden III would have had difficulty keeping up with the red-headed beamish boy. Archie is a bright young man in the amateur set, but this is business for Mr. Budge and anyway, Archie hasn't been on the big-time for two summers.

ARCHIE WAS WHIZ

But to keep at the peak in any sport, you have to play every day. Henderson missed all of the big tournaments last summer. He was sick and remained in Chapel Hill working towards his master's degree. Archie spent the past winter afternoons in the Tin Can trading shots with the members of John Kenfield's tennis team, but it takes competition to sharpen a man's game. Henderson has promised to get back on the tennis map this summer and perhaps he should ask Mr. Budge to return some time in September. Budge may have to by then, anyway, just to get some competition.

Don was through Chapel Hill last January when he and Ellsworth Vines were on their triumphal tour of the provinces. The general idea was that the winner would travel through Europe, get to Australia and stick his hands in a pot of gold to the tune of \$25,000—which ain't mean pickings considering the wages you get these days in the cotton fields. The war blotted the thing out as has been hinted.

Budge And Henderson Play At 3

Frosh Nine Slugs To Beat Louisburg; Netmen Lead In Tournament Play

TEMPORARY SEATS PUT UP FOR LARGE CROWD EXPECTED

HOME TEAM WINS BY 10-8 SCORE

By HARRY HOLLINGSWORTH

Somebody must have made a mistake and forgotten to tell Louisburg college's baseball team that the Carolina frosh had a good team, for the Louisburg team went to work on the frosh pitchers and had a 6-1 lead before the Tar Babies woke up to the fact that there was a ball game in progress and managed to score a 10-8 win over the junior college team yesterday afternoon at Emerson field.

The frosh team went through almost the same actions as in the State game, but instead of making its mistakes in the first inning, made them in the third. Louisburg put together three singles, a base on balls, a stolen base, an error and a hit batsman to score four runs almost before the frosh could collect their wits.

But the Louisburg scoring gave the frosh ideas of their own and they went to work on Ed Kimball, the Junior college starting hurler, in the fourth. They were then behind 6-1 in the scoring. Cam Roberts poked a hit through first and second that rolled to the fence for a triple. Bob Saunders followed up with another triple, after Roberts had scored on a passed ball, into left field that stopped rolling when it hit the fence. Bill Honan, in the

Linksmen Tee Off At Athens In Annual Southern Tourney

Carolina Four Out To Dethrone Dukes

ATHENS, April 10 — Carolina's golfing contingent arrived here today and began planning ways and means of grabbing links honors in the Southern Intercollegiate golf tournament which is holding its annual session here beginning tomorrow and running through Saturday.

A letter quartet of Frosty Snow, Charles Diffendal, Neal Herring and Hudson Boyd holds the answer to Coach Chuck Erickson's dream of golfing fame for his linksmen. These four stalwarts carried the major part of the burden last spring when the Tar Heels went through a tough slate like a house afire, murdering all opposition save Duke.

EXPERIENCE

Although Carolina gained little in the way of spoils last season, the experience should stand them in good stead, and some hot scores by the "Big Four" wouldn't be unexpected. All four of these players have led the way in practice rounds conducted at the home Hillandale course, and that, together with their previous record, has led Coach Erickson to believe that the boys have "arrived." Charlie Diffendal went over the Hillandale layout in par—71, while Frosty Snow, the only Carolina performer to survive the first day of tourney play last spring, was close behind.

Trackmen Other Than Placers Last Weekend Now Have Their Chance

Tar Heel track fans saw their old reliables come through last Saturday to help in the defeat of Princeton, but it is probable that few onlookers noticed how close other Carolina middle distance men finished in their events.

Princeton swept all three places in the quarter mile, but Jim Davis and Dave Morrison in the half, Tom Crockett and Jim Vawter in the two mile, and Davis and Crockett together in the mile outscoored their Tiger opponents 22-5 in the three longer running events. Since Davis and Crockett, seniors, Morrison, a junior, and Vawter, a second-year man, were consistently dependable last year, the coaches are watching the runners-up who were almost in the scoring.

Davis, Princeton's Eddie Burrows and Morrison ran away from the half-mile field, Davis' time being 1:55.6—splendid for the first meet of the season. Less than a stride separated these three, and close behind were Mike Wise and Johnny French, 880 men who are looked to in the future. Davis will probably be running only the mile later in the season, and Morrison, the only other monogrammed 880 man, and Wise and French will be counted on for other places.

Davis had a double portion of work last weekend, as did Crockett, but it is likely that when Holt Allen, Henry Branch, Bill Gordon or Jim Toy are ready, Davis will run only the mile. Allen and Branch are cross-country lettermen, and Gordon has won awards in both cross country and track.

Crockett and Vawter may have been

(Continued on page 6 column 6)

Frosh Intrasquad Meet Scheduled Tomorrow

Carolina's frosh trackmen will participate tomorrow in an intersquad meet in order for the coaches to see exactly what they have. Regular distances will be run in only two events—the 100—and 220-yard dashes. Other track events are 70-yard high hurdles, 120-yard low hurdles, 330-yard run, 660-yard run, three-quarter mile run, and mile and a half. Each contestant will be given six tries in the shot put, discus, javelin and broad jump, and the pole vault and high jump will be conducted in ordinary fashion.

LACROSSE TEAM APPEARS READY FOR DUKE OPENER

When Carolina's Lacrosse Indians tangle with Coach W. H. Person's Duke Blue Devils in Durham Saturday, the Indians will be out to open their 1940 Dixie League schedule with a victory. Carolina's Coach Al Cornsweet has been scrimmaging his charges at a fast clip for the past two weeks, and the big fellows appear as though they could give any team in the league quite a tussle, including last year's co-champion Blue Devils.

With only Co-Captain Fred Berdan missing from yesterday's stiff workout due to illness, the boys banged each other around in grand fashion during the hour-long scrimmage session. Beers, Finkel and Clark were all over the field, fighting for the ball almost constantly. Bruised thighs and skinned knees were much in evidence, as the Indians were quite intent upon demonstrating their individual wares for Coach Cornsweet's benefit. Notwithstanding the fact that they have been out only a few days, Dan Desich and Al Remy were in the center of most of the afternoon activities. Both men whacked away with the big sticks in the accepted manner, and proved that they would have to be reckoned with when the starting

HENDERSON WINS IN FOURTH ROUND

More action in the North-South tennis tournament, supposed to be at Pinehurst but held yesterday in three or four different places, gave further strength to the belief that Carolina was still the best bet for champions in both singles and doubles.

Most of the second round matches between Carolina players were held here yesterday, and the favorites again came through. Remaining in the tourney for Carolina are Archie Henderson, Charlie Rider, Harris Everett, Ham Anthony, Zan Carver, and a few others not regular members of Kenfield's team.

In the first and only fourth round match yesterday, Henderson licked Meserole 6-4, 6-1. Walt is still left for participation in doubles, however.

For the first time in history a coed went to the tourney for Carolina. Eleanor Stroud lost to Alice McDonald, the Chicago player, 6-2, 6-2.

Over half of the original entry list of players was from Carolina, and the proportion remaining is still heavily in favor of the Tar Heels.

Finals will be played Saturday, and results to date indicate the singles crown, now worn by Charlie Rider, will probably lie between Archie Henderson and Martin Buxby, Miami sensation. Harris Everett is breazing through early competition and will be in the running.

Quarter-finals will be played this
