

Frosh Mermen Clocked In Fast Trials

While Carolina's Blue Dolphins were going about thoroughly licking William and Mary Thursday afternoon, 53-22, four Tar Baby performers swam exhibition relays that gave the spectators something to talk about besides the superiority of Carolina over W & M.

Three of them, Denman Hammond, Ed Shumate and Jack Eshelman, bettered the pool record for the 150-meter medley relay and they added a fourth member, Dudley Martin, and proceeded to better the freshman record for the 200-meter free style relay.

Of that group, without a doubt, Hammond is the best prospect and promises to be a standout frosh performer this season. From Charlotte, he prepped at Darlington and placed fifth in the National interscholastic meet last summer in the 100-yard backstroke and 50-yard free style. He is a consistent 1:06 performer in the backstroke and swims a fair individual medley.

Best Sprinter

Called the best freshman sprint prospect in the past two years, Eshelman will see plenty of competition on the frosh squad this season and will be a welcome member to the varsity team next year. Jack's top performance has been a 57-second 100-yard free style race. He prepped at Exeter.

A product of Goldsboro, a school known all over the state for its fine swimming teams, Ed Shumate is most valuable to the frosh team for his work on the medley relay team. A consistent performer in each of the three strokes, he will swim breaststroke and free style for the Baby Dolphins, since Hammond has the backstroke event pretty well under control.

Martin, from Jersey City, N. J., has developed much this fall and should be a top-notch performer before the season is over.

Gregory Schultz handles the diving chores for the freshman team and looks to be a fine board man. He placed third in the Ohio interscholastic diving championships, last summer and licked Don Nicholson and John Feuchtenberger, varsity divers, in the varsity-frosh Fish Bowl meet last week. His optional dives fall a little below the high standard he maintains on his required dives.

Other men out for the freshman team showing promise of developing are Henry Ortland, Bob Pilling, Justin Lippman and Arthur Henderson, free stylists; Bob Schwartz and Caldwell Ward, breaststrokers; and Al Warshauer, backstroke.

The freshman team opens its schedule January 18 here with Staunton military academy.

EARL RUTH, one-time star performer on the court for the White Phantoms, will be seen tonight on the Woollen gymnasium floor when he leads the McCrary Eagles against Bill Lange's team at 7:30. Earl is the standout player for the Eagles, a fast semi-pro team.

Ranson Keeps Team At Work

Proving that his promise of hard work was no idle threat, Coach Dale Ranson has kept his indoor track squad so busy this week that one would think the Conference indoor games, and not exams, were starting Monday. For so early in the season, such activity is remarkable but it only goes to prove that Ranson wasn't fooling when he let it be known at the beginning of the indoor workouts that he expected to produce a winning team through work and work alone.

On Monday the balance of the squad took to the boards for a three-quarter mile time trial in which Dave Morrison and Henry Branch posted the exceptional time of 3:23. This, in itself, is encouraging; but when one considers the fact that the slowest time in the entire group was only 14 seconds higher at 3:37, then there is ample cause for pronouncing the work-out satisfactory.

Tuesday saw the squad in a 660 paced time trial and on Thursday the club took two fast quarters. Today the week's work will reach its climax when a dozen candidates take their marks in one of the most important half-mile time trials of the pre-holiday training period. Last week's equivalent trial was run in 2:08, and Ranson expects to pull down the winning time to 2:05 or thereabouts, with the hope that several two-minute halves will be turned in by team members during exam week.

Hockey Final Today

The final hockey game of the season will be played this afternoon at 4 o'clock when Jean Wire's Blue team lines up against Arlene Stanback's Red combination.

Football, Mat Feature Fall Mural Schedule

By Steve Reiss

Overtime games, spectacular runs, pinned shoulders, referees' decisions—they're all a thing of the past. Crowned champions deserted mural fields and final exams have closed the lid on one of the most successful fall mural programs in Carolina's history.

Five team champs have been crowned... Intramural medals dangle on the key chains of the conquerors... Lewis and Kappa Sigma in football... Town and Zeta Psi in wrestling... Ruffin in handball... All have tasted the sweet fruits of victory... But all the honors do not rest with the victors... Many teams and individuals put up gallant battles, but were forced to yield in close decisions...

Tag Football

Tag football started off with a bang... Aycock No. 2 took Mangum, 1939 champs, into town early in the season with a sensational one-point triumph... Kappa Sig, Betas, Sigma Nu, K, Med, and Lewis demonstrated power at outset... Tag football was more unpredictable than collegiate, as Dekes shaded supposedly invincible SAE, '39 frat champs, in overtime... Ruffin piled up season's high with 71-0 win over downtrodden Old West... Sigma Nu, Zetes battled tooth and nail for frat lead... Lewis, Med, K showed way to dorms... Lewis kept rooters' nerves on edge with overtime victories over Manly, Law School, and Aycock, scoring third and final touchdown on Law School with half a minute to play... Aycock beat on a blunder by one of the Aycock players, who intercepted a Lewis-thrown pass on last down in overtime to give winners territorial advantage... Kappa Sigs sagged toward end of season... Barely managed to eke out extra-period win over Zebes, and one touchdown victory over Sigma Chi... But wait till the finals... Betas, greatly underrated, came up fast, led by "Bitsy" Grant... Wilson-to-Nash aerial combination kept Zetes in lead... Rain halted program for full week, piling up games... Zetes' 25-0 pasting of previously unbeaten Sigma Nu... But Kappa Sigs throttled Zete attack in playoffs to earn overtime win, and entered frat finals... Overtime games continued, with K team shading strong Med School in dorm playoffs... Lewis played best game of year when strong line and fast backs sent K down to defeat... Kappa Sig staged first half uprising, then rested during second half to turn back Betas, 14-0... Teams unable to decide on a date, so campus champ is not crowned and debate continues on which was the better team... Familiar green and yellow.

Phantoms Lick Guilford, 51-26, As Glamack Scores 25 Points

By Leonard Lobred

GREENSBORO, Dec. 13—Carolina's White Phantoms left nothing for the Guilford cagers tonight except the joyous dedication of a new gymnasium and a homecoming of former Quaker stars.

Led by George Glamack who maintained his average of 25 points, the Tar Heels went on their first scoring spree this year and racked up a 51-26 victory.

There was never any doubt that Carolina would win once the ball game got underway. Guilford had scrimmaged only five days in its new gym, and was handicapped, as was Carolina, by a new, ultra-modern type of backboard—without corners and curved at the top.

Poor lighting didn't keep Glamack from sinking his bucket shots with amazing regularity, however. The other Phantoms contributed to the scoring with usual consistency. The greatest feature of their play, though, was steadiness on the court—at defense if not at holding the ball once it was gained.

Rick Ferrell, major league baseball backstopper and star athlete for Guilford, was introduced during the half.

Carolina plays the McCrary Eagles tonight in Woollen gymnasium at 7:30.

with other Quaker standouts as one of the members of the 1925-'28 quintets. Dr. A. J. Newlin made introductions.

Coach Bill Lange used everyone he brought here for the game, and all contributed towards either taking the ball away from the Quakers or in feeding it in to Glamack.

Glamack, Julian Smith, Jimmy Howard and Hank Pessar put Carolina in the lead at the start with goals from mid-court, and alternated with one of two Parker twins in pushing the count to 9-4. Smith, then Glamack on seven successive shots, and George Paine pushed the count to 26-13 while the Quakers popped in goals at intervals. That was the half-time score.

Guilford counted seven points at the start of the second half before Carolina began rolling again. Chuck Harnden went in for Glamack not half-

WE'VE RUN George Glamack's picture before this year on this page, but any time a man scores 25 points in a basketball game he deserves it. And especially last night in Greensboro was George hot. Sinking baskets from every point on the floor, he missed his all-time high of 28 points by three markers.

Goold Takes Tennis Title

Katherine Goold, playing a powerful and consistent game, became University coed champion when she won over Mary McCormick this week, 3-1, 3-1, in the coed tennis tourney.

The closeness of the match was not revealed by the scores. The contestants were nearly evenly matched, but Miss Goold had a slight edge over Miss McCormick with her strong backhand and smashing serve.

Peculiar Score Explained

The peculiar score was the result of a decision made by Mrs. J. G. Beard, director of women's sports, and the coed athletic council. It was decided to have the coeds play three out of five games in two out of three sets, in order to cut down playing time.

In order to qualify for the finals, See TENNIS, page 4.

Conference Conclave Will Act on GW Petition Today

By Harry Hollingsworth

Consideration of George Washington university for membership in the Southern conference, proposal of a seven-year eligibility rule and a discussion of a new booking agency for conference officials are expected to be the main business in the annual meeting of the Southern conference today in Charlotte.

George Washington, which has been attempting to get into the conference since University of Virginia dropped out in 1936, supposedly because of opposition to the Graham Plan, will be proposed for membership by the University of Maryland, conference school situated a few miles from GW.

Coach Rex Enright of the University of South Carolina is expected to propose that the conference boost football officiating fees to the central booking office at Lake Wales, Florida, from \$100 to \$250. Enright believes that by increasing the payment for football officiating services the conference will have better officiating next season.

Eligibility Rule

State college will probably propose that time of eligible participation in athletic events for those athletes whose careers are interrupted by emergency military service be extended to seven years. At present the conference allows an athlete to participate in one year of freshman athletics and three years of varsity play. The period of eligibility extends over five years.

Other proposals, which will be of a routine nature, will include one by the University of Maryland to the effect that the Conference cross country meet be held on the third Monday in November instead of the Saturday before Thanksgiving. Heretofore, the conference harrier meet has interfered with major loop football games. The See CONFERENCE, page 4.

Coed Equipment Due Before Next Tuesday

All coeds who have lockers in Woollen gymnasium must check out before Tuesday, December 17, Mrs. J. G. Beard, director of women's sports, announced yesterday.

A charge will be made for all equipment not checked in.

Four hundred University of Michigan students are housed in the university's new east quadrangle of residence halls.
