

Draft Board Threatens Actor of 'Iolanthe' Show

By Larry Dale

A New York City draft board has sent out a call for one of the leading characters of "Iolanthe," first of the winter quarter Student Entertainment programs, adding something new to the list of worries that beset Gilbert and Sullivan directors.

Arthur Conescu, who plays the part of the Lord High Chancellor in the annual musical, left last night to appear for a special hearing with an advisory board in New York tonight. His draft board notified him last Friday that he was to be inducted on February 2. The Lord High Chancellor put in a trying weekend trying to straighten things out with the home office so that he might be deferred until after the production of "Iolanthe" on February 5 and 6. He called his home on Friday, again on Saturday, still again on Tuesday, and later

on the same day his father called him back and stated that he would have to appear for a special hearing tonight in New York.

Conescu said, "I hope I'll be back . . . I'll even do the show for them if necessary to convince them I should be deferred to be in it." He stated that even if he was not deferred and was inducted on February 2 he could be back by Wednesday in time for the show on Friday and Saturday nights—providing he didn't miss too many rehearsals. If he is not inducted he plans to return by Sunday.

Foster Fitz-Simons, director of the production, has not yet decided whether he will replace Conescu with Russell Rogers, but at present Rogers is rehearsing the part in preparation for taking over if Arthur Conescu is absent.

Coeds Propose New Amendment

In a coed senate meeting held Wednesday afternoon in the Horace Williams lounge of Graham Memorial Jean Lockridge, newly elected senator, proposed that article eleven, section two of the Woman's Government constitution be amended to read as follows: "Amendments to the constitution may be passed by vote of 15% of the coed student body." As the constitution now stands amendments may be proposed by a petition signed by 5% of the coed student body, or by three members of the senate, but amendments may be passed only by a three-fourths vote of the fifteen senators.

Speaker Buice stressed that this amendment is necessary in order to avoid a continual change of the document. She pointed out that a constitution is something that should be permanent and free of numerous changes.

This proposed amendment will be voted on in a meeting to be held next Thursday in the Horace Williams lounge.

A suggestion was made that the senate recommend to the Administration that a vocational guidance school be set up in South building for the purpose of aiding coeds seeking jobs. Along with this suggestion a resolution will be sent to Dean House that a vocational guidance office be set up to aid women who are in doubt in picking major subjects.

Denny Hammond, holder of a national backstroke record, and newcomer Larry Johnson will swim in the 150 backstroke event. Steve Sokoloff, outstanding sophomore merman, and Louis Rubinsohn, reserve from last year, will take care of the 200 meter breaststroke and Co-captains Elmore and Mahoney will swim the 440. National Theatre Conference Names Selden as Member

Membership in the National Theatre conference has been awarded to Professor Samuel Selden, associate director of the Carolina Playmakers and instructor in the department of dramatic arts, "in recognition of his distinctive work as director, teacher and author."

Since the conference allows only one member to be selected from any institution or organization, an exception was made to give Selden membership. "Proff" Koch, of the department is also a member of the conference.

Paul Green, president of the National Theatre conference, last year is a member-at-large now, giving the University three faculty members on the group roster.

Another honor was recently given Selden when he was named as one of the 28 men and women in the country contributing significantly to the non-commercial theatre. This honor was the result of a poll conducted by "Atlantic Monthly."

Professor Selden became a member of the University faculty in 1927. He had previously been connected with the Theatre Guild, Greenwich Village theatre, Provincetown Playhouse and other theatrical groups in New York.
