### Firm Action Against USSR Is Demanded

#### Russian Soldiers Retained in Iran

In the capitals of the western powers, diplomats and politicians are demanding firm action against Russia's refusal to withdraw all her troops from Iran. According to a Big Three pact with Iran, all foreign troops were to have been withdrawn by tonight. American and British troops already have quit the country. But although dispatches from the northern area of Iran, report that the Russians are moving out of the capital, garrisons of the Red army still remain elsewhere in the strife-torn country.

In London, Foreign Secretary Ernest Bevin has cut short his vacation to draft personally a protest to Russia. The official announcement of the protest probably will be made in two or three days. Here at home Chairman Tom Connally of the Senate Foreign Relations Committee has demanded that the Russians withdraw. And Connally predicts that the question may be brought up at the next meeting of the UNO Security Council, scheduled for March 21 in New York.

#### Key Argentine State Taken by Tamborini

Buenos Aires, March 2—Democratic presidential candidate Doctor Jose Tamborini went into the lead today over his rival, Colonel Peron, in the key state of Santa Fe which with its 42 electoral votes is the third largest in Argentina.

He still was running behind Peron in the country as a whole.

#### Greenwich Votes 2-1 Against UNO Choice

Greenwich, Conn., March 2—Residents of Greenwich, Conn., have voted two to one in opposition to the United Nations Organization's choice of their locality as the permanent home of the UNO. The vote was some 5,000 against 2,000. Though the decision carries no legal effectiveness, it's expected that the UNO will consider it very seriously. Doctor Stoyan Gavrilovich, the chairman of the site committee, is due to arrive in New York by plane tomorrow.

#### GM Strikers Propose Arbitration Method

Detroit, March 2—Delegates of 175-thousand General Motors strikers tonight proposed to the corporation that a presidentially-appointed arbitrator be named to iron out the differences in the present stalemate. They agree to send the men back to work if G-M accepts the idea of an arbitrator whose decision would be binding on both parties. The union members would return to work under the terms of the latest company offer—and 18 and a half cents an hour increase. The conference warned that rejection of the arbitration offer would bring an intensification of the union's pressure.

No deadline has been set for a General Motors reply. But a company spokesman says it is very unlikely the company will answer the arbitration proposal tonight. The new development came shortly after G-M vice president Harry Anderson charged that union policies were stalling a strike settlement and that he did not believe the strike would end before the National UAW convention March 23rd.

## Carr, Smith Dorms Retained For Coeds

### House Reverses Previous Decision; Move Is in Line with Enrollment Policy

By Mary Hill Gaston

Decision to retain both Carr and Smith as women's dormitories next year was announced by Chancellor R. B. House yesterday. This move comes as a reversal of a previous decision to return Carr to men students after the summer term and will mean that more coeds will be admitted in the fall.

Previous estimates had placed the enrollment of new coeds for 1946-47 at approximately 125. The replacement of Carr on the list of women's dorms will raise the total to around 175, it is estimated in South Building.

#### Room Readjustments

For the past two years Carr has housed around 90 girls, but readjustments in room assignments over the campus will prevent admission of an additional 90 girls, as the return of Carr would seem to indicate.

Authorization from the Board of Trustees for construction of five new dormitories here, all of which will probably go for men students, made possible the allocation of Carr and Smith for women.

The newly-announced move is in line with the policy announced several weeks ago by President Frank P. Graham to keep future enrollment of coeds at the present level. Registration figures for this term reveal a total of 1,056 women now enrolled at Carolina.

Announcement that the two dorms will house women students next year is not by any means intended to encourage further applications for admission from women in the state. Enough applications are already on file to take up for more than the additional space, according to Admission Officer W. H. Plemmons, who also says there is absolutely no need for out-of-state women to even consider admission.

#### Labor Union Subject Of THIPA Forum Today

Today's THIPA forum will feature a discussion on the incorporation of labor unions. Participating in the discussion will be Dick Koral and Garrick Fullerton, with David Burnet as moderator. Koral is a member of CPU and the Southern Conference for Human Welfare. Fullerton is also a member of the Southern Conference.

The Forum is broadcast at 2:00 p.m. today over Station WBBB in Burlington.

#### Tar Heel Staff Meeting

The Tar Heel Staff will hold a supper meeting tomorrow night at 6 o'clock in the small dining room of the Carolina Inn Cafeteria.

Two Navy instructors, Robert L. Dabney and Charles C. Roberts, Jr., were recently promoted to the rank of lieutenant commander in the Naval ROTC unit here.

The ADPi sorority will entertain the KAs at a party tonight from 5:30 until 7:30 p. m.

## Brinkley Quits IFC Presidency

### New Officer Slate Scheduled March 11

Walt Brinkley, president of interfraternity council, has announced his resignation due to graduation at the end of this term. The new president, and possibly a full slate of officers, according to the interpretation given the interfraternity council constitution, will be elected at the regular meeting Monday, March 11.

Tomorrow night there will be a special meeting of the IFC and the faculty committee on fraternities.

At the last council meeting the group voted to urge the defeat of a bill now in student legislature which would prohibit the pledging of a man until the end of his first quarter in school. The council based its decision on the grounds that it would place undue restriction on what the council feels is its field of jurisdiction.

An amendment to the constitution which proposed that infraction of the rushing rules would be tried by the entire council acting as a court instead of a special judicial group was passed by a majority but lost for lack of the necessary 2/3 vote.

Now under consideration in individual chapters is an addition to the constitution which would require a pledge to have at least 25 academic hours with grades of C or above before initiation.

## Schinhan Presents Organ Program Tuesday Night

Dr. Jan Philip Schinhan of the music department will present an organ recital Tuesday evening at 8:30 o'clock in Hill Music Hall.

His varied program will include two choral preludes by Bach, "Jesus Suffers Pain and Death," somewhat like an Oriental melody, and "Christ Is Risen," simple and hymn-like but yet contrapuntal in style. Other Bach compositions which will be played are a cantilena, "Air" from "Suite in D," which was not originally for organ, and "Fugue in G Major," a jolly number.

Three sonatas for organ and string orchestra by Mozart will be presented by Dr. Schinhan. This is the first time these numbers have been presented in Chapel Hill.

Assisting Dr. Schinhan Tuesday night will be violinists Willis C. Gates, Grace H. Gates, David McAdams and Mary Stringfield. James Andrews and Glen Haydon will play violas, and Emily Porter and Nellie Waltner will perform on the cello and double bass.

DR. CLARK FOREMAN

## Dr. Foreman, Welfare Head, Talks Tonight

### Leader to Discuss Southern Politics

Dr. Clark Foreman, president of the Southern Conference for Human Welfare, will address a meeting of the Carolina Political Union in Graham Memorial tonight at 7:45 p. m. on the subject "Southern Politics in Washington."

Blount Stewart, chairman of the UNC chapter of the SCHW, will introduce the speaker.

The SCHW grew as an answer to a report of the National Emergency Council which caused the late President Roosevelt to call the South the "nation's number one economic problem." Foreman was then state director for Georgia of the NEC and was the initiator and editor of that report.

#### Leads Tax Fight

Foreman believes that the progressive minded Southerners have often been double-crossed by the leaders in Washington. Under his direction a fight to abolish the poll tax has been waged. Foreman served ex-Secretary of the Interior Ickes as an advisor on race problems and has directed various agencies in Washington from 1935 until he was elected president of SCHW in 1942.

Foreman's address will be the third in the CPU's current speaker presentation. Others have been Governor Ellis Arnall of Georgia and J. B. Slack, Regional Director of the FSA.

The public is invited.

## Government May Kill Fact-Finding Board

Washington, D. C., Feb. 23—The federal government seems ready to discard the fact-finding method of settling the nation's labor disputes—mainly because the system hasn't worked anywhere. This development came as a government fact-finding panel tonight recommended a 14 per cent wage increase for four thousand Greyhound bus drivers in 18 northeastern states. The bus panel was the sixth and last of those appointed. If its recommendations are not accepted, the drivers may resume their 64-day strike which ended temporarily on January 4th.

## New Schedules Are Available Here Monday

### Preparations Made For Registration

Class schedules for the spring quarter will be available tomorrow afternoon at the information desk in South Building, Central Records Director Edwin S. Lanier stated yesterday.

Study of the schedules prior to conferences with advisors and departmental heads will be the first step in the new pre-registration plan. Mr. Lanier says all department heads are cooperating fully in making necessary preparations for the March 6-16 registration, and approximately 1,200 students cleared physical examinations in the infirmary Friday and Saturday.

#### New Plan Simple

The new plans, according to Mr. Lanier, should prove much simpler and easier for both faculty and students. One of its most popular advantages will be five-day spring holiday following examinations March 18-20. Classes for the spring quarter will start Monday, March 25.

Dean of the General College C. P. Spruill yesterday urged all freshmen and sophomores to make appointments with their advisors at the information desk in South Building daily from 9 to 12:30 and from 2 until 5. Students are requested to keep them faithfully so as to avoid standing in line.
