Reds in Iran Send No Report To UN Council

Tehran Believes Soviets Have Left

He has promised newsmen that any such report, from either country, would be made public immediately. The council has set midnight tonight as the deadline for the Russians to clear out of Iran.

However, the official government spokesman for Iran, Prince Firouz, hints that a statement on the Soviet army evacuation of Iran may be issued after midnight. Firouz says that so far as he knows the Red army has completed its evacuation of Iran but no official word on the withdrawal has come from Soviet authorities.

Under the direction of the Carolina Independent Coed Association and the Pan-Hellenic Council, the queen and her court, who were chosen from the senior women, will be presented at 5 o'clock in the Forest Theatre.

For the entertainment of the queen and her company, a pageant, "Rip Van Winkle's Dream", will be produced. Coeds Change Weekend Rules

Information Cards To Be Filled Out

At a recent meeting of the coed inter-dormitory Council a new system of signing out for the weekend was adopted. Under the new plan coeds will fill out a card including her name, destination, address, time leaving, time of return and the name of the person who gave her permission to leave for the weekend.

These cards are now being printed and will be given out to the coed dormitories during the week. This new system will not go into effect until the coeds are notified in their house meetings.

Also at the meeting the council made a bill which has been sent to the coed senate for ratification. This bill includes the regulations for the summer session. The only regulation which will be different in the summer session is that coeds may stay out until 12 midnight on the weekends instead of one o'clock.

Orange Selective Service Rejects Almost 50 Per Cent

Orange is considered an average North Carolina county, excluding the 10 most populous ones, and its record of rejections by the State Selective Service is a shocking one—42.3 per cent turned down "on the basis of some sort of mental diagnosis."

And this on top of the fact that Chapel Hill, largest town in Orange county, has more educated people, both white and Negro, the statisticians say, than any town of its size in the country!

About Average

It thus appears that North Carolina has a bad record for rejections based on mental diagnosis, but the record probably is not worse than that of the average Southern state in this respect, George H. Lawrence,
