Bauder Elected

Fred Bauder, ROTC representative to the legislature was elected to succeed Hester and a new elections committee was appointed by Speaker Hunt to work with him in conducting this months elections.

The motion to postpone elections was made by Jim Taylor, who contended that postponment was necessary because the elections committee, the political parties, and the students in general were not prepared for election on the 14th.

Against Postponing

Bob Stockton and Jack Lackey spoke against postponement claiming that the elections had been delayed too many times already and that the incoming student officers should have as long a time as possible to become acquainted with their duties before the end of the present term. Allan Pannill stated that postponment of the elections at this time was a farce and would make student government look more See LEGISLATURE, Page 4
