

## Interfraternity Council Visiting Agreement

The privilege of entertaining unchaperoned women student visitors in fraternity houses is based upon the acceptance of certain basic standards. This acceptance is made in the form of a pledge to uphold these standards, and the pledge is binding on the fraternity that gives it and on every individual member of that fraternity.

An interfraternal problem, such as a program of visiting, comes within the jurisdiction of the Interfraternity Council. Therefore, it devolves upon the Interfraternity Council to assume the responsibility for the program of unchaperoned visiting and guarantee the environment of a gracious home for women student visitors.

The Interfraternity Council accepts the responsibility for the entire visiting program and with that responsibility it takes upon itself the duty to administer and enforce the agreement that all fraternities have pledged to uphold. The assumption of responsibility is not taken lightly by this Council and the following agreement will be administered and enforced in such a manner as to fulfill the obligations we have accepted.

The fundamental standards for fraternities, governing conduct in the presence of women student visitors, are:—

1. Women students may be entertained only in the social rooms approved by the Interfraternity Council Executive Committee.
2. Approved houses shall be open to women students from 12 o'clock noon until the dormitory closing time for women.
3. There shall be no consumption of alcoholic beverages in the presence of, or by, women students in the house or on the premises of any fraternity.

A. Every fraternity member shall be bound to uphold his part in the commitment of his fraternity. Every fraternity member shall be required to prevent the occurrence of violations on the property of his fraternity. Every fraternity member shall be required to report violations to the President of Interfraternity Council within 48 hours. The fraternity president and Interfraternity Council representative may act as liaison with the President of Interfraternity Council for reporting violations, but under no circumstances shall they be considered solely responsible for reporting.

The individual fraternity is responsible for the conduct of all visitors on its property. The term "visitors" is all-inclusive.

B. As an essential part of the visiting program, every woman student is bound under the Women's Council to uphold her part of the agreement and to prevent, or report, violations. Women students shall report violations to the Chairman of Women's Council. Women students involved in violations reported to the President of Interfraternity Council shall be referred to Women's Council automatically.

C. Violations of this agreement will be tried before the Court of Interfraternity Council. Any fraternity found guilty of violating the agreement shall be punished by suspension of visiting privileges for an indefinite period of time. Other additional penalties may be imposed by the Council.

D. When this agreement has been approved, every fraternity that desires women student visiting privileges shall post a fifty dollar (\$50) bond with the Treasurer of Interfraternity Council, if it has not already done so with the Treasurer of House Privileges Board under the old agreement.

E. This agreement should be returned not later than 6:00 o'clock, tomorrow evening, October 3, to Whit Osgood, President of Interfraternity Council, Sigma Nu House. Failure to do so will signify rejection of the agreement.

F. It is the duty of every fraternity president to familiarize the members of his chapter with the provisions of this agreement and to secure their acceptance of responsible participation in the program. The signature of the president indicates that the agreement has been discussed carefully in chapter meeting and accepted with all its privileges and obligations.
