Yugoslavs Pay Survivors Of Downed Fliers

\$150,000 Indemnity Is Paid to Families

Belgrade, Oct. 9 —(UP)—Yugoslavia today agreed to pay \$150,000 indemnity for the lives of the five American fliers shot down in August—substantially what the United States had asked for each of the fliers shot down. The families of the aviators will receive \$30,000, at the request of Marshal Tito's government. Meanwhile the United States will continue to press for payment for the two C-47 transports destroyed over Yugoslavia. The figure is reportedly \$100,000 each. So far the Yugoslavs have refused to pay further indemnity.

Tito Rebuffed on Trieste

At the Peace Conference, the voting on the political clauses of the Italian treaty is continuing tonight. But it's evident that the western allies will have their way right down the line. Under votes already taken, Yugoslavia is obliged to grant fundamental freedom to people in territories she receives from Italy. And the plan for a strong governor of the territory of Trieste, supported by the western allies and opposed by Yugoslavia, has been approved by the commission.

Final Ruling Expected On Nuernberg Appeals

Berlin, Oct. 9—(UP)—The Allied Control Council is expected to complete consideration of the 16 appeals filed by the Nuernberg defendants tomorrow afternoon. Unofficial sources report, without confirmation, that Hermann Goering had asked merely to be shot instead of hanged next Monday.

The British zone of occupation has had its biggest mass execution since the Nazi capitulation. 16 German war criminals—convicted of slaughtering 40,000 concentration camp inmates—were secretly hanged yesterday.

Rome Riot Casualties May Reach 15 Killed

Rome, Oct. 9—(UP)—Reports on the casualties in today's Rome riots differ widely. Hours after the bloody battle, an official government statement said one person was dead, but an earlier release from the same office said at least 15 had been killed and more than 100 wounded. An independent check of hospitals bears out the statement that 15 died. Hospital attendants add that many of the wounded are in critical condition. The wild uprising began when some 30,000 demonstrators stormed the government offices to protest the unemployment situation.

Parley Sets No Limit On Trieste Occupation

BULLETIN

Paris, Oct. 9—(UP)—The 21-nation Paris Peace Conference has approved a completed treaty draft which set Italian reparations at \$325 million. It also gave Italy one third of the Istrian peninsula and made the governor of Trieste responsible to the United Nations Security Council.

Paris, Oct. 9 —(UP)—The Paris Peace Conference has turned down a Russian demand that a specific and early date be set for the withdrawal of American and British troops from the Trieste area. The conference, voting one by one on the 80 sections of the Italy treaty draft, also approved the Big Four compromise boundary line between Italy and Italy, ignoring a Yugoslav threat to refuse to sign the treaty unless certain frontier demands were met.

G.B.S. SLIGHTLY INJURED

London, Oct. 9 — (UP)—Playwright George Bernard Shaw was slightly injured in a fall at his home today. But the author says it's not too serious. Only recently he celebrated his 90th birthday in seclusion.

UNC Officials Say Grill Is Not Needed South Building Says Union Cafeteria Was Never Self-Supporting Project

By Roy C. Moose

In reply to student queries concerning the possibility of locating a grill and sandwich shop in the basement of Graham Memorial, University officials stated that "such a project was never self-supporting in the past and that there seems to be no evidence that demands for it would make it self-supporting in the future."

Recalling the days when a grill was open there during the war, officials denied that the grill was practical, for "the location is definitely not suited to the making of a grade 'A' cafe and we will not serve students in an unsuitable place."

No Help, Equipment

They further pointed out that the University had no equipment on hand with which to furnish a grill and that the acute shortage of help now being experienced in all other projects would definitely prevent the University from locating any type of eating service in Graham Memorial.

"The eating facilities now open on the campus are adequate for the serving of students who wish to eat here if the students do not all try to eat at the same time. Why, last week-end we were forced to close the Pine Room and Green Room in Lenoir Hall because there were not enough students present to warrant the opening. It must be recognized that a cafeteria has to be run on the

basis of quantity. With the help we must employ to keep open a cafeteria, it would be very easy to go into the red should a sufficient number of customers not show up," explained the officials.

Opened for Civilians

When the Navy took over Lenoir Hall during the war the Graham Memorial Grill was opened to serve the civilian students at the University and was the only place on the campus where those students not in service could eat. However, after Lenoir Hall was returned to the University, the Graham Memorial Grill was closed. Since that time there have been many attempts on the part of students to have the Grill reopened, but University officials maintained that the Grill was not necessary.

In the meantime, the space is serving as the Candlelight Room operated by Martha Rice, Graham Memorial Student Union director. However, as yet the Candlelight Room has not opened for the fall quarter.

First Football Hop Saturday Planned By Monogram Club

The Monogram Club will present the "Football Hop" as its first social event of the year in Woollen Gym this Saturday evening from 9 to 12 o'clock in honor of the Carolina and Maryland football teams. Admission to the informal dance is open to the campus, with script tickets costing one dollar 'stag or drag.' Tickets may be purchased in the Y or from Monogram Club officials.

Roy Cole to Play

The dance, first event sponsored by the Club since its reorganization last fall, will be played by Roy Cole and his orchestra.

In addition to the teams, the coaching staffs of both schools will be special guests at the dance. Monogram Club president Mike Morrow said "We hope to show our visitors from Maryland more hospitality at the dance than our team shows them on the field that afternoon."

Personnel of the Club is composed of all campus athletes who have won varsity athletic awards in both major and minor sports.

Student Family Budget To Be Probed In Survey

All student wives interested in participating in a budget survey are requested to register today and tomorrow on the second floor of the Y building.

This budget analysis, to be conducted by Miss Ruth Lindquist, will make possible a definite comparison between income and expenditures, especially when the family is living on a government subsistence. It will also be used to compare prices here with prices in such cities as Raleigh and Durham.

Utilities Must Be Expanded, Teague Tells UVA Assembly

Veterans May Be Able to Purchase Supplies At Outside Stores If Washington Approves

The fact that UNC's campus utilities are near the breaking point and must be expanded before much other expansion can be completed was strongly emphasized by C. E. Teague, assistant controller and business manager of the University, at the UVA mass meeting Tuesday evening. He appeared with Chancellor Robert B. House, Veterans Adviser F. C. Shepard, and H. H. Ritchie, Book Exchange manager, at an open question-and-answer session.

"For example," said Teague, "a long dry spell, epidemic, or big fire would tax our filter plant sorely." He indicated that any further expansion of the school at Chapel Hill would require a two-million dollar water purification plant. As for the permanent improvement program outlined in the recent biennial appropriation request, he declared that "we don't know just how big this University is going to get," adding that the administration's estimates were "conservatively" placed over 6000. He said he was confident that "the state legislature will give us a reasonable amount."

One ex-serviceman asked why the University was considering "long-range" improvements when veterans were at present living in trailers and huts and cities as far distant as Greensboro. In reply Teague declared that projects like Victory Village showed that the immediate needs were being kept in mind, despite the emphasis on permanent improvements.

"I think the state is wise," interjected Chancellor House, "in thinking more of permanent building." Whether students live in trailers or dorms, he added, "the fundamental idea is education."

Veterans Adviser Shepard, third speaker on the UVA program, indicated that, despite a UP dispatch predicting a delay of the next subsistence checks, ex-servicemen here would probably receive their payments on time. "The North Carolina Veterans administration office," said Shepard, "is more efficient than normal. I think they'll come through."

Hope that the Book Exchange monopoly on veterans' government-supplied classroom materials would end, See UTILITIES, page 4.

Devan Barbour, head cheerleader, top, and Mike Morrow, University club president, bottom, will direct tomorrow evening's "Beat Maryland" pep rally.

Friday's Pep Rally Will Form at YMCA No Torchlight Yet

By Sam Whitehall

The season's second gala pep rally will get underway tomorrow evening at 7 o'clock in the Y court, with a mammoth parade through town, to be followed by a student body pow-wow in Memorial Hall. The 108-piece University marching band will head the

Federal Union Aim of Group

Dr. Graham Named Advisory Chairman

The concept that the solution of the problem of permanent peace lies in a strong world federation will be put forward by the "World Federalists of North Carolina," an affiliate of the World Federalists U. S. A. Dr. Frank Graham is chairman of the state group's advisory board.

Striving toward a federation similar to the federal government of the United States but more limited in its powers, the group will encourage such activities as the present high school speaking program "Is World Government the Path to Peace," and plans to hold a World Government Institute in North Carolina in the spring or summer of 1947. Further dissemination of information on the subject will be accomplished through literature, films, and speakers' panels, the formation of community and college clubs, and the sponsoring of forums on atomic energy.

Executive Director Albright

R. Mayne Albright, Raleigh lawyer and University graduate in international law and political science, will be the executive director of the group.

Other members of the Advisory Board, still in the process of formation, are Judge John J. Parker, Charlotte; Dr. Clarence A. Poe, Raleigh; Dean Robert H. Wettach, Chapel Hill; former Governor J. Melville Broughton, Raleigh; Dr. C. A. Milner, president of Guilford College; Dr. David Jones, president of Bennett College; Mrs. Karl Bishop, Spray; Frank E. Winslow, Rocky Mount; William T. Polk, Greensboro; Dr. R. D. Wellons, president of Pembroke College, Smithfield; L. P. McLendon, Greensboro; Claude W. Rankin, Sr., Fayetteville; Holt McPherson, and Congressman C. B. Deane, Rockingham.

Glee Club Members To Rehearse Friday

Professor Paul Young has requested that all glee club members report to Memorial Hall Friday morning at 10 o'clock to rehearse for the performance at the University Day exercises at 11 o'clock.

The men's glee club will sing "Integer Vitae," sung by glee clubs for years at these exercises. The men's and women's glee clubs, with a combined strength of over 300 members, will sing the "Hallelujah Chorus" from Beethoven's "Mount of Olives."

BAND REHEARSES TODAY

The University Band will hold a marching rehearsal with instruments today at 4:30 o'clock in Kenan Stadium.

New Instructors Are Added To Languages Department

Swelled by the largest enrollment in its history, the romance languages department has been reinforced with the addition of eleven instructors, three of whom are returnees from military service, and eight who are new at the University.

Alumni Are Teaching

Numbered among the three returnees are J. E. Carroll who was recently separated from the army with the rank of major in the signal corps, E. F. Moyer, a French instructor whose service was in the air corps, J. W. Whitted, a Spanish instructor

who served with Naval Intelligence. Carolina alumni among the eight new instructors include C. E. Butler, L. A. Sharpe, John Elmendorf, and A. H. Yarrow who received his degree here in '38 after attending the Lycee Clemenceau in Nantes, France, for three years. Among the non-alumni are S. L. Robe with both a B.A. and M.A. from the University of Oregon, T. E. Scott, a veteran of the 82nd Airborne Division who is on leave here from the University of Georgia, and J. A. Moore and Maurice Elstun, Spanish instructors.

Little, Weaver to Speak

Opening the session, Dean of Men Fred Weaver will say a few words. Crowell Little, Carolina football great of 1938, and head coach of the Jay-vee football team which downed Navy's "B" squad 38-13 last week, will make the keynote talk for the meeting.

University Club, President Mike Morrow, in charge of the rally for the sponsoring group, explained that no torches will be carried on the parade due to a University Service Plants limiting rule. However, the traditional torchlight parades will be held before the homecoming Florida game, Friday evening, October 25, and preceding the Wake Forest and Duke tilts next month.

Young May Lead Songs

It is hoped that Glee Club Director Paul Young will be on hand to direct alma mater songs. Six thousand mimeographed song sheets, to reacquaint old students, and teach new students the Tar Heel songs, have been printed by the University club, and will be distributed at the doors to Memorial hall. Morrow requested these sheets be saved and taken to the game Saturday afternoon.

Sponsoring organization, the University club, made up mainly of third-year men students, and rising senior women, is an honorary non-profit organization represented by one elected member from each dormitory, fraternity, and sorority on the campus. General function of the club is "to foster school spirit" through pep rallies, entertaining new students, and bettering relations with other schools.

Cheerleaders Listed

Cheerleaders for the meeting are: Devan Barbour, head cheerleader; Kit Coleman, Barbara Cashion, Doris Nunn, Virginia Peele, Charlie Blackburn, Charlie Stancell, Reid Towler, Bill Stubbs, Colon Byrd.

Laundry Requests Aid From Students

Due to the record enrollment at Carolina this fall and to the resulting shortage of workers, the University Laundry has issued a desperate call for help from the students.

All students interested in working in the University Laundry plant from 1:00 p.m. to 4:30 p.m. or from 4:30 p.m. to 8:30 p.m. should contact the Student Aid Office, 302 South Building.

Also, the Laundry Plant announced that it needs full time workers from 7:00 a.m. to 4:30 p.m.
