Meanwhile the Elections committee is considering a bill introduced last quarter that would empower the president to appoint students to offices that are vacated between elections.

By Warren Duffee
Raleigh, Jan. 22—(UP)—Kay Kyser, whose cockeyed "College of Musical Knowledge" took him to the top in Radioland, put rumors to rest today that he would run for Governor of North Carolina and stilled speculation that half-elated, half-deflated every denizen of Capitol Square.

The bandmaster told the United Press in Hollywood the reports were "ridiculous" and declared he was "not running for anything."

A rumor first printed in Variety Magazine, the Bible of the show trade, snowballed incredibly as unprepared statehouse politicians first grinned, then frowned as they heard it.

Sponsor Trouble
Variety said Kyser was having sponsor trouble in his radio program, but that the real reason was the

CCC Fails To Appear Before PU Board

By Sam Whitehall
Representatives of the Carolina Conservative club failed to appear before the Publications board yesterday to present the CCC's alleged charges against the Daily Tar Heel. Richard H. Caudle, a member of the CCC, was present, but he announced that he knew little of the matter and had not been designated by the Club to make charges.

DTH Editor Bill Woestendiek, Managing Editor Roland Giduz, and other prominent DTH journalists were present to defend the newspaper, and a number of interested students appeared to hear the proceedings.

Morrison Assured
Robert Morrison, president of the Board, said that he had been assured by a member of the Club that an official delegate would be present to present the charges and that a copy of a bill citing charges against the newspaper had been submitted by a committee of the CCC and later revised.

Official Delegate from Conservative Club Does Not Appear for Charges Against DTH

The revised bill was never produced. On a motion by Howard Merry the matter was dropped from the agenda, the Board taking no action.

Other business done by the Board included the appropriation of \$15.00 to the sports department of the DTH, this money being used for trips to sports events.

On a recommendation from Bill Selig, DTH business manager, the salary of the subscription manager, was raised from \$5.00 to \$8.50 weekly, and \$6.38 was appropriated for quarterly service on the DTH Addressograph machine. Selig's request to raise the subscription rate of the DTH from \$5.00 to \$8.00 per year and from \$2.00 to \$3.00 per quarter was granted, but the Board decided not to honor Selig's request for an increase in the rate charged students for classified advertisements.

Giduz requested \$75.00 for the printing of a DTH stylebook and \$18.00 for an unabridged dictionary; both requests were granted.
