U.S. Reaffirms Atom Policies

Senator Claims Russia Has Atom Plant

Washington, Jan. 27—(UP)—Our government has reaffirmed its opposition to a Russian veto on punishment of atomic lawbreakers. This re-statement of American policy on international control of the atom bomb came from Warren Austin—our delegate to the United Nations. Austin made the statement after a long conference with Secretary of State Marshall. Thus, Austin scotched rumors that Marshall's appointment might mean a major shift in our stand on the atomic issues.

Committee Charges

Earlier, on the floor of the Senate, the former chairman of the joint Congressional Atomic Committee charged that Soviet Russia apparently is building a secret atom bomb plant somewhere in Siberia. The Senator—Democrat Brien McMahon of Connecticut—warned that only the swift development of international safeguards can head off an atomic war.

Heyward Thinks Vote Will Be Very Light

Ed York, president of the Interdormitory council, is the Student party candidate for representative to the Student council.

Broughton, York Vie For Student Council

By Bookie Jabine
The student body will go to the polls today to choose between Ed York (SP) and Bobby Broughton (UP), who are candidates for the post of representative-at-large to the Student council in a run-off election. Ballot boxes will be placed in Gerrard hall which will be open for voting between the hours of 9 a. m. and 5 p. m. Elections board head, Jabie Heyward, stated that there will be two voting desks.

No Separate Lines

Since the election is campus-wide there will not be separate lines for town and dormitory students. Heyward added, "The vote is expected to be very light."

Present plans call for the ballots

to be counted by the election board aides while the voting is in progress, and Heyward said the returns should be tabulated by 7 o'clock this evening.

In the regular polling last fall, Broughton received 577 votes to York's 465, but did not attain a majority since Al Lowenstein, an independent, polled 411 votes. All other offices were decided in December and the Honor council job is the only one to be decided today.

Broughton, University party candidate, is a past Honor councilman, and has served a term in the Student Legislature.

Ed York of the Student party is president of the Interdormitory council, head of Old East, is a member of the Student Welfare board, and a member of the International Relations club.

Officials Will Probe Rents Of Housing in Vets Village

UNC Delegates, FPFA, OPA, UVA Confer; Married Veterans Call for Price Reduction

By Ed Joyner
Officials of the University, the University Veterans Association, the Atlanta office of the Federal Public Housing agency and the Durham office of OPA will meet here at 2 o'clock this afternoon to discuss a possible readjustment of rents on houses in Vet Village. The action came as a result of a report on local rental prices drawn up by a UVA committee, approved by the University and submitted to the Atlanta FPFA office last quarter.

FPFA Representative
H. L. Sullivan of Atlanta will represent the FPFA at the meeting and William E. Byrd, Jr., will represent the Durham OPA office, which has authority over the Chapel Hill rental area. For the UVA, President Roy Moore, Ruffin Bailey, Tom Mitchell, Tom Cole and Prof. F. W. Hanft of the law school will be present.

Either C. E. Teague or J. S. Bennett, or both, will represent the University in the discussion. Agitation for lower rents in the University administered housing project has been in progress since last August when married couples living in the houses and the University Veterans association joined in a resolution favoring lower rents.

On October 17, as a result of a petition sent by the University at the request of the UVA, the Atlanta FPFA office sent Sullivan here to investigate the situation. At that time, however, Sullivan ruled that rents

in the development were in line with those on comparable property in Chapel Hill and that he had no authority to change them. He suggested that if a full report were made it might bring further action.

Bailey, Mitchell and Cole, acting for the UVA and the married veterans, then made a survey of rental prices prevailing on other rental properties in Chapel Hill. They sent this report through the University to FPFA, citing rents in effect and the types of living quarters concerned and recommending what they considered fair rents for the Vet Village houses.

This report will be the basis of the rent revision discussion this afternoon.

Final Deadline For Local Fund Set For Friday

By Sam Whitehall
A total of \$1140 has been reached to date in the campus infantile paralysis campaign, with several fraternities and dormitories still to be heard from. All contributions must be turned in as soon as possible this week, Friday afternoon being the final deadline.

Pacing all organizations on the campus, the Sigma Chi fraternity contributed \$120 to the drive, almost twice as much as the second-place Beta Theta Pi fraternity, which gave \$75. The Zeta Beta Tau's, although consisting of only 30 members, contributed the amazing total of \$60. "If all organizations were to show the same spirit as the Sigma Chi's, ZBT's, and Betas, the drive would be a sure-fire success," a committee spokesman announced yesterday. "The Sigma Chi contribution will probably be tops for the campus."

Other High Contributors
Other high contributors to date were Melver dormitory, the UVA, Kappa Sigma, St. Anthony hall, Pi Lambda Phi, and Chi Phi.

"If those fraternities and dorms that have not yet contributed to the drive will do so as soon as possible with the same spirit as the others, we will be able to call the drive a success," stated chairman Bill Woestendiek. The campus honor roll of contributors will be published in this paper later in the week.

Prentice to Talk Here On 'World Government'

Colgate Prentice, president of Student Federalists, Inc., will be on campus, February 5, to speak on "World Government—a Challenge." Starting from New York, he has travelled more than 5,000 miles on a speaking tour, through New England, the South, the west coast, and back, and is speaking here in Chapel Hill on his return trip.

New AVC Chairman Will Be Elected

Election of a new chairman as a replacement for Winston Broadfoot who resigned two weeks ago will be the main item of business at tonight's meeting of the American Veterans committee at 7:30 in the Presbyterian church.

Junius Scales acting chairman since Broadfoot's resignation, announced that a proposed amendment to the chapter's constitution will also come to the floor, to provide a term of office of six months for the chairman instead of the present one year tenure. Scales pointed out that a shorter term would free many men to serve as chairman, who now feel the job would be too great a burden.

Other items of business will include a National Policy committee report on the status of AVC's forthcoming drive on Congress for an increase in the amount of GI subsistence. This would provide for \$90 per month for single veterans and \$125 plus \$10 per child for married men.

FFC MEETS TONIGHT

There will be a meeting of the Freshman Friendship council at 7 o'clock this evening in Gerrard hall. All freshmen interested in going to a dance at Woman's college in Greensboro on February 8 are urged to attend the meeting tonight, Ed Hamilton, president of the council, stated.
