No Smoking Rule Will Be Debated In Gerrard Hall

In order to complete business before the basketball game, the Student Legislature will meet at 7 o'clock this evening instead of 7:30 in Gerrard hall.
Charlie Warren, speaker of the Legislature, said that the chief item on the docket would be Dewey Dorsett's report on the findings of the Constitutional committee of Revision. In his address Dorsett will suggest amendments to the original document which was ratified by the student body last spring.

No Discussion
Warren explained, "Amendments will probably be introduced from the floor, but there will be no discussion since the proposals must be referred to committees."
The speaker added that the entire

Rouzie Named Head of AVC

Broadfoot Replaced By Virginia Senior

In a special election to replace Winston Broadfoot who resigned two weeks ago, Ben Rouzie, senior from Richmond, Va., was elected chairman of the Chapel Hill chapter of the American Veterans committee without opposition at the organization's bi-monthly meeting Tuesday evening.
"It is a distinct honor and a privilege to follow a man as capable as Winston Broadfoot into office. AVC objectives, as outlined in our constitution, will be pushed with the same vigor that characterized the organization under Broadfoot," said Rouzie in accepting office.

Fullerton Reports
In addition to electing Rouzie chairman the group heard Garry Fullerton, national policy committee chairman, report that letters had been dispatched to Senator Umstead of Durham congratulating him on his appointment to office and urging him to join in the fight against seating Senator Bilbo.

Ralph Hyde, AVC member who has been helping with the negro community center in Carrboro reported that 252 books of fiction and 400 of non-fiction had been obtained for Carrboro library. He urged members to take an active interest in obtaining as many volumes as possible.

constitution will be outlined by Dorsett, "including the fee structure."
Three bills are expected to be reported out of the Ways and Means committee tonight. A measure, introduced last week by Bob Collins, to create a campus postal system, will be decided. The proposal would provide a post office for the exclusive use of the University.

Eller's Bill
Another bill which was referred to the committee last Thursday was Tom Eller's measure requiring all campus organizations such as Graham Memorial, Interfraternity council, etc., to make reports to the Legislature on both the financial status and future policy.

This bill will come out of committee this evening, Warren said.
Also due to come up for discussion is the much-scooped anti-smoking regulation. This proposal, also introduced last week, would prohibit smoking in all university classrooms and assemblies.

When the bill was read, a great moan came from the members. Said Ways and Means chairman, Bill Miller, "The administration should get a student opinion on this proposal."

Giduz Challenged by Hodgson To Debate Before Legislature

'Partisanship, Suppression of Criticism' Scheduled to Be Chief Items of Discussion

Culminating several weeks of editorial controversy between the Daily Tar Heel and the Publications board, PU secretary Tookie Hodgson yesterday challenged managing editor Roland Giduz to an open debate before the student legislature "at the earliest possible time."

Hodgson said the debate would concern what he termed the "Daily Tar Heel's partisanship and suppression of criticism." He charged that the papers editorials contain falsehoods, misrepresentation of facts, and personal prejudices.

Specifically Editorial
He referred specifically to the editorial in yesterday's DTH explaining the Publications board's views on its closed meetings and other activities. The piece was written by Bob Morrison, president of the board, but was interspersed with a running editorial commentary.
"As Mr. Giduz desires open discussion, he will have an opportunity to hear one very shortly before the Student Legislature," Hodgson declared. "It will concern unauthorized and illegal expenditures of student funds and will concern him."

Bill Woestendiek, DTH editor, expressed open amazement when informed of Hodgson's challenge. "It seems to me," the editor stated, "that if Hodgson is interested in debating the editorial policy of the paper, I am the man he ought to talk to rather than anyone else on the staff. I fear the whole thing revolves around a personal animosity that exists among certain men on this campus."

"I feel that the whole situation is absurd, but I shall certainly defend the Daily Tar Heel and any member of its staff against ridiculous accusations. Personally, I believe the legislature has more valuable subjects on which to spend its time."
Hodgson also said he would read from the board's minutes certain pertinent information which he promised "would be of interest to all."
Speaker of the legislature Charlie Warren could not be reached for comment last night.

Local YMCA Gives Approval To U. of Texas Negro Policy

The YMCA here has officially approved the action of several campus organizations at the University of Texas who endorsed the admittance of Herman Marion Sweatt, Negro, to the law school there. At a recent meeting of the YMCA cabinet, a resolution to this effect was presented by president Don Broad, and was passed five to one.

Charles Foley, chairman of the YMCA committee on racial relations, said that through his committee a letter has been sent to the Student Christian association of the YMCA at Texas, informing such organizations of the action.
Sweatt applied for admission to the law school on the grounds that there were no equal school of that kind set up for Negroes. The University of Texas officials blocked his application. Sweatt has now appealed his case to a superior court at Austin, Texas.

Legislature Candidates To Be Named by UP Poll

New Policy Features Dormitory Elections To Select Party Men for Spring Balloting

Alex Davis, chairman of the University party, announced that the Party will support dormitory candidates for the Student Legislature that are selected by the residents of the dormitories in the spring elections.

As explained by Davis the new plan calls for a poll in each dormitory that does not have a representative in the Legislature at the present time. The University party will nominate the candidates selected by the residents of the dormitories, campaign for and support each man regardless of his political affiliations.

Support of UP Not Asked
The University party will not require that the men nominated support or be responsible to or for the actions of the Party. In return the UP will not be responsible for the actions of the candidates after he is elected.

Ten vacancies for dormitory representatives will occur in the Student Legislature in the spring elections. Elections will be held in Old West, Steele, Manley, Mangum, Lewis, and combined candidates will be held in Mill.
