UN Delegates Agree on Plan

U. S., Russia Adopt Atom Compromise

New York, Feb. 5—(UP)—The United States and Russia seem to have found a working basis on which to proceed with atomic energy and disarmament.

Late yesterday, the two countries—and four other nations as well—tentatively adopted a French compromise proposal on procedure in atomic and disarmament discussions. Apparently the way has been cleared for the UN Security Council to get to work on both problems.

Russia's Andrei Gromyko made the first conciliatory gesture as the Security Council's sub-committee met today. He suddenly dropped his insistence on the Russian plan for disarmament and atomic discussions, a plan that would consider atom control only as part of the over-all problem of disarmament. This is a stand that has been vigorously opposed by U. S. delegate Warren Austin. He has insisted that machinery for control of the atom must be worked out before anything is done about general disarmament.

Gromyko started things moving towards a compromise when he moved for adoption of the French compromise proposal. The French compromise meets American objections to the Russian plan part way by separating atomic energy from the general disarmament problem—by providing that the two are to be taken up separately. And it meets Russian objections to the American plan by providing that discussion of disarmament begin at once.

Labor Leader Against Closed Shop Measure

Wilmington, Feb. 5—(UP)—C. B. Kornegay, a Wilmington labor leader, has criticized a bill to outlaw the closed shop in North Carolina. The bill was introduced today in the General Assembly in Raleigh. Kornegay, who is president of the Wilmington Central Labor union, says the bill looks like an effort to disturb the peaceful relations between labor and management in North Carolina.

Portal Pay Case May Go to Supreme Court

Detroit, Feb. 5—(UP)—Assistant Attorney General Joan Sonnett says he has President Truman's permission to carry the portal pay test case to the Supreme court—no matter what the outcome in Detroit. Sonnett has petitioned Federal Judge Picard to let the Government enter the test case.

Talmadge Says Negroes Not to Vote in Georgia

Atlanta, Feb. 5—(UP)—Governor Talmadge told a state senate committee that the people of Georgia have given the legislators a mandate to keep Negroes from voting in Democratic primaries. The Georgia House already has passed the white primary bill, which also has the support of rival Governor Thompson.

N. C. Sailor Missing On Lost Transport

Norfolk, Va., Feb. 5—(UP)—A North Carolina man, Aviation Radioman third class William R. Weeks of Rocky Mount, is one of the four Navy flyers missing on a transport plane lost on a flight from Portsmouth, New Hampshire, to Norfolk. The Navy has notified Weeks' mother, Mrs. Annie Lee Weeks, that he is missing. The Navy has announced that a total of ten persons were aboard the plane, including the four crew members.

President Terms UN As 'Going Concern'

Washington, Feb. 5—(UP)—President Truman, in his first report to Congress on the first year of United Nation activities, says the world organization is a "going concern."

WSSF Drive Will Be Initiated Monday

March Of Dimes Campaign Nets \$1,629.53

Phi Delts Lead All Other Groups In Donations

The campus March of Dimes campaign netted a total of \$1,629.53, according to a report released yesterday by the committee in charge of campus collections.

Phi Delta Theta fraternity led all participants in the drive with a contribution of \$175. Sigma Chi and the SAE's placed second with \$120. Beta Theta Pi contributed \$75 to place third.

Fraternities were the most generous contributors to the drive, which sought to include all campus organizations and dormitories.

McIver Leads Coeds

McIver dormitory paced the coed dormitories by donating over \$50. Alderman was second and Pi Beta Phi and Chi Omega were the leading sorority contributors.

Stacy led the men's dormitories with a contribution of \$26—equal to the amount contributed by the entire lower quadrangle. Other dormitories gave varying amounts.

Contributions from fraternities, mainstays of the drive, follow: Phi Delta Theta \$175; Sigma Chi \$120, SAE \$120, Beta \$75, Phi Gamma Delta \$68, TEP \$62, ZBT \$60, Kappa Sigma \$50, Pi Lambda Phi \$40, St. Anthony's \$30, KA \$12, Zeta Psi \$5, Pi Kappa Alpha \$5. Other fraternities failed to contribute.

The University Veterans association contributed \$50, but was the only campus organization, aside from fraternal groups, to do so.

Noted Historian To Speak Tonight

Speaking under the sponsorship of three campus organizations, Dr. Herbert Aptheker, noted historian and lecturer, will speak in Gerrard hall this evening at 8 o'clock. Dr. Aptheker, author of many monographs on pre-Civil War South, will discuss the stimulating topic of "The Negro in American History."

Dr. Lee M. Brooks, professor of sociology at the University, will introduce the speaker, whose talk is being sponsored by the Southern Conference for Human Welfare, the Wesley Foundation, and the Carolina Political Union.

This afternoon, from 2 to 4 o'clock, Dr. Aptheker will conduct a seminar in the Baby lounge of Graham Memorial, the topic to be chosen by those present.

Speedy Charley Justice Goes Just Too Fast!

Charley Justice—who last fall ran circles around such football stars as All-American Dick Huffman, Teague award winner Nick Sacrinty, and Navy's Dick Scott—felt a touch of the choo-choo spirit yesterday afternoon while driving toward Chapel Hill. But what Scott, Huffman, Sacrinty, and dozens of other would-be tacklers hadn't been able to accomplish was easy for State Highway Patrolman Robert R. Thomas.

Charley, in his own car, and Joseph W. Harrar, who was driving just ahead of Justice in a pickup truck, both hit 60 miles per hour in a 30 m.p.h. zone, according to Thomas, who stopped the pair. Harrar wasn't sure just how fast he had been going. But Justice, who was following the truck closely, had kept one eye on the speedometer, and had no doubts. Both got pinched.

FROZEN FOOD 'ALARM' INVENTED

Schenectady, N. Y.—(UP)—General Electric Co. has developed a boon for owners of frozen food cabinets. It's an alarm thermostat which gives a warning of any mechanical failure in time to avoid costly food losses.

Forensic Tourney Squad Completed with Baldwin

Debating Team Clashes with North Georgia; Coed Participation Needed in Coming Events

A small but spirited turnout marked the debate squad tryouts Tuesday night as members were tentatively chosen to fill positions needed in coming debate tournaments. Selections were made

by Maurice Braswell, president of the Debate council, and his co-worker, Jim Taylor.

First on the agenda was the choice of a debator to fill out the team which will participate in the meet with North Georgia college next Saturday. Herb Porter, James Hall, and John Ehle, who represented the University in the Sugar Bowl debates, were already slated to appear. Newcomer Russell Baldwin was chosen to be the fourth man.

Others who tried their hand on the topic: Resolved, that labor should have a direct share in the management of industry, were Roy Lyon and Richard Mottman. Lyon took the affirmative, while Mottman presented negative views.

Good Health Plan

In tryouts for extemporaneous speaking, Don Shields, on last year's squad, led off with a talk on the Good Health Plan. The Australian ballot was the subject on which Robert Andrew spoke, while Baldwin and Mottman orated on the abolition of the UNO veto. These candidates were given the subject and allowed one-half hour to prepare it.

Braswell also wished to announce that the meet with North Georgia college scheduled to be held in Hill hall Saturday, will take place in the Di Senate hall instead, at 3 p.m. on that day.

Carolina Playmakers Present Final Experimentals Tonight

Tonight in the Playmakers Theatre at 7:30 the Carolina Playmakers will give their second and final performance of the 114th Bill of Experimental productions. The public is invited to see these three original one-act plays that are produced by dramatic art students under the general supervision of Kai Jurgensen, assistant director on the Playmakers staff.

"To Them in Darkness," a serious drama about a woman who knows she soon will be blind, is the first play on the program. Charles Brockman is the author, Eleanor Ringer is the director.

Gabe Hill for Governor of Georgia...

UNC Needs More Cute Girls, Says Dillon; Ace Cageman Thinks Coeds Too Independent

By Tomie Cates

"What this University needs now that it is slowly getting brick walks is more cute girls who aren't always dated up," said Johnny (Hook) Dillon, 1946 All-American basketball player, as he leaned an elbow on one of the tables in the library. Putting down his pencil and pushing aside his Spanish book, Johnny further expounded, "I think Carolina is a very friendly place but the coeds are too independent."

The 23-year-old, 6'2", 190-pound lad from Savannah, Ga., who won the hearts of basketball fans in Madison Square Garden last year when the White Phantoms took the victory over the favored NYU team, has a record of being one of the highest scorers on the basketball team this season. Last year he tallied 453

points, one of the highest totals in the country. Most were made by his famous hook shot which he says he started using when he was in high school.

Transfer from Tech

Johnny is a transfer student from Georgia Tech which he attended on a scholarship. He came to Carolina in November of 1944 and is now a Junior majoring in physical education. When asked his objective after college, Dillon grinned, simply stating, "I want to be a big success."

He says he doesn't like publicity, and that it is not true that he has a warehouse in Georgia to file his clippings.

A member of the Sigma Chi fraternity, Johnny is known by his buddies around the campus as "Hook" and "Squirrel." His self-styled jitter-

University Quota For Student Relief Is Set at \$5,500

The annual World Student Service fund campaign for the University will begin Monday, February 10, Gay Morenus, co-chairman for the campaign, announced yesterday.

Students are to be solicited in their dormitory and fraternity house rooms by solicitors who were appointed some time ago. The quota for the University has been set at \$5,500 and Miss Morenus has pointed out that an average of one dollar per student contacted must be collected, since many of the students who live in private homes and other places away from the campus cannot be reached by solicitors. There will be, however, a place at the YMCA for all town students to contribute, and student solicitors are to canvass the homes of the faculty members.

Student relief did not have its beginning in the Second World War, for during 1916-17 American students and professors contributed to overseas relief for students who were prisoners in belligerent countries and who were affected in other ways by the war. Later the European Student Relief and the Student Friendship fund worked together in raising \$2,500,000 in money and relief for 70,000 European students. Then in 1925 the International Student Service was established with the purpose of promoting understanding and to provide for mutual aid. The World Student Relief was organized in 1943 to raise funds and use them for a world-wide program of student relief, rehabilitation and reconstruction.

This Student Relief is working through the WSSF now to aid students and teachers in the post-war

Carolina Playmakers Present Final Experimentals Tonight

and directed by Winford Logan is the second production on the bill. The play is a tragedy of the Boer war, telling the story of a man who is obsessed with a stubborn desire to keep fighting no matter what the cost.

The last play on the program is "Subway Rhapsody," a fantasy by Sam Hirsch, directed by Carlson Thomas. The scene is laid on a New York subway car where Sophie the Subway peers into the lives of her passengers to discover that everybody has his own private conflict to solve, no matter how commonplace people may appear on the surface.

Legislature Will Discuss Constitution

To Debate Measures Proposed by Dorsett

The Student Legislature will meet at 7:30 this evening in Gerrard hall to discuss the proposed constitutional amendments recommended last week by Student Body President Dewey Dorsett.

The recommendations were drawn up by the Committee on Revision which was appointed by Dorsett last year.

Tonight's meeting, although not on the schedule, will be conducted as a regular session and not as a special session.

Referred to Committee

The proposed changes were put into the form of a bill read by Bob Stockton a week ago, and was referred to Bill Miller's Ways and Means committee.

The committee has been considering the measure throughout the week and Miller said, "We will report neither favorably nor unfavorably, and by reporting the bill out, we merely want the assembly to discuss it."

"The committee feels," Miller continued, "that the proposals concerning the changes in present student council set-up and the amending of the legislature's power to categorize offenses should not be taken up tonight. It is of the opinion that both the student body and the assembly should have more time to consider changes of such importance."

Opposition Expected

In all probability the only portions of the bill to be debated tonight will be of a mechanical nature. Opposition is expected, however, on the recommendation to appoint two faculty members to the Student Audit board.

Another item to be introduced will be that section which would reduce student fees from \$20 to \$12. Observers believe that the constitution will not be passed by the trustees unless this part of fee structure is changed.

Other measures which will be brought on the floor tonight include: changing of elections date, dance committee amendment, elimination of the House Privileges board and University club from the document.

Another bill due for debate is the measure to create a post office here on the campus. Miller said this proposal will again be reported unfavorably.

UVA to Entertain At Valentine Hop

The University Veterans association will be host to the ex-G.I.'s on the campus at a Valentine dance tomorrow night at their clubhouse, announced UVA President Roy Moore. Highlight of the dance will be the selection of a Valentine queen who will reign for the evening at the club. A group of three judges will select the queen from the girls present at the dance.

The decorations will follow the traditional hearts and arrow theme of an old-fashioned Valentine party. Music will be furnished by Jimmy Marshall and his Carolinians. The dance which begins at 9 o'clock will be semi-formal.

Tryouts for New Play Begin This Afternoon

Tryouts for the Playmakers fourth major production, a new play by Cid Ricketts Summer based on her recent novel "Quality," will be held in the Playmakers theatre this afternoon at 4 o'clock, and tomorrow evening at 7:30. Kai Jurgensen, who will direct this production, invites all interested to attend tryouts.

Florida Club to Make Final Hayride Plans

Final plans for a Florida club picnic and hayride to be held February 14 will be concluded at tonight's meeting at 7:15 in Roland Parker lounge.
