Bullitt Warns Of Red Attack Against U.S.A.

Un-American Group Hears Former Envoy

Washington, March 24. — (UP) — Former U. S. Ambassador to Russia William Bullitt warns that Russia is planning to attack America. Bullitt told the House Un-American Activities committee that if Russia had the atomic bomb, and America didn't, the Soviet would already have dropped one.

He said the so-called "fifth column" of the Russians is trying to take over key positions throughout the world in preparation for an attack on the United States.

Stalin Directing
Premier Stalin allegedly is directing the plot and will only give up when the United States tells him to stop. In Bullitt's words, "Stalin, like Hitler, will not stop of his own accord. He can only be stopped."

And the time is growing short, says Bullitt, for America to speak up and give the stop signal. Until that can be done, he recommended a tight guard over our atomic secrets and maintenance of a fleet of planes armed with A-bombs ready for any emergency.

Telephone Union Plans Walkout for April 7

Washington, March 24. — (UP) — The top policy committee of the National Federation of Telephone Workers, has called a nationwide telephone strike to take effect at 6 a. m., April 7, unless an agreement is reached between the union and the telephone companies before that time.

The agreements revealed little major information which has not been announced previously. However, the Tehran pact does reveal that the Allies were urging Turkey to get into the war and that Russia agreed to go to war with Bulgaria if Bulgaria attacked Turkey.

Legion Urges Purge Of Communist Party

Washington, March 24. — (UP) — The American Legion urged Congress to outlaw the Communist party today. Legion representatives charged, before the House Un-American Activities committee today, that American Communists are "the willing instruments of a foreign power, dedicated to the violent overthrow of the United States government."

Allis-Chalmers Workers Are Returning Slowly

Milwaukee, March 24. — (UP) — About 500 CIO auto workers have returned to their jobs at Allis-Chalmers following the surprise settlement of the 327-day strike. Two thousand more are to return during the next three weeks, but the company has refused to take back about 94 strikers pending an investigation of their actions during the long walkout.

Nimocks Declared President

Ritchie Clarifies Textbook Situation

Freshmen Retain Class Executive

By Chuck Hauser
Steve Nimocks, freshman from Fayetteville, has been declared president of the Freshman class in a statement released by Chairman Johnny Clampitt of the Student Legislature Elections committee.

In the elections held March 11, tabulation of ballots indicated that a run-off election would be held between Nimocks and N. A. Winn. The third candidate, Bill Wood, was disqualified, however, which, according to Clampitt, gives Nimocks a majority.

Dispute Superfluous
Clampitt's statement in full follows:

"The freshman elections were conducted by the elections board in the correct manner. The dispute over which of the two candidates, Nimocks or Winn, is president is superfluous, legally speaking.

"The third candidate (Wood) was disqualified and the votes cast for him are void. Nimocks has a majority of the other two. He is president! If any Freshman thinks there was foul play, let him prove it—and we will gladly hold another election."

Nimocks was formerly elected president of his class in the ill-fated January 30 elections which were voided by the Student Council on constitutional grounds.

Other election results are: Freshmen: Ralph Lee, Paul Baschon, run-off for vice-president; Stuart Bondurant, secretary-treasurer; Jo West, social chairman.

Sophomores: Curt Youngblood, Dusty Leonard, run-off for president; Carl Durham, vice-president; Miles Smith, secretary-treasurer; Jerry Pence, social chairman.

Book Exchange Manager H. R. Ritchie yesterday declared that all veterans must either return or pay for unauthorized textbooks charged to the Veterans administration last quarter.

Unapproved Books Must Be Returned

By Sigsbee Miller

H. R. Ritchie, head of the University Retail Exchange, which includes the Veterans Book Exchange, yesterday afternoon denied reports that the Veterans Book Ex was refusing to issue books to student veterans who had failed to return books which they received without authorization last quarter.

"The issuing of books for the spring quarter is not contingent on the veterans' returning unauthorized books," Ritchie said. "We are merely asking that these books be returned. We give the students a chance to go to their rooms for the books without losing their places in line. If they are unable to return the books they may pay for them."

600 Return Books
Out of 700 veterans who received unauthorized books last quarter, 600 have returned them upon request, Ritchie said.

Jimmy Williams, University attorney, made it clear that no attempts to force the return of unauthorized books would be made. He defined an authorized book as "one that is required for the personal use of all students pursuing the same course, as specified by the person responsible for teaching the course."

Williams displayed a memorandum to veterans which states clearly that "any unauthorized books received by veterans cannot be billed to the Veterans administration. Each veteran, when he is given a letter of credit to the Book Exchange by the University, states that he will pay for books and supplies not authorized under the above laws." A copy of this memorandum is put in the hands of every veteran before books are issued, Williams said.

WAR CREDITS COMMITTEE

Dean D. D. Carroll, Chairman of the University committee on Emergency War Credits, has announced that the committee has completed all back work, and that all veterans who have made application may learn what credit they have been granted by calling at Room 316 South building.

Veterans' Checks May Be Forwarded

Attention is called by the Veterans administration to a new postal policy which makes possible the forwarding of subsistence checks to veteran-trainees where there is a local change of address, provided the addressee notifies his mail carrier direct. The veteran-trainee should also notify his VA training officer, as in the past, of any change of address in order that VA may send his mail to the new location.

Heretofore the forwarding of government checks has not been permitted, but new postal instructions provide that a check may be forwarded within the same postal delivery area provided the mail carrier is notified of the change. By following this procedure, the veteran-trainee can guard against delay in the receipt of his check until VA has his new mailing address.
