Tom Eller Proposes Collective Farm Bill In Legislature **Then Tossed Out Of Gerrard Hall By Warren Order** 

After introducing a bill to establish collective farms on all property now belonging to fraternities, Tom Eller, "the red hound of the Student Legislature," was forcibly ejected from last night's meeting of the campus law-making assembly.

The order to boot Eller from the hall was issued by Speaker Charlie Warren, so incensed at the proposal that he called Eller "a bounder who probably wears red underwear and has borscht for breakfast."

Eller proposed the measure in the glamor girl. form of an amendment to an amend-

Margolis Says He Will Run For Grand Praesidium Post

Before a packed house in the Carolina Inn telephone booth, Comrade Manny Margolis scratched his red flannels, decried the fact that the spirit of free love was not as powerful here as in Stalingrad, and announced his independent

candidacy for the Grand Praesidium of the Supreme Soviet of the Campus.

Margolis, who finds the shortage of halivah at Danziger's a serious threat to left wing unity on the campus, bitterly condemned the fact that Cornell footballers were known as the "Big Red team." When, in actuality, he stated, "We have the most powerfully coordinated left wing formation here in Chappell Collitch!" Requesting his audience to move back so that he could expand his chest in the crowded booth, Margolis lamented the divisionist tactics of Max Schulman in making a fool of Yetta Samovar, his current favorite

**President Flayed** As 'Reactionary' **By Red Officials** 

By Sam Whitehall

Recently denounced by Moscow as a "reactionary in Red clothing and a traitor to the cause," University President Frank Graham retaliated yesterday by announcing a purge of all faculty members suspected of any liberal tendencies either in their teaching and thinking.

In a dictatorial statement delivered to the faculty, Graham virtualy curtailed all freedom of thought in the University and promised complete cooperation with responsible student leaders in surpressing The Daily Comrade which he termed a "filthy Red rag."

#### Give Added Flavor

It was this statement about the main ingredient to a good julep that brought pin-striped Warren to his feet. "You have no right," shouted the speaker, "to accuse fraternities of misusing the rich soil of our state. Mint, as everyone knows, is essential to give added flavor to a glass of iced tea."

Eller made casual reference to the effect that the taste buds of most fraternity men were so liquor-soaked that they "couldn't tell the difference between iced tea and battery acid."

It was then that Warren gave the order for seargant-at-arms James Wallace to "toss Eller out of the nearest exit."
