### Senators Kill Taft's Change In Labor Bill

#### Legislation Aimed Toward Bargaining

Washington, May 7.—(UP)—Senate defeat of the labor-bill amendment aimed at restricting industry-wide bargaining came by a one-vote margin, 44 to 43.

The action is a sharp rebuff to Senate Labor committee Chairman Taft, who is sponsor of the Senate Union-Control bill. At the same time, it is an equally smashing victory for two Republican senators—Irving Ives of New York, and Wayne Morse of Oregon. The pair also led a successful fight against the amendment in committee.

#### Stunning Surprise

The defeat of the amendment was a stunning surprise to the Senate GOP leadership. Only last Friday, the upper chamber overwhelmingly approved a Taft-backed amendment making it an unfair labor practice for unions to coerce or restrain workers during organizing campaigns.

The amendment which was beaten today, introduced originally by Senator Ball of Minnesota, would have required the National Labor Relations board to limit bargaining units to employees of a single company or to employers within a single county or district, sixteen Republicans joined 28 Democrats in voting against it, while 31 Republicans and 12 Democrats voted for it.

### Brazil Reds Outlawed By Supreme Tribunal

Rio de Janeiro, May 7.—(UP)—The Brazilian communist party was outlawed today by the supreme electoral tribunal. President Dutra decreed the suspension of the Brazilian Federation of Labor and 21 regional labor organizations because of alleged communist influence.

### Budget Cut Is Unwise Marshall Tells Press

Washington, May 7.—(UP)—Secretary of State Marshall told a news conference today that congressional moves to economize on spending by his department are very serious and are embarrassing to him in his efforts to preserve world peace.

### Coast Guard Reports Helicopter Explosion

Seattle, May 7.—(UP)—Coast Guard headquarters at Seattle, Wash., report that a helicopter with an undetermined number of persons aboard exploded in mid-air and crashed into Lake Unnen tonight.

### Union Funds Exhausted Says Phone Federation

Washington, May 7.—(UP)—Officials of the national Federation of Telephone Workers say they abandoned their month-long fight for a nationwide phone strike settlement because "the union is financially exhausted." Local unions, thrown back on their own in negotiations, have reached agreements with telephone companies in Wisconsin, Illinois and the District of Columbia.

### U.N. Will Hear Arab Talk about Palestine

Lake Success, N. Y., May 7.—(UP)—The United Nations general assembly, meeting in an unprecedented session, today issued a specific invitation to an Arab spokesman to speak on the Palestine problem.

## WEATHER TODAY

### On Turkey, Greece....

## Senator Hatch Will Speak On Middle East Journey

Senator Carl A. Hatch, leading foreign policy expert, will deliver a special report to the campus from the International Relations club speaker's platform tonight at 8:30 in Hill hall on his recent trip through Greece, Turkey and the Middle East.

President Frank Graham will introduce Hatch and the senator's speech, which is expected to attract nationwide attention, will be broadcast tonight by radio if the telephone strike is over.

In the light of his visit to the Mediterranean trouble spots, Hatch has come out on the Senate floor in vigorous support of the Truman Doctrine to stiffen nations against communist infiltration. Following his address the floor will be thrown open for audience questioning.

The New Mexico senator will fly from Washington this morning by plane. After his arrival, I.R.C. members will take him on a tour of the campus and this evening at 6:30 Hatch will attend a banquet at the Carolina inn.

Immediately after his address in Hill hall, a public reception will be held in the solon's honor. John Bristow, I.R.C. chairman, invited all students and faculty members to meet Hatch personally during the reception in Graham Memorial's main lounge.

Hatch was co-author of the famous B2H2 Senatorial resolution which blazed the way for America's leadership in setting up the United Nations organization. The senator has recently advocated immediate amend-

ment of the UN charter in order to strengthen the world organization. The ability to wage war must be taken away from each nation, according to Hatch, and given to a real international government. A powerful world military force with bases all over the world must be set up without delay Hatch has stated on frequent occasions during deliberations by the Senate Foreign Relations committee.

Tom Reynolds of Greensboro and Tom Cole of Raleigh were selected as vice-chairman and secretary respectively to serve with Bragaw until such time as the village holds a general election for mayor.

Initial business of the council consisted in the organization of committees to deal with problems that have arisen in the community. Dick Letaw was appointed chairman of a traffic control committee and charged with immediate responsibility for enforcing a ten-mile speed limit. Complaints

### Chief Item Among Many...

## Legislature to Debate Record Agency Bill

By Bookie Jabine  
Discussion of a bill to establish a student government record agency will be the chief item on the budget of the Student Legislature when it meets at 7:30 this evening in Gerrard hall.

Speaker Charlie Warren also stated that consideration of the Di, Phi, and I.R.C. budgets will come up, along with a proposed amendment to the inter-dormitory section of the constitution.

Lastly, the assembly will debate a bill to purchase supplies and furni-

ture for the newly-created student government room in Graham Memorial. Authorization for the student union to set aside space for governmental business was approved at a meeting of the legislature last month.

The student government record agency bill provides for the printing of a four page publication 20 times a school year "covering all phases of student government at the University."

Warren, one of the bill's strongest advocates indicated in a speech to the

assembly two weeks ago, that he hoped the pamphlet would take on the appearance of Washington's "Congressional Record."

According to Article one of the bill, a student editor would be elected by the Legislature for a one year period, and would be responsible for the publication of the record. The bill further states that the Record shall be printed at the Village printshop.

Distribution of the Record will include all dormitory rooms and fraternity houses.
