Special Legislature Session Called To Discuss Redistricting, Elections

Di To Debate House Un-American Group

This evening the Dialectic Senate will debate the feasibility of dissolving the present House Un-American Activities committee. A bill to go before the Senate in its weekly meeting scheduled for 9 o'clock tonight in New West suggests giving the Federal Bureau of Investigation jurisdiction over inquiries which have recently embarrassed and ridiculed many innocent people undeservingly before the American public.

The bill released today by John Zucker, chairman of the Di ways and means committee, charges specifically that so far the House Un-American Activities committee has failed to correct disloyalty and un-Americanism. Instead, according to tonight's bill, the House committee has only violated Article I of the Constitution of the United States assuring freedom of speech. Debate is expected on remedies for such public spectacles as the late inconclusive probes of supposed communists in Hollywood.

Before the regular session the Di will hold its executive meeting called for during the last week of each month to finish old business on hand. Charlie Long, Senate speaker, insists that all Senators except those who have filed adequate excuse be present. Gran Childress, chairman of the membership committee, also asks that the 12 students who have submitted application blanks for admission into the Senate come to the third floor of New West by 8:15 o'clock to be oriented and voted upon for membership.

When produced by the Playmakers, "Give Us Pause" was voted the best play of the evening.

The cast of the radio version includes: H. M. Shaw as "Willie," Edna Dooley as "Martha," Mervyn Lentz as "Jake," M. Padgett as the "Woman," Don Maynard as "Mickie," Bill Sharsky, as "Stoney," and Bob Andrew as "Jeff."

Spectators, as well as all student musicians, are welcome to the program.

Brown will choose several ensembles of six or eight men during the afternoon, from the rolls of musicians registered in the room. These "combs" may play three to four selections of their own choosing. Everyone participating in the program has a chance for solo rides, and no music is allowed.

Arthur Loesser, High Ranking Pianist, Will Present Free Concert Here Sunday

One of the nation's top concert pianists, Arthur Loesser, will present a free program in Hill hall Sunday evening, under the sponsorship of Graham Memorial. At present the associate head of the piano department of the Cleveland Institute of Music, Loesser has played all over the world during the past few years.

His program has tentatively been arranged to include three sonatas by Scarlatti, a Beethoven sonata, selections by Chopin, compositions of Brahms and Handel, and two modern selections—Sonatina

First on the agenda is the formal presentation to the assembly of the reprimand from the Men's Honor council, which was issued last week by Bill Tate, council chairman, on behalf of that group. It called down lax legislative procedure, specifically the handling of legislation pertaining to the expense accounts of delegates going to the National Students association convention in Madison, Wisconsin, this fall.

The Legislature will again bring the campus-town redistricting bill to the floor for discussion. The measure was not heard at the last session due to the lack of a quorum. The freshman-junior class officers elections bill which was vetoed day before yesterday by student body President Tom Eller will be brought up for reconsideration. Eller vetoed the bill principally because it did not allow enough time for nominations to be made before the deadline occurred. The election was scheduled to be held yesterday; however, only one slate of candidates had been nominated.

Executive appointments of members to the Legislature and one person to the Men's council are expected to be reviewed by the legislative body. The appointments are Jim Taylor to the council, and Kennedy Gammage, John Miles, Mary Locke Craig, Margaret Goodman to the Legislature.

Two other bills slated to come to the floor are the publications appropriations measure and a bill which would assure all returning students of retention of their old living quarters.
