moot question: "Is the NSA Communist dominated?" Last fall, after returning from nist clique within the NSA had been voted a Red organ. down and thte few Reds in the group were powerless.

Then this month further developments occurred which corroborate this fact. The two delegates who were elected to attend the International Union of Students in Europe , resigned their posts after announcing that they had substantial evidence to make them believe that the IUS is Communistic. - In Prague on Feb. 25 at least one student was killed and several wounded when police fired on a procession of 1,500 students who were marching to ask President Benes not to install the new government. According to press releases they received a volley of lead rather than an opportunity to talk with the president. The Reds took over the Czechoing to a member of the NSA delegation, to activities.
