

Inter-America Meet Will Continue, Says Report from Bogota

Bogota, April 12 —(UP)— The government of Colombia broadcast a message today over its radio in riot-torn Bogota which said: "Communism cannot triumph over Colombia and other nations of the Western Hemisphere."

Thus Colombia announced that the Inter-American conference of 21 nations plans to carry on in Bogota in spite of the weekend of bloodshed, looting and burning which wrecked the heart of the Colombian capital.

The Colombian government has broken off relations with Moscow. It charged that the uprising was inspired by Communist, including two Soviet agents. It said 15 foreign agents, including the Russians, were caught in the act.

The uprising began Friday after a Liberal party leader was assassinated, raged out of control for 19 hours before the Colombian government got things under control. At least 300 persons were killed and the city was damaged to the extent of \$20,000,000 or more.

No Americans were reported hurt, but U. S. Air Force planes still are evacuating people from Bogota and flying in medical supplies for the Americans.

THIS PHOTO of part of the magnificent Capitol in Bogota, Colombia, was made before looting mobs of revolutionaries tore through it in a bloody insurrection. They broke glass doors and windows, wrecked furniture and set several rooms afire. Early reports from the strife-torn city placed the death toll at more than 100 and injured at 200. (International)

Humber Address To Concern International Party Politics

By Herb Nachman

Robert Lee Humber, Rhodes scholar and renowned World Federalist, will speak at 8 o'clock tonight in Gerrard hall on "Party Politics in International Affairs."

The Young Democrats club is sponsoring Humber's appearance on the campus. Humber is best known for his world famous resolution, "The Declaration of the Federation of the World."

One-Man Crusade

A complete story of his one-man crusade for World Federation was given the Greenville, N. C., attorney in the "Christian Herald" and was condensed in "Reader's Digest," May 1946, by O. K. Armstrong.

In advancing his movement, Humber has approached the various state assemblies and legislators. Since he started his crusade in 1940, his resolution has been adopted by the North Carolina legislature, March 13, 1941, and has subsequently been adopted by 14 other states and is being considered in the legislatures of some 19 others.

Phi Beta at Oxford

Humber graduated with an A. B. degree from Wake Forest in 1918 and received his L.L.B. degree there in 1921. He went on to obtain his master's at Harvard in 1926 and received the Rhodes scholar from North Carolina to Oxford University in England. He received his B.Litt. in 1923 and was a Phi Beta Kappa.

He was American Field service fellow at the University of Paris from 1926 to 1928 and was admitted to the North Carolina bar in 1920. Also in 1920 he served in the Tutor department of Harvard in government, history and economics. From 1930 to 1940 he was a lawyer and business executive in Paris and served as a second lieutenant artillery in World War I where he first got the idea for his World Federation crusade.

When Humber took his resolution to the state capital at Raleigh, a vigorous debate was touched off on the matter. One objection was raised that has since become familiar to Humber: "This matter requires more study." To which a senator made what Humber considers an admirable reply: "The progress of civilization cannot wait for my colleague's intellectual development." In the end the resolution passed by comfortable majorities.

By "federation," Humber is quoted as meaning an organization within which each country would retain its domestic sovereignty, delegating to a world government only such powers as are needed to maintain law and order.

Ray Says Work To Start Soon On Bond Issue Improvements

By Charles Craven
Work will begin soon on permanent improvements provided for in the municipal bond issue which was recently approved by an overwhelming majority of Chapel Hill voters, City Manager G. W. Ray announced yesterday.

It is expected that the Board of Aldermen in a meeting to be held tomorrow night will determine when the street repairing and construction on the newly proposed sewage disposal plant will begin.

Thirty-five thousand dollars of the \$260,000 bond issue is allocated for tar-paving and asphaltting of nine unpaved streets, and for the seal-coating of 20 streets.

The streets to be asphaltted or tar-paved are as follows: West Cameron, Graham, Whitaker, Roberson, Nunn, Lindsay, McDade, Noble and Hooper lane.

The following streets will be seal-coated: Pritchard, Carr, Short, North, Henderson, Pine, North Boundary, Glenburnie, East Rosemary, Tenny Circle, Park Place, Senlac Road, McCauley, Ransom, University Drive, Ridge Lane, Wilson, Patterson Place, Vance and Glandon Drive.
