Wentworth and Sloan jewelry store won first prize in the Chapel Hill Merchants' association's window display contest which was judged Saturday.

The first prize of \$10 was given to Wentworth and Sloan for their original window display featuring the "Choo Choo" train. The miniature engine, representing "Choo Choo Charlie Justice" is pulling the Carolina victory train down the field. The train is made up of four cars representing the Carolina games played this season with the score for each posted on its respective car. Beyond the goal posts are three silver bowls; one filled with sugar, another with cotton, and the third with oranges. The window was further decorated with individual pictures of the football team, pennants, and two signs welcoming State and the Carolina grads.

The second place prize of \$5 was won by the Carolina Pharmacy for its unique display of a small football field studded with pipe-cleaner ball players. Four of the twenty entries—the Electric Construction company, the University Florists, Danziger's restaurant, and Huggins' Hardware store—received honorable mention.

Dixiecrats Slate Meet In Memphis

CHARLOTTE, Oct. 18.—(UP)—A Southwide conference will be held in Memphis, Tenn., sometime before the Nov. 2 general election to consider setting up the State's Rights Democrats as a permanent political party, a spokesman said today.

David Clark, Charlotte publisher and co-chairman of the North Carolina State's Rights Democrats, said it is "absolutely silly" to believe that Southerners will return to the Democratic party fold.

In a statement issued at party headquarters here, he added: "So vicious and so insulting have been the attacks upon the State's Rights Democrats by officeholders and certain newspapers—including that of Jonathan Daniels, who aspired to Truman's cabinet—that a call has been issued for a Southwide conference at Memphis, at which consideration is to be given to establishing the State's Rights Democrats as a permanent party."

Daniels, editor and publisher of the Raleigh, News and Observer, declined comment. He was a wartime aide to President Roosevelt and has served as an unofficial advisor on Mr. Truman's recent campaign trips.

Clark said most of the voters of the South will transfer their allegiance to the new party if Mr. Truman is elected and congress makes "any effort" to enact the civil rights program.

Clark attacked Army Secretary Kenneth Royall and Sen. Clyde R. Hoey, (D.—N.C.) and said they were among state Democratic leaders who tried to impugn the motives of the State's Righters.

States' Rights

The Philanthropic assembly will discuss states' rights at its meeting this evening at 7:30 in Phi hall, New East building.

This evening's bill states that the theory of states' right as set forth in the constitution should be upheld and that the human rights provisions of the Declaration of Independence should be respected.

The bill concludes that civil rights can best be handled under local self government and that the 10th amendment to the constitution "is as important as the 14th."

Each candidate will be judged by a 15-man board appointed by trustees of Rhodes scholarship, and will be judged on the basis of records, letters, and personal interviews.

Raleigh Woman Cancels Party For Margaret

RALEIGH, Oct. 18.—(UP)—Mrs. Charles Bradshaw, a classmate of Margaret Truman, said today she had called off a cocktail party "by official decree" which she had planned to give tonight for the president's daughter here.

She said state Democratic officials asked her to cancel the cocktail party for Miss Truman, her classmate when both girls attended Gunston Hall in Washington, D. C. She had invited guests to the affair at 10 o'clock tonight in the hotel where the president and his family expected to stay.

Mrs. Bradshaw said the party was "just called the wrong thing."

Dedmond Says Plans Laid For Three-School Council

A Greater University of North Carolina student council to discuss and iron out problems of the three schools involved is now in the planning stage, Student Body President Jess Dedmond said yesterday.

To meet three times a year, once in the fall, winter, and

spring, the council would discuss and try to iron out mutual difficulties. Different phases of student government would be gone over and ideas would be exchanged.

A meeting Saturday, following a luncheon at the Carolina Inn, arose from an earlier discussion

by student leaders from the University and State college on a way to stamp out vandalism and create more good will between the two schools.

Dedmond explained that such a council might to some extent standardize student government proceedings and enhance the social life of the University, State and Woman's college. Plans were also discussed to send representatives to the State Legislature when it convenes.

It was suggested that the meetings should alternate between the three schools, with the chairman for each meeting chosen from the school which is host.

Present at the meeting Saturday were Dedmond, Fred Kendall, president of the State student body, and Martha Fowler, president of the student body of WCUNC. Other representatives present were Marilyn McCollum, Susan Dawson, Fran Fulcher, and Nell Jones of WCUNC; W. C. English and Preston Andrews, of State; and Page Harris, Bob Kirby, and Bill Mackie of the University.

Stacy Freshmen Square Off For Political Shenanigans

By Jim Dickinson

Up-and-coming freshmen of Stacy dormitory brought their know-how in politics along with them when they entered the University this fall.

With the quarter hardly begun the first-year Stacyites have already squared off against each other in one of the rip-roaringest political campaigns that ever whirlwinded its way across campus.

The issue at hand is the election of dorm officers being held during the first three days of this week. Every conceivable vote-hiding stone having been upturned, the men of Stacy are anxiously awaiting the results of today's balloting.

This souped-up political festivity got underway a couple weeks ago with the naming of candidates for the various dorm offices. Almost immediately politics hit fever pitch in Stacy and has gained momentum every day since. Night and day each candidate at Stacy has left no job undone in letting his fellow dorm members know that he is just the man that the affairs of Stacy needs for a productive year to come.

Hottest race over at Stacy is naturally the office of presidency, which office boasts a half-dozen workmanlike aspirants in Rod Nicol, Bobby Shuman, Charles Wolf, George Blackwelder, Buck Small and John Smitherman.

Things got off to a good start when the Stacyites awoke one morning to find tied to every door a shipping tag with a penny sucker attached. The inscription read, "Don't be a sucker—vote for Rod Nicol."

The other candidates asked themselves en masse, "Who is dis guy Nicol to try and make monkeys out of us?" Before nightfall political fever had spread like wildfire. Every man in Stacy knew full well it would be nip-and-tuck right down to the finish line.

The trio of Wolf for president, Cuthbertson for vice-president and Wilson for secretary-treasurer wasted no time in organizing their S.O.T. (Stacy On Top) party, the main plank of their platform being the insurance of "laundry pickups at a more convenient hour."

After Nicol came back with (See DORM, page 4)

Individualism Under Socialism Defined By CPU

Four definitions for Socialism were offered at the regular CPU meeting in Graham Memorial Sunday night.

The first proposal was "Socialism is the social ownership of the means of producing the wealth of the nation, all individuals being equal in relationship to the ownership of the means of production."

The second definition, and least attacked, was "Socialism is an under which the basic sector of the national economy is nationalized, the state power belongs to the working class, and where production is planned in the interests of the majority."

The third definition was the broadest of the four, and the last was a quotation from the American Socialist, Daniel De Leon.

First Cold Wave of Year Drops Mercury in Nation

CHICAGO, Oct. 18.—(UP)—The year's first cold wave spread over much of the nation today, setting new record low temperatures at some points and bringing overcoats out of mothballs.

The mercury plunged to 20 degrees at Chicago in the early morning for the coldest Oct. 18 on record. The windy city was one of the chilliest spots in the country.

Overcast weather prevailed in central sections as the polar air mass moved eastward and south. Freezing temperatures were expected on the Atlantic seaboard during the night.

The U.S. weather bureau here said that warmer temperatures were developing in the Northwest, where the cold air mass

Student Teachers Should See Clarke

All education students planning to do student teaching in winter or spring quarters in social study, English, mathematics, or science are requested to see C. M. Clarke, 106 Peabody, as soon as possible. Delay in reply to this request may prevent a student's meeting teachers certification requirements before December, 1949.

Garages reported a heavy rush of business from motorists scrambling to fill their radiators with anti-freeze.

Frost spread over the rich croplands of the Midwest, but experts said little damage would be done. Chief Meteorologist Paul Miller of the Indianapolis weather bureau said that most crops have matured beyond possibility of damage, and that freshly-planted wheat was not hurt. Indiana had temperatures as low as 24.

The advancing cold front kicked up a sudden storm in the New Orleans area yesterday which trapped fishermen on adjacent waters. The Coast Guard reported that 13 persons had been spotted or rescued, but that four were still missing.
