Light Freshman Vote Gives Albergotti Vice-Presidency

Others Slated For Runoffs; Ruffin Ahead

By Bill Buchan

University party candidate Julian Albergotti won the only clear election in the freshman elections yesterday when he walked away with the class vice-presidency over Campus party candidate Claude Burton and Larry Botto, backed by the Student party.

Albergotti received 237 votes to Burton's 119 and 114 for Botto. Runoffs are slated in the four other offices. Al Winn, chairman of the elections board announced last night. Only 478 freshmen out of the class total of 1,030 turned out to cast their vote in the elections.

The runoff, which will be held on November 30 when the entire campus goes to the polls to elect candidates for the legislature, will place Dalton Ruffin (Ind) against Davis Byrd (CP) in a final battle for the class presidency. Ruffin received 165 votes to Byrd's 104. Bill Prince (SP) came in third with 100. Bill Bosc (UP) followed with 56 and Mike Galifianakis an independent, brought, the rear with 55.

In the race for secretary, Howard Fogleman, (UP) led his two opponents with 191 while Allen Tate (CP), followed with 166. Bob Brooks (SP) received 113. Fogleman and Tate will be in the runoff.

Norman Harden (UP) led in the fight for class treasurer with 182 votes. Joe Privott (CP) received 177 and Graham Holloway (SP) 116. Harden and Privott are the two candidates in the November 30 runoff.

In the race for the social chairman all three candidates in yesterday's balloting will be in the runoff since the two lower candidates tied and Betsy Ross (UP), did not receive a majority of the votes cast. Ross received 218 and Jo Bissell (SP) and Bob Buckmaster (CP) were tied even with 130.

After the balloting, Winn announced that all party and independent nominations for office in the fall elections must be turned in to him by midnight tonight.

Israel Claims Invading Troops Been Withdrawn

TEL AVIV, Israel, Nov. 18.—(UP)—Israel claimed tonight that its invading troops had been withdrawn from the Negev in compliance with a United Nations Security Council order.

The government said only garrison troops remained in the disputed southern desert area to prevent "predatory activities" by Egyptian forces there.

The announcement came after Premier David Ben-Gurion served blunt notice that Israel intends to keep the hard-won Negev. He told the state council that Jewish troops who entered the area after Oct. 14 would be withdrawn but that the rest of his forces would remain.

His statement was viewed as Israel's reply to the UN order, indicating that Israel will comply with the Oct. 14 withdrawal proposal, but actually will retain control of virtually all the Negev.

UN observers in Paris interpreted Ben-Gurion's statement to mean technical compliance with the withdrawal order. These quarters said that Israel intended to keep garrisoned the 20-odd settlements it won before Oct. 14, pulling out those forces which reinforced the garrisons after that date.

Ben-Gurion said he saw no way of going beyond the proposed withdrawal plan, and that "peace" was now the burning issue in Palestine.

Assembly Hears Class Nominees In Wild Session

By Roy Parker, Jr.

Complete with banners, cheering delegations and showers of campaign literature and confetti, the freshman assembly heard their candidates for class officers present brief speeches in behalf of their candidacies yesterday morning in Memorial hall.

Seventeen nominees for five offices made clear their platforms amid the tumult that resembled a full-fledged political convention. Each made definite promises as to what their election would mean to the class.

President Jess Dedmond made the introductions and tried in vain to keep the enthusiastic audience of 1,000 politically-minded freshmen from raising the roof.

All of the candidates received tremendous ovations as they presented their speeches. Party candidates repeated the campaign promises of their party platforms, while the several independent candidates put forth their own as to how the class would benefit by their election.

Banners were in evidence for all of the candidates, along with handbills, cards, and plenty of handshaking friends. The handbills were torn up and used as confetti during the course of the "convention" and the hall's floor was inch-deep in paper at the end of the speeches.

Betsy Ross, University party candidate for social chairman, received the biggest ovation, despite the fact that she was the last speaker on the program. Jo Bissell, Student party social chairman nominee, ran a close second. Independent presidential candidate Dalton Ruffin got the loudest applause among the male candidates.

The convention spirit carried over into the remainder of the election day, as candidates kept up their campaigning. Davis Byrd, Campus party candidate for president, had a large banner with yard-high letters floating around in behalf of his candidacy during the afternoon.

Clearing Weather, Airport Opening Give Shot in Arm to Vital Airlift

BERLIN, Nov. 18.—(UP)—Clearing weather and the opening of a new airport in the French sector of Berlin gave a shot in the arm today to the vital airlift supplying this blockaded city. Four tons of coal roared into the new Tegel airport at 12-minute intervals. Ninety such cargo planes are expected to land there by noon tomorrow. Then the tempo will increase to 150 planes a day.

Student Solons Vote Changes In Constitution

By Billy Carmichael III

The Student Legislature met last night.

It was a short session requiring slightly less than an hour. It began slowly, developed two dull roars and then slid to adjourn.

The slight upheavals were two attempts to amend the constitution. The first was a Warriner-Kerr-Van Hecke bill to empower the legislature to fix the membership of the Dance committee and the University club.

Dortch Warriner introduced the bill to the floor and move suspension of the rules in order that the measure could be considered in time for the fall elections. The motion was defeated 19-13.

John Van Hecke then asked that his bill concerning a constitution amendment to add a Town Men's seat on the Dance committee, unreported from committee after two weeks, be automatically brought to the floor. After a short parliamentary huddle, the bill came to the floor and was passed, 19-13. Adjournment followed.

Earlier the body heard special committee reports concerning faculty rating and traffic problems. The latter report caused some floor commotion when the elimination of parking on one side of Raleigh street between the quads was suggested.

The Ways and Means committee announced opening hearings on the CPU-Carolina Forum legislative battle will begin Monday afternoon at 3 o'clock with the CPU side being aired first. The opposition will be heard the following day at the same hour. The following week the committee will hear the arguments on the constitutional amendment pertaining to the change in appellate powers.

Approval of presidential appointments completed the evening's agenda. Dortch Warriner was affirmed as the new attorney-general while Don Shropshire, Ben Jones, Barbara Lowe, and Al Lowenstein were approved as four of the five members of the new campus NSA committee.

Grocery Store Cash Registers Are Flooded With Coupons in Price War

INDIANAPOLIS, Nov. 18.—(UP)—A torrent of coupons overflowed cash registers in Indianapolis grocery stores today as housewives merrily cashed in on a \$2,000,000 "price war."

"I've got more coupons almost 'han dollar bills," one grocer complained.

The price war began when a grocery chain mailed to every Indianapolis family a coupon book worth \$5.50 in merchandise. By turning in a coupon with each purchase, housewives get a 10-cent reduction on any item in a long list of staples.

The response was overwhelming. Housewives surged into the stores to buy up peanut butter, syrup,

moodle soup, salad dressing, tamales, catsup, coffee, tuna fish, chili beans, floor wax, furniture polish and dozens of other products.

Other chains and independent grocers began honoring the coupons or cutting prices in self defense. The coupon program originally was a sampling program by manufacturers to stimulate the sale of slow-moving products.

Chain store representatives said the manufacturers honor the coupons, and the chain's profit margin remains the same. They said there was "no great economic significance" in the plan.

Rally Starts With Bonfire, Torch Parade

Durham Stations To Air Pep Meet

By Herb Nachman

The campus will vibrate tonight to the tune of "Beat Dook" when the traditional pep rally with torchlight parade and bonfire begins in the Y court at 7 o'clock.

A double radio-hookup has been planned for the rally. Students participating in the rally here, and Duke students at the Blue Devil rally will be given an opportunity to hear each other through the facilities of Durham radio stations.

Schedule for the rally: At 7 o'clock students will assemble in the Y court where torches will be passed out for the parade. The procession will then go to Navy field for the burning of the bonfire. The University band and the cheerleaders will lead the way.

Following the bonfire, the rally will move to Fetzer field for the broadcast. At 8 o'clock the Carolina rally will go on the air with Coach Carl Snavely, co-captains Rodgers and Stiegman and Norm Sper participating. Also expected to appear on the rally program are Dr. Frank Graham and Kay Kysner.

The two broadcasts will be carried by stations WSSB and WDUK and will be re-broadcast by delayed transcription at 9 o'clock over WNAO.

Nation Struck By High Winds, Heavy Snowfall

CHICAGO, Nov. 18.—(UP)—Heavy snow and high winds struck from Texas to Minnesota today with blizzard conditions in some areas.

An ice and sleet storm coupled with high winds isolated McCook, Neb. Communications and road traffic were snarled in many of the great plain states.

A tornado developed on the Southern edge of the storm and struck Delhi and Mooringsport in upper Louisiana. At least six persons were injured.

Rain, thunderstorms and winds prevailed in states bordering the Mississippi river on the east.

A new storm was brewing in the Pacific Northwest coast, where earlier this week four ships have been disabled and four men killed.

The weather bureau at Chicago said the storm in the central part of the country was almost a true blizzard, lacking only the severe drop in temperature to be called a blizzard. The forecasters said, however, that blizzard conditions existed in many places.
