HERE IS A GENERAL VIEW OF THE CROWD, estimated at between 200,000 and 300,000 persons that staged a giant rally in front of Berlin's university to "acclaim" Friedrich Ebert, Communist "Mayor" of the new Eastern Government for Berlin. Ebert was "selected" as mayor by a rump assembly, set up in opposition to the duly-elected Assembly which was frowned upon by the Soviet authorities. The non-Communists parties of Western Berlin successfully resisted half a dozen attempts by strong-arm squads from Herr Ebert's Socialist Unity (Communist) party to break up their recent political meetings.

## Russians Played Up

NEW YORK, Dec. 8.—(UP)—President Truman's election was the biggest news story of 1948, in the opinion of editors around the world.

It appeared as one of the year's "ten biggest" on lists from every section of the world in the United Press' annual survey of newsworthy events. It led many foreign lists. The struggle at Berlin and other developments in the European cold war also rated high on all lists.

United Press news executives in New York chose the year's ten biggest stories from the standpoint of Americans. Their unanimous choice for first place was Mr. Truman's victory over Gov. Thomas E. Dewey. This list follows:

In an unprecedented peacetime ceremony held before dawn yesterday morning Monroe Landreth, special student from Charlotte, was tapped into the Order of the Golden Fleece, highest honorary organization for men at the University.

Black-robed figures with fleece across their shoulders entered Landreth's room in Stacy dormitory, sounding a gong, and tapped him on the basis of character and service to the University.

Annual Fleece tapping usually is held in the spring in conjunction with the Valkyrie sing. However, this precedent was broken during the war when students were tapped in special pre-dawn ceremonies, because there was no time for the annual tapping ceremonies in the spring. Yesterday was the first time a student has been tapped in a special ceremony since the war. Landreth is leaving school at the end of this quarter.

Chosen for distinctive records in special activities and general all-around excellence of character and leadership, Landreth is the 451st member of the organization.

He is the assistant exchequer of the Grail and chairman of the Senior Ring committee, student adviser, pledge-master of the commerce fraternity, member of the Dance committee, and orientation counselor.

Landreth reactivated the Charlotte-Carolina club and was president for two years. He was a leader in the foundation of the Campus party, and served as chairman of the Student Audit board under Tom Eller.

The 45-year-old organization was founded by Dr. Henry Horace Williams, famous philosopher-scholar, with the initiation of eight students, including Phillips Russell, now a member of the English department.

## UP Solons Control 22; SP Second

### Campus Party Has Six Seats

By Herb Nachman

It will be anybody's ball game in the Student legislature next quarter with no party having a majority, according to figures released yesterday by Al Winn, chairman of the Elections board, and Jack Worsham, clerk of the legislature.

Worsham said that as far as he knows all 50 seats of the legislature are filled. Rumors yesterday indicated that there are still a number of vacancies due to resignations. However, Worsham reported he knew nothing of the reports.

"As far as I can judge, the Student legislature is filled," he said.

At present, the University party has a seven-seat margin on the Student party. UP has 22 seats in the assembly and SP has 15. The Campus party runs third with six seats.

But the double endorsements may make the difference in voting. SP-CP double endorsements control four votes. SP-UP have two legislators and CP-UP have one.

This gives the Student and Campus parties together a total of 50 per cent of the seats. Actually, UP may control only 22 since the other three seats are split CP-UP two seats and SP-UP.

Previous to the election, UP had a safe majority in the legislature. There were 27 openings to be filled. Of the 23 that remained, UP had 11 to itself, SP had five and CP had three. Double endorsements took care of the other four.

After yesterday's runoff, the 27 available seats were split with UP taking 11, SP 10, and CP three, SP-CP took two and the other went to SP-UP.

Thus, no party standing alone will have a majority since control of at least 26 seats is necessary.
