#### Hail the Unsung Heroes

LITTLE HAS BEEN WRITTEN about the Tar Heel swimmers this year, or in the past, but the Carolina memmen have been turning in all sorts of record-breaking performances. They have splashed their way to three consecutive wins this season which, added to the 36 straight wins compiled during the past two-and-one-half years, will entertain the Davidson grapgives them an impressive victory skein of 39 straight. The Tar Heels, plers in Woollen gymnasium this formerly called the Blue Dolphins, dropped their last meet to evening in an attempt to gain Georgia Tech in 1946.

Since then they have romped, or rather paddled, past all op- er, holdovers from last year's position with a minimum of effort. Last year the Carolina swim-squad were elected co-captains mers had an exceptionally easy time of it in winning their ten dual of the Tar Heel team in an elecmeets. In none of the encounters did they yield as many as 25 points tion held yesterday afternoon to their foes. Virginia Military institute came closest to surpassing the preceeding the final pre-meet quarter-century mark with 24 points.

The elongated win streak hasn't been compiled against secondrate opposition, either. VMI, Florida Navy, LaSalle, Virginia, schools will meet at 6:30 with Georgia Tech and other perennial pool powers have met and bowed varsity action scheduled imto the Tar Heels in the course of their amazing accomplishment.

#### Galaxy of Stars

#### South Atlantic Title-Holders

Thomas and Greenbaum, aside from being home-town buddies limited in the State meet, losing have another thing in common. That being the fact that they both to Musser. hold South Atlantic AAU records.

Greenbaum, former Tar Heel captain, holds South Atlantic records in both the 50 and 100-yard freestyle. He has received honorable mention in the All-America balloting in past seasons and is looking better than ever this year. Thomas is the holder of the South Atlantic 220-yard freestyle record, and the 100-yard National junior tonight will be Paul Edmondson backstroke title. He has deserted the backstroke ranks, however, (121). Charlie Harless (128), Ed and now is used exclusively in the distance events by Coach Ralph Turnley (136), Carrol Fisher

Other outstanding performers are John Bippart, South Orange N. #### In the Beginning

SWIMMING AT THE UNIVERSITY began back in 1939 when the first varsity crew was formed. Since that time the Tar Heel mermen have licked every Southern conference team in sight and branched out into other sections in order to schedule tougher opponents. Of the numerous opponents the locals have met the most outstanding foe of them all is the Naval academy. The Navy series has always been interesting and has provided more than its share feit that event due to the lack of excitement down through the years. Carolina now holds an oh- of a participant. Tom Williams, so-slender edge over the Middies. The series stands at 4-3.

Although defeat has been almost an unknown thing to Carolina wimmers, they have enjoyed only four perfect seasons; those being in 1942, 1944, 1945, and 1948. The Tar Heel tankers have turned in excellent showings in national events. National college freshman records are held by former Carolinians Denny Hammond, Percy Mallison, Jack Eshleman, and Bob Ousley. The latter ran out of eligibility last year and is now the frosh swimming coach.

## For Local Cagers In Friday Battle

Carolina's Tar Heels will try to make it victory number 13 Friday night when they meet the Davidson Wildcats at 8 3 o'clock in Woollen gym.

The cagers seem to have awakened from their "State dream" and last night found their winning ways again as they made it two victories over their Virginia 2 foes by swamping VPI, 78-59. The set shot seemed to be the thing and Carolina's quintet really poured them in.

Carolina has a six-two record in the conference now and a victory over the Wildcats would keep them within striking distance of the conference leaders. The Carolina rooters seem to have come to life in the past few games and Woollen gym really
