Professor W.P. Eaton **Opens Theater Session**

Professor Walter P. Eaton told delegates to the Southeastern Theater conference yesterday that tastes of regional

"A play, grave or gay, which is* popular in Times Square will be equally appreciated in Austin, Texas, or Greensboro, N. C.," the noted playwright and drama critic said. "That is," he added. "it will be if it is done well."

note speaker during the first session of the two-day theater conference to which delegates were welcomed by Samuel Selden, head of the dramatic art department and chairman on the organization of the meet. The affair was held in the Playmakers the-

ater conference with the election policy. of officers and the appointment of committees. At 11 o'clock "The Negro in the American Thespeeches on the "Theater in the Moscow. South" will be given. At 12:30 officers will meet for lunch at the Carolina inn.

Highlight of the evening schedule will be the presentation of Gromyko?" "The Little Foxes" to which delegates have been invited. In the afternoon "Theater Architecture for a Low Budget" will be discussed at 2:15; "Portable Stage Setting for Touring" at 3:00; "Theater in the Round" at 3:30; and a film: "The Art Director,"

als were: First, to develop local popular in the UN than any of playwrights by choosing a play his fellows, might succeed to the written within the conference chief deputy foreign minister post and to pay the author the usual royalties; second, to bring to the region one or more actors or diater and to let them spend three not satisfied that Vishinsky's apor four weeks at the college, giving them a chance to participate in productions.

understanding of professional considered second in power withstandards improves productions," in Russia only to Josef Stalin, Eaton said. "This increases audience pleasure and so insures the permanence of regional theaters, to say so. This will help create a public demand that colleges be given better playhouses."

Garret Leverton, one of the chief editors for Samuel French, Inc., spoke briefly about the condition of the professional theater on Broadway as he observed it. "Broadway is just hopeless," he said. "The answer to the whole thing is the university the-

Just Shoot Me

GREENVILLE, S. C., March 4. - (UP) - Night watchman James Seaborn Chambers was dead tired and aching all over when he came home from work this morning.

Pet Dog Case

OXFORD, Miss., March 4-(UP) - Bramlett Roberts, law professor at the University of Mississippi, won the first legal skirmish today over his student in a court case involving the death of a pet dog.

Almost the entire law class turned out for the student versus teacher case before Justice of the Peace Arthur Huggins.

The dog was owned by Jesse B. Holleman, junior law student and state legislator from Stone county, Miss. Holleman filed suit for \$100 damages against the Taxi company involved in the accident.

The company hired Roberts

to handle the case. Holleman called his wife as a witness. An ex-debater, the student painted a picture of the animal "lying dead in the street" because of the driver's

negligence. Holleman then declared that cab owners were protected by insurance. Roberts challenged the statement as being outside

Huggins sustained Roberts

"This is not over," Holleman said. "I'll sue again at some fuluse date."
