"We interpret education in the broad sense of the word," Friday will tell the freshmen.

All freshmen entering in September or June are required to attend the assemblies for two 45-minute periods each week during the fall quarter, approximately 10 or 12 times altogether. Other programs will feature student activities and noted speakers from outside the campus.

## Vets' Office Releases News For Students

Enrollment Time Extended 19 Days By State VA

WINSTON-SALEM, Sept. 26.—(AP)—New instructions for veterans seeking to re-enter training this fall under the GI Bill of Rights were released today by representatives of the North Carolina regional office of the Veterans Administration.

Chief effect of the instructions was an extension to Nov. 1 of time for enrollment of veterans re-entering training or changing courses under the GI bill.

Nation-wide announcement of the change was made Sunday by Carl R. Gray, Jr., administrator of veterans affairs, at that time Gray said that the date of application of Public Law 266 was being moved back until Nov. 1 to avoid working a possible hardship on any students who had not had time to complete plans for entering schools before the original effective date of the regulations, Sept. 12.

Under the relaxed instructions, all veterans who have made satisfactory progress in school have until Nov. 1 to enroll in courses of training without the necessity of prior approval of the VA for changes in course or re-entry into training after once having completed or dropped out of a course.

Public Law 266, passed Aug. 24, prohibits veterans from taking GI bill courses for recreational or avocational purposes, or courses in institutions not in existence for at least one year. The new instruction does not change this prohibition, but after Nov. 1, a new type certificate of eligibility must be used.

This revised certificate shows the course and school the veteran seeks to enter. The VA said yesterday that "This will enable a quick screening of applications for certificates of eligibility to make sure the training sought is permitted by Public Law 266."

## Field Is Cut To 25, Says Bryant Group

Only 25 men are now being considered as candidates for the presidency of the consolidated university, and the process of selection is expected to move much more swiftly than in the past, Victor S. Bryant of Durham said yesterday.

Bryant, chairman of the Board of Trustees committee responsible for recommending a successor to Senator Frank P. Graham, said some 200 persons were originally on the list. The committee, which will make its recommendation to the full Board, met here every member present.

"The committee found it necessary," Bryant said, "to do a great deal of spadework which required much time and considerable travel, but we have about completed the preliminary part of the task."

"We are now ready to get down to the more intensive phase of the search," he continued, "and we ought to be able to move faster from now on. However, we are not ready to set a time limit."

## AEC Blamed For A-Bomb

WASHINGTON, Sept. 26.—(AP)—Senator Hickenlopper (R-Iowa) contended today that "loose security policies" of the Atomic Energy Commission may have helped Russia make an atom bomb ahead of schedule. Senator McMahon (D-Conn) quickly challenged this as not backed up by evidence.

The Iowa Senator, who has accused AEC Chairman David E. Lillenthal of "incredible mismanagement," said in a Senate speech that AEC's alleged laxness had eroded "vital information to filter out of this country."

Hickenlopper gave no factual details but said it was "certainly reasonable to believe" that AEC policies helped Russia to beat the predicted time-table.

McMahon, chairman of the Senate-House Atomic Energy Committee, told reporters the committee's investigation had produced "not one scintilla of evidence" that loose security policies on the part of AEC had helped Russia.

"On the contrary," McMahon declared, "the evidence showed a profound and constant concern for security on the part of the committee."

## Claybrook Arranges Yack Photo Schedule

Prompt delivery of the 1950 Yackty Yack was assured yesterday by Yack Editor Bill Claybrook, as he set up a schedule of sittings for student photographs arranged alphabetically.

Picture-taking began yesterday with students whose surnames began with the letters A-D. The Graham Memorial studios will be open every day except Saturday and Sunday from 10 o'clock in the morning until 9 o'clock at night, Claybrook said.

Sittings will end October 23 and after that no more pictures of individual students will be taken. "And that is definite," he asserted yesterday.

In the four-week period which began yesterday, the Yack editor hopes to accommodate 4,500 students. He emphasized the necessity for all students to have their pictures taken on schedule, for the Yack is working towards a distribution date in the spring of May 15.

Beginning Oct. 1, students whose surnames begin with E-K will be photographed. Oct. 8 will open the week for those from L-R, and Oct. 15 opens the week for those with S-Z.

Rooms to Be Set In 15 N.Y. Hotels For UNC Housing

A proposed plan to call off classes, or allow a "leave of absence" for University students on Friday, Nov. 11, in order to facilitate transportation to New York for the Carolina-Notre Dame game the following day, has been "taken under advisement" by Chancellor R. B. House, and the Board of Deans, House said yesterday.

The plan was proposed by Head Cheerleader Norm Sper, and House is seeking the advice of the Deans in making the decision. "We do not want to have a piled up mess about this thing," asserted the Chancellor, "but a plan to either call off classes for the day or grant a leave of absence for those who wish to go to the game is under consideration."

Sper and Jack Holcombe, president of the University Club, are in charge of the train transportation and housing arrangement worked out to handle the student army. Sper has announced that Friday classes are cancelled then there will be trains leaving for New York on Thursday night.

Bus schedules have been worked out by the Graham Memorial Travel Agency. They also include lodging for one night.

The trains will leave from Durham around 7:30 or 8 o'clock Friday and a single train will return Sunday morning at 2 o'clock.

Accommodations in 15 hotels, all within eight blocks of Times Square, are open to students. Information about reservations will be available at the ticket office in the Y. Sper and Holcombe spent several weeks in New York this summer arranging the accommodations.
