New Budget Cuts Debaters

Budget Group Presents Bill To Committee

Debate Council Requested To Use Huge Surplus

The Debate Council yesterday was asked to operate on surplus for the next fiscal year as the Budget Committee president proposed 1950-51 student government budget—totaling \$97,227.45—to the Student Legislature's Finance Committee.

The proposed budget, which represents a \$5,915 decrease in appropriations over the 1949-50 budget, is expected to go to the floor of the Student Legislature Tuesday night.

The Debate Council cut was the striking change in the proposed budget. The Council, which was appropriated \$3,750 last year, had asked for \$3,730.10.

The Budget Committee cited a \$4,679.44 surplus on hand in the Council's name at the end of the 1948-49 fiscal year, and turned down the Council request.

"The Committee feels that, although it does not have the power to liquidate the holdings of the Debate Council, it is not fair or proper that we should appropriate nearly \$4,000 to an organization which has nearly \$5,000 in the bank, when the money is needed badly for organizations that are not allowed to have a general surplus," the budget body declared in its report.

The Budget Committee headed by Acting Treasurer Dick Gordon, has been hearing requests and preparing the budget for about three months.

The Student Legislature Finance Committee has been working since last night on the Budget Committee's proposals, will announce the official budget measure that will go before the Legislature sometime tomorrow, committee chairman Ben James said last night.

The Student Entertainment Committee fared the best of any organization in the proposed budget, with a proposed appropriation of \$8,685, up \$1,385 from the 1950-51 appropriation, but \$1,315 under its \$10,000 request.

Several re-arrangements of budgeted items were incorporated in the proposed money bill, most of them in publications. The Publications Board was given a \$2,523 appropriation, including repair items and depreciation costs, which were in the past divided among the three publications.

Major student fee appropriation items in the proposed budget included:

- (1) Executive branch of student government—\$1,120.
 - (2) Legislative branch of student government—\$1,195.
 - (3) Judicial branch of student government—\$300.
 - (4) Carolina Forum—\$510.
 - (5) Graham Memorial—\$21,000.
 - (6) Men's Interdormitory Council—\$164.
 - (7) University Club—\$105.
 - (8) Yackety-Yack picture and class organization fund—\$7,725.
 - (9) Yackety Yack—\$26,925.

Fire Near Golf Links Brings Little Notice

Blaze Near Pines Restaurant Is Second In 24 Hours; Negligible Damage Is Done

By Don Maynard and Wuff Newell

As Saturday afternoon golfers unconcernedly putted on the University golf course, a woods fire blazed no more than 100 yards westward, sending acrid smoke rolling across the links—but they played the game through.

The fire ran through the grass behind the Pines, restaurant about one-mile out on the Raleigh highway, but was limited to damage of approximately five acres, according to Orange County.

RALEIGH, April 15—(AP)—The state forester has issued orders that no more brush burning permits are to be issued "until the present situation is relieved by a good rain."

W. K. Biechler, state forester, sent the order out yesterday to the service's 10 district offices. County forest wardens come under the state forester's supervision.

In Wake County, Forest Warden H. E. Shaw announced today all brush fires are being prohibited immediately, regardless of whether permits have been issued.

The Mason Farm Road on one side, the Raleigh highway and the new University links now under construction on the other three sides kept the fire from moving any further. No property damage, other than that done to the timber, was apparent.

The warden stated that the fire was apparently started by sparks from a small fire burning in a makeshift incinerator set on the fringe of the woods. The fire began behind a group of trailers (See FIRE, page 4)

With University Band

Pair Of Musicians Have Own Work Being Premiered This Afternoon

By Wink Locklair

When Harold Andrews and Robert MacDonald walk out on the stage in Hill Hall this afternoon to appear with the University Band in its first concert of the spring season, they will be ready to give the premiere performance of a new symphonic band transcription of the opening movement of Schuman's Piano Concerto.

Andrews, who made the transcription, will conduct the 70-piece organization, and MacDonald, who has been heard here numerous times, is to play the piano part.

Unlike the usual situation when the guest artist arrives several days before concert time

to coordinate his part with the already rehearsed orchestra, MacDonald and Andrews, as soloist and conductor, have worked together on the Schuman concerto from the beginning.

Since the two boys are roommates, MacDonald was able to follow the development of the arrangement step by step and had a chance to learn the score the hard way by helping copy parts.

Andrews, a piano major himself, was able to understand the problems of the piano interpretation and MacDonald, a bassoonist in the band, was at all rehearsals since the first sight-reading of the manuscript.

The ensemble of piano and band is one that has been com-

paratively neglected. Andrews, a senior music major, was considering projects for work towards an honors program in music, when, at Transylvania Music Camp last summer, he heard Eugene List perform the Grieg Piano Concerto, with the Transylvania Concert Band.

When Harold Returned to Chapel Hill and learned that his roommate was working on the Schuman A-Minor Concerto, it was decided to make an arrangement for band and piano.

Another soloist is scheduled for this afternoon's program, also. He is Carl Baxter who will play the adagio movement from Haydn's Cello Concerto as transcribed for trombone and band by Harold Byrns.
