\$500 Winner In NAM Contest

VOLUME LVIII

Phi Beta Prexy **Essay Describes** New U. S. Might

A. Ward Peacock, a member of this year's graduating class in the University and president of Phi Beta Kappa, learned yesterday that his essay won \$500 offered as second prize in a contest conducted by the National Association of Manufacturers for the best critical appraisals of the NAM's 54th annual Congress of American Industry.

Peacock, son of Prof. and Mrs. Erle E. Peacock, was one of 49 college students-one from each state and the District of Columbia - who were guests of the NAM at the Congress in New York last December. The guest students were eligible to compete for \$1,950 in awards.

The Congress of American Industry, sponsored annually by the NAM, is the nation's major meeting of industrialists. It is attended each year by some 3,000 manufacturers, large and small, who meet in conferences and panel discussions to examine their own and the country's mostpressing problems, seeking solutions in the interest of the whole American people.

The 49 students invited to the Congress were selected by lot from among the nominces of more than 600 college presidents and deans, each of whom named one candidate for the expensepaid trip to New York.

Trustees Ask Lyn Miller Named **Editor Of Quarterly**

John Schnorrenberg Scheduled To Be **Business Manager Of Literary Mag**

Lyn Miller, rising senior from Falls Church, Va., has been named editor of the Carolina Quarterly, retiring Editor Harry Snowden announced yesterday.

Serving as Business Manager will be John Schnorrenberg. Other staff appointments will be announced as soon as possible, Miller said yesterday.

The new editor has served on three UNC publications since coming here last fall. She was Fiction Editor of the Quarterly during the spring quarter. She has worked on the Daily Tar Heel and in advertising layout for Tarnation. She was makeup editor of the Sweet Briar College newspaper before coming to the University, and was editor of her prep school annual.

In a statement released yesterday, Miller asserted: "In taking over the position of editor of the Carolina Quarterly. I am aware of its two great needs port of a special committee and for a unity of purpose.

Peacock is president of Phi Beta Kappa and also of Beta Gamma Sigma, commerce scholastic fraternity. A native of Chapel Hill, not yet 21, he was valedictorian of his high school class at Gordon Military College in Barnesville, Ga., and has won numerous honors at the University, where his father is professor of accounting.

In his \$500 prize winning paper, Peacock noted that the theme of the conference was "New Strength for America," and commented:

"To one who had no information in advance concerning the nature of the events which were to unfold during the three wellpacked days of the Congress, the scope of such a theme loomed large. There were many alternatives to choose from when you began to seek the answer to the question where to obtain this 'New Strength for America.'"

But as soon as the Congress got under way it was apparent, he continued, "that the source of new strength for America was to come, not so much from some revolutionary and untapped source, as from the preservation of the very principles which America has followed for over 170 years."

These principles, he noted, were "freedom and free enterprise," which are responsible, he said, "for the tremendous and meteoric growth of this yet young nation into the productive power which it is today."

Peacock, after analyzing the messages of the numerous speakers and observing that many focused on the threats to freedom they saw in excessive governmental control, concluded.

Yack News

1950 Yackety Yacks will be given out tomorrow afternoon from 1:30 to 3:30 in the Yack office in Graham Memorial, Editor Bill Claybrook said yesterday.

Through Monday afternoon. 3,000 of the books had been distributed. Both undergraduate and graduate students who have been registered all year may receive their annuals by presenting their ID cards.

Claybrook urged that all students get their books tomorrow afternoon,

A plea for United States citizens to become more and more acquainted with "the amazing social progress" now taking place in the Republic of Guatemala, was voiced here yesterday by Antonio Carrera Goubaud, Guatemalian Ambassador to this country.

Ambassador and Mrs. Goubard are visiting Dr. and Mrs. John Gillin for several days. Ambassador Goubaud, who is also an anthropologist, has known Dr. Gillin, a professor of Anthropology in the University, for several years.

"Our amazing social outlook is definitely a process of democracy," Ambassador Goubaud said during an interview. Guatamala and Salvador abolished their frontier in 1945 when troops were withdrawn. The Constitution, adopted five years ago, provides for a semiparliamentary government and establishes freedom of the press, assembly, women's suffrage and protection of work-
