## U.S. Demands Chinese Halt Aid To Korea

### Security Council Asks For Chinese Reply To Charges

LAKE SUCCESS, Nov. 8—(AP)—The United States charged today the Communist Chinese have recklessly thrown thousands of troops into the war in North Korea and demanded an immediate halt to all Red aid to the Communist Koreans. The Security Council thereupon called on the Communist Chinese to come here and answer the charges.

The invitation to the Red Chinese—termed by U. S. delegate Warren R. Austin as a summons to a witness—was extended by a vote of 8 to 2.

The Council adjourned without setting a date for a new meeting but informed sources indicated the U. S. might toss in a resolution tomorrow backing up Austin's charges and demanding an early meeting. Austin and Nationalist China's T. F. Tsiang insisted the invitation must not delay the Council.

The invitation was in the form of a British resolution supported by the United States, Russia, Britain, France, Ecuador, India, Yugoslavia and Norway. Nationalist China and Cuba opposed it and Egypt abstained.

Nationalist China is one of the Council members holding the veto but its negative vote did not count as a veto since the question of an invitation is only one of procedure.

Austin touched off fireworks with blistering charges against Red China based on a special report from Gen. Douglas MacArthur, U.N. Commander in Korea.

## Playmakers 'Romeo' Set For Nov. 28

"Romeo and Juliet" will be the second major production of the Carolina Playmakers, to be presented for six evenings in Chapel Hill, Nov. 28 through Dec. 3.

Samuel Selden, chairman of the department of dramatic art, has accepted the directing assignment.

Shakespeare's classic tragedy of love and intrigue has not been performed by the Playmakers since May, 1941, when it was presented outdoors in the Koch Memorial Forest Theater. This season's production will be acted at The Playmakers Theater, and then take to the road on two separate 12-day tours in February and April.

Although Selden has been active every summer in "The Lost Colony," this production will mark his return to the Playmaker stage as a director of major productions after an absence of four years. Selden's fresh approach to each play has earned him a reputation as one of America's finest directors.

### Local Voting

Percentage-wise, voting in yesterday's General Election was higher in Chapel Hill than in the rest of the state. Some 354 write-in votes for ex-University President Frank Graham were recorded in the two precincts here. He got slightly over 1100 throughout the state.

The town went all out for incumbent Senator Clyde Hoey, but the race for the junior Senator between Willis Smith and Republican Edwin Gavin was much closer. Smith wound up with 674 votes to 509 for Gavin.

All of the proposed Constitutional Amendments were passed with a wide margin but Amendment 2, dealing with safeguarding teachers' retirement funds, got a very large number of votes.

## Approval Of Negroes Grows Among Southern Universities

MEMPHIS, Nov. 8—(UP)—There was growing student approval today for admittance of Negroes to Southern colleges.

A series of U. S. Supreme Court rulings opened the doors of State Universities to Negroes in the past three years, and the situation has been accepted calmly.

Some protest has come from politicians, while university authorities have discreetly sidestepped critical comment. The students themselves have taken the new development in stride.

Thus far, the slow and cautious entry of Negro students into Dixie Universities has been mainly on the graduate school level—principally into schools of law.

The Southern Conference Educational Fund, Inc., of New Orleans, says that an estimated 200 Negroes are now enrolled in 21 previously all-white southern colleges and universities.

Negroes attend graduate and professional schools in 11 of 17 state universities. Private Colleges in three states admit Negroes.

There are some states where laws demand segregation of the races, and Negroes still have not been admitted to white universities.

However, in specific instances the courts have ruled that Negroes be admitted to the Universities of Oklahoma, Texas, Arkansas and Louisiana, and the Attorney General of Tennessee recommended admission of Negroes to the University of Tennessee.

In at least four cases, editors of campus newspapers at southern schools have endorsed the admission of Negroes to their classrooms. These were at the University of Alabama, Auburn, the University of Mississippi and Millsaps College, a Methodist school in Jackson, Miss.

The "Auburn Plainsman" said it doesn't believe the students would object to Negroes attending the school. The University of Alabama publication previously carried an editorial in the same vein.

A week ago, Albin Krebs, 21-year-old editor of "The Mississippian" at the University of Mississippi, said that Negroes should be admitted "not only to Ole Miss, but to Mississippi State College and other state-supported schools."

DR. MAURICE TRIMMER, pastor of the Fifth Avenue Baptist Church, Huntington, W. Va., will be one of the 19 guest speakers scheduled to lecture on campus during Religious Emphasis Week which gets underway here Sunday. He is qualified to speak on History, Philosophy, and Sociology.

## P-J, Torchlight Parade To Feature Pep Rally

By Edd Davis

A new twist will be added to the pep rally routine tomorrow night when a gala combination Torchlight and P-J parade will be held at 7:30 in preparation for

the Carolina-Maryland football game Saturday.

This is the first time in University history that a P-J parade has been held, according to the University Club sponsors.

The huge parade will be fore-runner to a mammoth pep rally which will be held in Memorial Hall immediately afterwards.

Students are requested to meet in the Y Court where the parade will begin. It will proceed down Cameron Ave. to Raleigh St., then pass by the women's dorms to East Franklin St., up to Columbia St., back to Cameron, and to Memorial Hall for the start of the rally.

Jerry Sternberg, president of the University Club, yesterday made a plea for a big turnout of P-J clad students. He said:

"Since it will be cold, we suggest you wear plenty of clothes. But wear those P-Js. We really want to make this one a success."

Joe Chambliss and his cheerleaders also will be wearing P-Js, in accordance with the theme of the parade, and will lead the students in all the UNC cheers.

The Theta Chi "Uke" quartet will present several novelty numbers that they have arranged for the occasion. There also will be a short address by a speaker to be announced tomorrow.

Students are reminded to bring Confederate flags and Carolina Blue victory hats.

Members of the committee for the rally are Buddy Herman, chairman; Sonny Cockrell, Meg Grubb, Paul Winslow, John Slomp, John Poindexter and Jane Neighbors.

"For those few who don't know what P-J means," Sternberg added with a wry smile, "please inform them that P-J means PAJAMAS."

## PB To Talk About Award

A proposal to establish a publications award in memory of the late Dr. J. M. Lear, Publications Board faculty adviser, will be brought before the group at its meeting this afternoon at 4 o'clock in Roland Parker Lounge No. 1 in Graham Memorial.

Among other items on today's agenda are reports on the use of the log in the PB truck, on publications keys awarded last spring, and on advertising mats.

The Board is expected to re-view its decision which slashed the salary of John Langston, Tarnation Business Manager. Yackety Yack Editor Jim Mills also has indicated he would have a business matter to bring before the Board.

## WC Science Topics Set

GREENSBORO, Nov. 8—(AP)—Topics to be discussed at the annual Harriet Elliott Social Science Forum at Woman's College November 16-18 on "Public Opinion in a Democracy" were announced today.

The question which will open the Forum is "What makes public opinion?" Discussions will be held following on "Do We Have A Free Market in Ideas?" "Pressure Groups and Public Opinion," "The Nature of Propaganda," and "The Citizen and the Policy Makers."

### Staff Meeting

There will be a meeting of the news staff of The Daily Tar Heel at 3 o'clock this afternoon in the Managing Editor's office. Important business concerning all those now working will be discussed.

Staffers should check the bulletin board at the newspaper office and initial a notice posted there.

## 'Mental Field Lags Far Behind'—Lewis

Although much attention has been given to physical health improvements, the field of mental health has been sadly neglected, Dr. Nolan D. C. Lewis charged here last night in the second of his three McNair Lectures.

Speaking in Hill Hall, Dr. Lewis stressed the view that "the least advanced of all the sciences are those having to do with man's relations with his own kind."

The speaker is noted in the psychiatric field. For the past 14 years he has been Director of the New York Psychiatric Institute and Hospital.

Dr. Lewis will give the final lecture of the annual series tonight at 8:30 in Hill Hall.

"The least advanced of all the sciences are those having to do with man's relations with his own kind," he asserted. "Here the scientific method is most difficult to apply. However, it can be and is being done with some success."

He pointed out the "great lack of adequate financial support to do research on a scale urgently needed in the field of mental health."

Dr. Lewis stated that "about \$200,000,000 of the taxpayer's money is spent yearly for the care of mental patients. Less than \$1,000,000 of these funds is devoted to the promotion of research attempts to discover the sources of trouble."

The series was established by John Calvin McNair, class of 1849. Its purpose is to "show the mutual bearing of science and theology upon each other."

## Payne Named Drive Head

Bob Payne, ex-Chairman of the Men's Honor Council, has been appointed coordinator for the Campus Chest which will hold its annual drive in the winter quarter.

A senior from Gastonia, Payne's appointment by President John Sanders will come before the Student Legislature at its meeting tonight. Ratification of appointment is expected.

Ellington, the party's nominee for freshman class president, is a native of Burlington and was very active in high school politics before coming here.

Mitchell Novitt, Walterboro, S. C., is the UP nominee for freshman vice-president; Bob Bundy, High Point, is the candidate for secretary.

They said the Russian-made planes tried to lure them over the Yalu River into Manchurian territory.

Stevens' wingman, 1st Lt. Russel Brown, Pasadena, Cal., shot down one of the Soviet planes and Stevens damaged the wing of another.

The four American jets were strafing the airfield at Sinuiju, at the mouth of the Yalu River, when they were alerted to the presence of enemy aircraft in the area.

Stevens and Brown climbed to 20,000 feet, followed by Lt. Ralph N. Giel, Cleveland, O., and Lt. Richard D. Escola, of Livingston, Cal.

## Chinese Reds In N. Korea Still Fall Back

TOKYO, Thursday, Nov. 9—(UP)—Chinese Communist troops throughout North Korea continued their unexplained withdrawal for the fourth straight day Thursday under blazing and sustained attack from the aroused Allied air arm.

United Nations patrols penetrated as far as three miles into Communist territory on the northwest front without making heavy contact with the enemy. In the northeast, a U. S. 10th Corps spokesman said the Reds also were retreating before U. S. Marines south of the Choeon Reservoir, and apparently were "out of contact."

The Communist withdrawals were made amid a new and moderated tone in Peking broadcasts. The broadcasts seemed to suggest that Red China may withdraw her troops from Korea on the strength of United Nations assurances the Manchurian border will be respected.

The morning dawned clear over the northern battlefield and warplanes throughout the Far East command were alerted to follow up the massive aerial

(See REDS, page 4)

## Beat Dook Floats Asked For Parade

The PiKA fraternity, which is sponsoring the "Beat Dook" float parade, has invited all interested organizations to enter the contest.

Particular notice has been directed to the fact that floats must feature a "Beat Dook" theme to be considered for awards.

Entries will be judged Thursday, Nov. 21, and awards will be presented by the Float Parade Queen at the game on Saturday. The Queen will be selected by members at the PiKA House, where the candidates and their dates will be entertained at a supper Tuesday, Nov. 16.

### Looks Like An Ordinary Couch

## The Latest Method For Making Your Date A Very Vibrant Gal

DENVER, Nov. 8—(AP)—You lie down on what looks like an ordinary studio couch.

Somebody plugs something in the wall and pretty soon your ribs begin humming soft and low, like the tunes of a tuning fork. Your bloodstream, which has been doing whatever dull things bloodstreams do when left to their own devices, begins buzzing pleasantly.

You feel like quite a kid. There is a tingling in the feet. You yawn.

The mattress of the couch vibrates, undulates. It is giving you what Fletcher M. Brown describes

as "circular, cellular massage."

Brown, a tall slightly puzzled-looking young man, who isn't puzzled at all, is president of a new company which manufactures a new type of mattress. The mattress has a small motor embedded in the foot of it and the motor makes it behave like a scoop of gelatin in the mess-car of a troop train.

"There are other concerns," Brown says, "which manufacture vibrating mattresses. But theirs are products which rely on straight-line vibration."

"He jerks his fist up and down, smiles patronizingly, conveying

## Investigation Findings Due In Legislature

An investigation report on negotiations this summer, which resulted in a student-merchant co-operative plan, is scheduled to be presented to the Student Legislature at its meeting tonight at 7:30 in New West Building.

Making the report will be a special committee appointed last week by Speaker Herb Mitchell.

Paul Roth, University Party floor leader, who introduced the bill and saw it passed last week, said "it is not an attempt to probe the presidential office. I'm just not sure of the validity of the actions taken by the National Students Association Committee."

Members of the NSA committee worked during the summer to institute the plan. Their goal was improved student-merchant business relationships.

## UP Nominates Frosh, Senior Class Officers

The University Party nominated candidates for freshman and junior class officers in its regular meeting yesterday afternoon in Graham Memorial.

Dick Penegar and Bob Ellington will be the UP standard bearers for the presidency of the junior and freshman classes respectively.

Penegar is from Gastonia, is president of Kappa Sigma Fraternity, and is a former member of the UNC football team. Archie Myatt of High Point is the UP representative for the junior class vice-presidency. Myatt served as sophomore class vice-president last year.

Other UP nominees for the junior offices are: Betty Bowles, Statesville, who is running for secretary of her class; Alan Tate, Gaffney, S. C., who is the UP nominee for junior treasurer; and Betty Jane Pullen, Fincastle, Va., and Gene Hardin, Burlington, who are running for the post of co-social chairmen.

Ellington, the party's nominee for freshman class president, is a native of Burlington and was very active in high school politics before coming here.

Mitchell Novitt, Walterboro, S. C., is the UP nominee for freshman vice-president; Bob Bundy, High Point, is the candidate for secretary.

## UNC Nursing Head Addresses Society

Dr. Elizabeth Kemble, head of the new University School of Nursing who took up her duties here in September, addressed the Methodist Women's Society of Christian Service at the Chapel Hill Methodist Church this week.

The topic of Dr. Kemble's talk was "Thy Saving Health Among All Nations."

Women of the Orange County Church were special guests at the meeting.

## GM To Present Concert Sunday

Graham Memorial will sponsor a concert featuring William Gant, pianist, and William Klentz, cellist, this Sunday at 8:30 p. m. in Hill Music Hall. Both musicians were formerly associated with the University School of Music.

Gant is a graduate and member of the faculty of Yale University. At the age of 19 he was assistant organist at the National Cathedral in Washington, D. C.

## U.S. Jet Fighters Stage Battle With 12 Red Jets

KIMPO AIRFIELD, Korea, Nov. 8—(UP)—Four American F-80 Shooting Stars fought a five-minute air battle with eight to 12 Russian-made jets today and scored the first confirmed kill of a Russian-made jet in the Korean War. Another was damaged.

The battle was fought south of the Yalu River in the area of Sinuiju, the new North Korean provisional capital, by a flight of four American jet fighters led by Maj. Evans G. Stephens, San Angelo, Tex.

The Americans reported the Soviet-made planes, which they identified as MIG-15s, were silver all over and carried no markings at all.
