Renew Your Licenses, Dept. Says

If your drivers license is due to expire soon, better get it renewed or pay the penalty.

Motorists are urged by the Department of Motor Vehicles to renew applications any time within 60 days before the license expires. They may be stopped by a Highway Patrolman but will not be issued a ticket unless the license is void by more than 30 days.

Under the Department's revised driver licensing program, begun in 1948. a number of licenses are expiring daily. Elton R. Peele, of the Licensing Section asked that motorists take a close look at their driver's license and note the expiration date which, he pointed out, falls on the licensee's birthdate.

Di Defeats ROTC Bill By 19-4

The Dialectic Senate defeated at its regular meeting on Tuesday night a bill calling for the abolishment of the present ROTC system and the establishment of a compulsory college military training program in its place.

Voted down 19-4. the measure received its principal support from former servicemen who saw a greater need for specialization and discipline. "UMT," they said, "would improve this."

Drawn up by the Ways and Means committee, the bill was introduced by president pro-tem Ed Smith. Most opposition came from ROTC candidates who believed that officer training should be arbitrary and not compulsory.
