

School Of Education's Dean's List Announced

Seventy-Nine North Carolinians Appear

One hundred and two students, 79 of them North Carolinians, made the Dean's List in the School of Education here during the past quarter, Dean Guy B. Phillips announced yesterday.

To be on the Dean's List a student must average a grade of B on all subjects.

North Carolina students on the List are:

Chapel Hill—Margaret M. Barrow, Harold A. Bentley, Jr.

Charlotte—Carolyn M. Butcher, Margaret L. Fox, Frank E. Litaker, William W. McGinn, Elizabeth A. Schachner, and Romas T. White, Jr.

Durham—Charles G. Bennett, Jr., Louise D. Carter, James Davis, Jr., Emmett M. Partin, William H. Selzer, Jr., Albert D. Spain, Jr.

Goldsboro—Eunice W. Bizzell, Ruth B. Edgerton, Elizabeth A. Kornegay, Jane A. Parker, and Anna F. Strosnider.

Raleigh—William D. Braswell, William C. Burgess, Virginia R. Gilliam, Margaret W. Sears.

Wilmington—Samuel B. Jolly, Barbara J. Merrill, and Jay V. Wise, Wrightsville Beach.

Other North Carolinians: Nancy A. Ader, Walkertown; Wiley E. Auman, High Point; Julius H. Ballew, Nebo; Isaac F. Brady, Jr., Mebane; Margaret A. Brock, Richlands; Martha H. Byrd, Mor-

ganton; Kathleen E. Campbell, Hamlet; Larry J. Carter, Asheville; Mary Anne Carter, Wallace.

Bruce A. Coats, Benson; Nancy L. Coble, Laurinburg; Samuel F. Covington, Jr., Albemarle; Joseph H. Davis, Elizabethtown; Ruth C. Davis, Whiteville; Anne N. Dover, Shelby; Patrick H. Earey, Hickory; James S. Farthing, Dunn; Maude B. Foy, Kinston; Aurelia H. Fulton, Walnut Cove; Ben H. Hackney, Jr., Lucama; Mildred A. Nancock, Mt. Olive.

Mary N. Hawkins, Suit; Hershel V. Hawley, Lillington; Katherine L. Hester, High Point; James H. Horton, Salisbury; Carolyn E. Kizer, Brevard; William J. Kucyk, Kenly; Mary Virginia Latta, Burlington; Rae M. Litaker, Concord; Cella W. Liveley, New Bern; William H. Lloyd, Hillsboro; Jane D. Lyons, Tryon; Billy A. McDonald, Forest City.

Julian D. Mason, Jr., Williams-ton; Thomas R. Morris, Kenly; Gertie Nelson, Lumberton; Evelyn A. Oettinger, Kinston; William C. Park, Greensboro; William R. Paschal, Biscoe; Nancy P. Peete, Warrenton; Mary Elizabeth Popé, Mt. Olive; Elizabeth T. Powell, Whiteville; Helen B. Redden, Hendersonville.

Ruth W. Sikes, Monroe; Patty S. Starr, Plymouth; Jean G. Stockton, Winston-Salem; Michael Swain, Julian; Nellie L. Taylor, Danbury; Nancy S. Thompson, Pittsboro; Ray A. Warren, Belmont; Robert E. West, Salem; Cora E. White, Lenoir, and Jay V. Wise, Kannapolis.

Theologian To Address Local Groups

"Christianity and Economics" is the topic of an address to the School of Business Administration on Saturday, February 16 at 12 noon on the second floor of Lenoir hall by Dr. John C. Bennett, professor of Christian Theology and Ethics at Union Theological Seminary.

This will be the first of five lectures by Dr. Bennett, appearing under the sponsorship of the Inter-Faith Council. At 6 o'clock that evening Dr. Bennett will address a meeting for all students at Lenoir hall on "The Role of Christian Ethics in Facing the Problems of the Modern World."

Following his sermon at 11 a.m. Sunday morning, February 17 at the University Methodist Church, members of the Graduate and Cosmopolitan clubs will entertain Dr. Bennett with a tea Sunday afternoon, February 17 at 4 o'clock in Graham Memorial and a discussion of "The Church and the World Situation" will be held.

Sunday nite at 8 p.m. he will meet with the Religion in Higher Education Faculty Group at Morehead building.

Dr. Bennett will climax his addresses with a discussion of his book, "Christian Ethics and Social Policy" at 10 a.m. Monday Feb. 18 in the Religion 31 class.

His many activities in the Federal Council of Churches of Christ in America included a study of the moral implications of wartime use of mass destructive weapons. At present he is collaborating with economists and other theologians in a three year study on the relation of Christian ethics to economic life, under a grant of \$100,000 from the Rockefeller Foundation.

An A. B., cum laude, from William College in 1924; B.D., magna cum laude, from Union Theological Seminary in 1927; Master of Sacred Theology, summa cum laude, from Union in 1929; and M.A. from Oxford in 1930 are some of the many degrees earned by Dr. Bennett. In 1940 the Church Divinity School of the Pacific, in 1943 the Pacific School of Religion, and in 1947 Williams College, each bestowed an honorary D.D. on Dr. Bennett.

Election Set Tuesday

A special election will be held Tuesday to determine whether the amount of seats in the Student Legislature should remain the same or be cut to 35. Present number of 50.

The referendum is required under the student Constitution amending processes.

University Party officials believe the move unnecessary, saying that the size should remain the same to keep interest in student government. Student Party leaders believe student government will be more "efficient" if the number is cut.

Polls will be open from 9 a.m. to 6 p.m. Polling places are Graham Memorial, Gerrard Hall, Alexander, Aycock, Mangum, and Alderman dormitories.

High Draft Rejection Brings Need For Health Program

Reidsville—North Carolina's high draft rejection has reminded the people of the need for a greater health program said Dr. Nathan Womack at a banquet of

the Rockingham County Chapter of the UNC Alumni Association this week.

Dr. Womack, a native of Reidsville, but speaking as the nationally known surgeon and professor of surgery at the University, emphasized the role of the new UNC medical school as trustees of a concept. He pointed out the obligations of the University as a seat of culture and a way of living and said that Carolina has fulfilled this obligation to a degree no other university had approached.

The report on the University's new four-year school of medicine was followed by a general report on the student body and overall development program at the University by J. Maryon Saunders, secretary of the University Alumni Association.

Highlighting the program was a sound-and-color documentary film by the University Communications Center, "In the Name of Freedom: The Story of Chapel Hill," depicting the achievements and spirit of the nation's "first state university."

This was the annual banquet at the Belvedere hotel, and the 65 alumni and guests attending were informed that Rockingham County's close tie with the University is strengthened by 55 Rockingham students now enrolled there as well as two members on the faculty. There are also 320 alumni in the county.

GM To Present Hansel, Gretel Tuesday Night

"Hansel and Gretel," a fairy grand opera sung in English and performed by the Matinee Opera Company, will be presented in Graham Memorial Tuesday night, at 7:15.

The performance is sponsored by Graham Memorial, student activities building.

The opera by Composer Engelbert Humperdinck is considered one of the best for people of all ages. It is the German version of the English "Babes in the Woods," and children love the story.

The Matinee Opera Company consists of a group of actor-singers, and the cast of "Hansel and Gretel" is composed of four women and three men, all with wide professional experience in concert, church and operatic work. Originated by Caroline Beeson Fry, a singing teacher of New York, the company began its tours of "Hansel and Gretel" in Maine in 1947.

Since then it has appeared in cities and towns throughout the nation from the far west to the east coast.

Sponsors and critics from all over the country have endorsed the performance with such statements as "a captivating theatrical treat," "gay and appealing performance . . . each singer excellent," "every seat filled . . . audience completely captivated," and "a smash hit . . . top-grade operatic group."

Gray Voices His Opinions On Business

"Business management must be aware of what is going on in world, state and local affairs," Consolidated University President Gordon Gray said this week in keynoting an address to the Greensboro chapter of the Society for the Advancement of Management.

More than 40 industrial engineers and personnel men from North Carolina and Virginia industry met here to hear Gray after an afternoon tour of the University.

"Management has obligations beyond the bounds of its particular establishments," continued President Gray. In international affairs American businessmen should organize like American labor has done to help their counterparts abroad support governments which protect free enterprise against strong Communist attacks, he said.

"For business only to remain apart from and critical of government is not constructive. Our enemies are so strong and ruthless," he said, "that business firms, even at considerably sacrifice, must be willing to supply management talent to work understandingly with government men in setting foreign policy."

"On the state level business should be fully conscious that most laws which regulate business and provide valuable services are state laws," Gray asserted.

New Ram-Jet Latest ROTC Poop Sheet

"Ram-Jet," the AF ROTC cadet newspaper made its initial appearance on the campus of the University of North Carolina yesterday.

The name of the paper was selected for its Carolina Ram—Air Force Jet plane implications. The term "ram-jet" actually applies to a very high speed propulsion device which occupies a position between the turbo-jet engines and true rocket motors.

The "Ram-Jet" will be a strictly AF ROTC cadet publication, edited by Cadet S/Sgt John McKey, II, Putney, Vt., under the supervision of Cadet Major James P. Mahoney, Fairlington, Va., Cadet Public Information Officer.

Articles will be carried concerning cadets, cadet matters, the Department of Air Science and the U. S. Air Force. It is expected that by the end of the current school year, "Ram-Jet" will be published on a weekly basis.

The Naval ROTC also publishes a similar newspaper, called the "Carolina Cutter." They have been publishing since the middle of fall quarter. The "Cutter" was started by former DTH Managing Editor Rolfe Neill, but has since been edited by Walt Dear, member of The Daily Tar Heel staff.

Squadron Of Arnold Society Formed Here By Air ROTC

Formation of the Moorhead Squadron of the Arnold Society of Air Cadets was announced here yesterday.

The Arnold Society, an honorary group of Air Force ROTC cadets, originated at the University of Cincinnati and was named in honor of General of the Air Force H. H. "Hap" Arnold.

The charter members named the UNC Squadron in honor of their professor of air science and tactics, Lt. Colonel Jesse J. Moorhead.

Charter members of the group, whose purpose is to promote interest in flying, are Cadet Colonels James R. Strickland, Wilson; and William R. Burkholder, Candor; Cadet Lt. Col. Ben E. James, Jacksonville, Fla., acting commander of the squadron; Cadet Capt. Andrew P. Shveda, Weirton, W. Va. and Cadet Sergeants Jere P. Dubose, Hartsville, S. C.; Robert E. Shaw, Lavale, Md.; Kenneth G. Anderson, Durham, N. C.; and James A. Bell Jr., Greensboro, N. C.

Each Squadron of the Society is also responsible for sponsoring community Air Scout activities and the Billy Mitchell Airmen, an organization similar to the Arnold Society but composed of freshman and sophomore cadets.

Membership in the Arnold Air Society is honorary and based on an unusual interest in aeronautical subjects, scholarship, leadership and is restricted to junior

and senior cadets.

Later this month the charter group expects to initiate additional members and elect permanent officers. The meetings will feature guest lecturers on aeronautical and related subjects.

Jacob Furth Of Oak Ridge Speaks Here

Dr. Jacob Furth of the Oak Ridge Laboratory will give the annual address of the Whitehead Medical Society in the Medical School auditorium tomorrow at 8 p.m. His subject will be "Conditioned Neoplasm."

Dr. Furth, a native of Hungary, obtained his medical education in Czechoslovakia. Entering the U.S. after World War I, to work with the Rockefeller Institute, he was on the pathology staff of the University of Pennsylvania from 1922-32, and at Cornell University until 1943, leaving as professor of Pathology.

Since 1950 he has been with the biology division of Oak Ridge Laboratory. His interest in irradiation of tissues, specifically the effects of X-rays on normal and cancerous tissues, resulted in a considerable amount of the presently available knowledge on
