(Continued from page 3)

He was a Phi Beta Kappa but much prefers to talk about his career as a dash man for the Tiger track team.

No sooner had he finished his studies at Princeton when World War I began. He served as an Ensign in the Navy for 1917 to 1919. After this, he tried his hand in advertising in New York City, but his great interest in archaeology lured him away from this field. In 1920 he held a fellowship of the Archaeological Institute and in 1922 came to Chapel Hill to begin a career of teaching. From 1923 to 1926 he taught at the University of Cincinnati, and met Agnes Westerlund, whom he married in 1924. The year 1926 saw the Harlands in Europe where Dr. Harland held a Guggenheim Fellowship. He directed many diggings at Karinth and Mycaene and excavations at Memea, where a civilization dating from 4000 to 1100 B.C. was revealed.

Dr. Harland returned to Chapel Hill in 1927. His popularity on the campus extends over a wide range of interests. He has done yeoman work as faculty representative on the Student Entertainment Program, is a regular of-

ment was made: George Barley, as assistant football coach,—former head coach at Washington and Lee.

ficial at track meets, and he and Mrs. Harland are frequent attenders at student dances, teas, and other campus activities.

Dr. Harland and his wife became as popular on campus, in fact, that the 1951 "Yackety-Yack" was dedicated to them.
