

March 10-14

# Public Health Officials To Hold 2 Meets Here

The second joint Conference on Field Training for Public Health Education, Nursing and Nutrition Counselors and the seventh annual Working Conference for Public Health Educators are scheduled here for March 10-12 and March 12-14, respectively.

The Conference on Field Training is sponsored by the Departments of Public Health Education, Nursing and Nutrition of the School of Public Health and the Departments of Public Health Education and Nursing of North Carolina College.

The Working Conference for Public Health Educators is sponsored by the Departments of Public Health Education here and at N. C. C.

Representatives of field training programs throughout the south will participate in the conference opening Monday, March 10. Following registration at 9 a.m., Chancellor House and Dean G. McGavran of the School of Public Health will extend welcomes.

Feature of the day's program will be an address, "Human Relations in Field Training," by Dr. R. W. Howell, newly-appointed professor of mental health in the School of Public Health.

The afternoon session will be devoted to group discussions.

A discussion, "Planning Together for the Associate," to be led by Dr. Robert Coker of the State Board of Health, Raleigh, will highlight Tuesday's program.

Special sessions for public health education, nursing and nutrition counselors will feature the afternoon program.

Mrs. Margaret Dolan, assistant professor of public health nursing, will address the nursing group on "Responsibilities of the University and Agencies" at the final session Wednesday morning. Individual conferences will comprise the special sessions of education and nutrition counselors.

The Working Conference will get under way Wednesday morning, March 12. Chancellor House and Dean McGavran will welcome the group at 1:30. At 2 p.m. Dr. and Mrs. Robert King of the Puerto Rico School of Medicine and the Puerto Rico Bureau of Health Education, respectively, and Miss Maria Zalduondo, also of the Puerto Rico Bureau of Health Education, will speak on "Island-Wide Planning for Public Health."
