

Snavely Eyes Better Team After Blue-White Showing

by Bill Peacock

"We definitely will have a better team next year," Coach Carl Snavely pronounced after reviewing the work of the Carolina football team in the Blue-White intrasquad game Saturday.

"Practically every boy is improved and has another year's experience," he said. "The boys will be better adapted and while we'll miss some of the seniors, the loss is lessened because everyone is working with a new formation."

Better Suited

The switch from Snavely's old standby, the single wing, to the split-T was made quite successfully, he feels. "I think the team did very well. The boys had only 19 days of practice, but they came along fine and actually improved as the game went along, you know." As we had thought in advance, our personnel is better suited to the T and some of

the boys who were only ordinary performers in the single wing last year will be better next year."

Tar Heel fans were happy to see that the important quarterback position was handled well by Carmen Annillo and Charlie Motta. Despite a rain which continued throughout the game, the two powered the two Carolina teams to a total of six touchdowns.

"Motta is about the most improved offensive back—he's taken to quarterbacking like a duck to water. The quarterback material has developed better than the same players would have in the single wing tailback position, I believe. They handled the ball pretty well even though they made some mistakes on the pitchouts, but that's about the toughest thing to perfect."

Annillo Has Edge

Snavely feels that Annillo has

a little edge over Motta at present and would join halfbacks Larry Parker and Bob White and fullback Bud Wallace in the starting backfield. "However, Motta, Bull Davidson, and Billy Williams would be right behind those boys," he added quickly.

The improvement of Wallace, John Gaylor, Williams, Jack Cooke, Parker, and Maurice Young will keep the Tar Heels well-manned in backs, the coaches believe. "Last year we had about five backs who were pretty well adapted to only fullback," Snavely explained. "Now we can fit them in any of three positions because none of them are specialists."

Next year Carolina may be too thin to use a full two platoon system. "In a lot of positions the starting offensive players will also be the best defensive players, so some of the boys will have to play most of the game," Snavely said.

Linemen Improve

Improvement in the play of several men should bolster the line. Dick Kocornick seems to have the left end position tied up with veteran Benny Walser having an edge over Tom Adler and Dick Starner at the right flank. Francis Frederic and Ken Yarborough are both doing well at the tackles and converted blocking backs George Foti and Red Patterson will be among the top guards. Offensive centers Bill Kirkman and Dave Mullins are also doing better now.

Even with an improved team, a winning year will be difficult with such teams as Notre Dame, Texas, and Miami on the schedule in addition to the Big Four opponents. "We'll have to be good to win any of them because all the schools are looking forward to better teams next year," Snavely figures. "Last year we were too optimistic and we know that any team could lose any game on the schedule."

Basketball Squad Enters Final Week Of Workouts

The University of North Carolina basketball squad has entered its final week of intensive spring drills. Coach Tom Scott has been sending his charges through a strenuous workout daily for the past few weeks.

Attention has been focused not only on the many returning regulars now working out, but also on a promising newcomer. The latter is Paul Anisko, a transfer from Villanova.

Under NCAA rules Anisko was forced to sit out the 1951-52 cage season, but will be available for

the coming campaign. Anisko is not exceptionally tall by basketball standards, but makes up for this lack of height by a surplus of shooting skill. Great things are being expected of him, and it is hoped that he will in part make up for the lack of depth so evident on last season's squad.

Among the returning varsity cagers now participating in the spring workouts are last season's high scorer, Al Lifson, Jack Wallace, and Skippy Winstead, forwards, centers Paul Likins and Ernie Schwarz, and guards Vince Grimaldi, Bob Phillips, and Paul Brantley. These boys are expected to form the nucleus of next season's squad.

Bud Maddie, regular center two seasons ago, who was idle last year because of a broken shoulder, has also been working out, and will furnish some help for next season.

A number of boys from last season's Jayvee team have also been participating in Spring drills. Coach Scott will probably take some of his reserve strength from this group.

social rules are subject to the jurisdiction of the IDC Court and may be reported to the Dean of Student's Office in South Building, to the presidents of the dorms, or to the chairman of the court.

"Penalties which this board may prescribe are indefinite probation; permanent probation; indefinite suspension from dormitories, and suspension from dormitories with recommendation that the offender never be readmitted to residence in University dormitories.

"It is our sincere desire that the court will not be required to take stern measures to enforce the dormitory social rules. We feel that it is to the best interests of all concerned to observe the rules voluntarily."

"It was just a little outdoor cafe, until they started putting lots of Angostura* in the drinks."

MAKES BETTER DRINKS

P. S. Angostura Bitters is what you put in to make the flavor come out in Manhattans and Old Fashioneds. And the same goes for soups, salads, and sauces!

Doug Kahn Takes Victory In Campus Chess Tourney

Douglas Kahn, a Freshman from Charlotte, was the winner of the Spring Quarter All-Campus Chess tournament recently concluded here.

In taking the title, Kahn scored wins over Robert Hubbard, Dr. W. Bower, of the University Physics Department and Tommy Makens in the finals. Kahn's lone defeat in the final matches came at the hands of David Evans.

Finishing behind Kahn were Evans and Dr. Bower, who tied for runner-up honors. Each posted scores of 2½-1½. In third place came Hubbard who had a final total of 2-2. Makens with an 0-4 was the low man among the five finalists. These five were the survivors from a group of ten chess players who originally entered the tournament.

The tournament was under the joint sponsorship of the intramural department and the UNC Chess Club.

Goldsboro Boy Awarded Scholarship

William M. Ginn, an outstanding football and basketball star from Goldsboro, has been awarded the annual Monogram Club scholarship for the coming year.

The scholarship winner was announced at halftime at the Blue-White game Saturday in Kenan Stadium by the University Scholarship fund.

Ginn was selected from twelve high school seniors interviewed at Chapel Hill recently. The twelve were chosen as the outstanding applicants from a list of 45 who applied for the scholarship. Valued at \$300 a year, this is one of the most coveted awards offered by the University to athletes.

Ginn, the son of Mr. and Mrs. William M. Ginn of Goldsboro, is a senior at Goldsboro High School, and will be graduated in June. He has been very active in school affairs throughout his stay there, and has held several high offices in student government and other organizations.

At the present time, he holds the North Carolina State High School Wrestling title, is president of his class, president of the Spanish Club, secretary of the Varsity Club, a member of the Honor Society, and was voted
