

What Goes On Here

Yack Artists
There will be a meeting of all artists, who are working on the 1953 Yackety Yack, at 7 o'clock Monday night in the Yack office.

Glee Club
The Men's Glee Club will meet tomorrow afternoon at 5 o'clock in the Choral Room of Hill Hall.

Yacks Needed
The Yack needs 30 more 1952 Yackety Yacks. Anyone interested in selling their copy is asked to bring it by the Yack office on second floor Graham Memorial. A nominal price will be paid for books in good condition.

SS Interviews
Interviews for selection of a delegation to represent UNC in the State Student Legislature will be conducted Monday from 8 p.m. to 11 o'clock on Tuesday from 4:30 to 6 p.m., and on Wednesday from 8 p.m. to 11 o'clock.

Cosmopolitan Club
The Cosmopolitan Club will present a movie and short program on Switzerland at 4 p.m. today in the Rendezvous Room of Graham Memorial.

MARINE CAPT. Ted Williams, former outfielding great of the Boston Red Sox, says he probably will not return to baseball when he receives his discharge in 1953. He is undergoing intensive jet fighter training at Roosevelt Roads Naval Air Base in San Juan, Puerto Rico, and will probably go on to Korea later.—UP Telephoto.

Freshmen have ousted veterans at four positions on the West Virginia football team. They are Fred Wyant at quarterback and Eddie Dugan at left half on offense, Bruce Bosley at right tackle and Joe Marconi at left half on defense.

In Your Church

BAPTIST

A cursory glance at the book of Isaiah in the Old Testament can be deceiving to the eyes of a modern Western. He is liable to think it was written by one man who, pressed with an idea plus an eye for the best-seller lists, retreated to his quiet country home to write it. If asked why people still read the Book of Isaiah, though it is almost 3,000 years old, the average Western man is stumped. If he picks it up and reads it himself, he is apt to ask, "What on earth prompted anyone to write this and what is it all about anyway?"

Help is what he needs to introduce him to an Eastern mind, one quite different from his own—but a mind which has a profound insight into his problems if he knows how to open its interpretation. Assistance is what he will get if he spends one hour each Sunday morning at the Baptist Church with Dr. P. H. Epps, University Greek professor. Dr. Epps' long struggle with spiritual problems has made him a richly rewarding teacher.

At the beginning of the quarter, the Sunday School Class suggested several topics as possible subjects for a three months study. From these topics, the class voted to study II Isaiah (Chapters 40-66). To this point in their study, the class members have learned that the Book of Isaiah was written by two men, that it was written over a whole lifetime, that many of Isaiah's writings were assembled by others without regard to continuity, and that the book opens with the joyful message that Cyrus, King of Persia, has released the Jews from their long Babylonian captivity—and they are returning to their homes.

Students of all faiths are welcome to Dr. Epps' class, which convenes at 9:45 a.m. each Sunday.

Christian Science

Christian Science services, which conform with the ordered pattern set forth in The Mother Church Manual by Mary Baker Eddy, discoverer and founder of Christian Science, are held each Sunday at 11:00 a.m. in New West Lecture room. Included in each service are alternate readings from the Bible and from Science and Health With Key to the Scriptures, the denominational text-

book, by Mrs. Eddy, which comprise the weekly Lesson-Sermon.

Readers in the local campus organization are Kay Kiser, First Reader, and Mrs. C. P. Spruill Jr., Second Reader. The Lesson-Sermon today is entitled "Doctrine of Atonement."

Episcopal

Dr. Claiborne Jones, associate professor of zoology, will speak at the regular meeting of the Canterbury Club tonight at the Episcopal Church. Dr. Jones will discuss the topic, "Why Are We Going to College?" A supper meeting in the Parrish House will open the session at 6 o'clock.

Presbyterian

The Rev. C. M. Jones, pastor of the Presbyterian Church, will conduct the two Sunday morning services at the local Presbyterian Church. Mr. Jones is on a year's leave of absence to work with the Save the Children Foundation in Kingsport, Tenn., and does not fill the pulpit each Sunday. Next week Dr. Thomas D. Schaffer of the Duke Divinity School will be guest minister.

Unitarian

The Unitarian Fellowship will meet tonight at 8:30 in Gerrard Hall. Charles Vickery, prominent member of the Unitarian Service Committee, will talk on "Germany's Displaced Children." He spent three years in Germany, working in the homes of the war-ravaged people, helping provide them with food, clothes, education and aiding in their resettlement.

Joe Marconi of Fredericktown, Pa., one of the nation's most highly sought schoolboy gridlers this year, ran 30 yards for a West Virginia touchdown the very first time he carried the ball. He's a 6-2, 205-pounder who has won a regular job with the Mountaineers at defensive left halfback.

To Describe Work With DP Children

Charles N. Vickery of Chapel Hill, who spent three years with the Unitarian Service Committee in Germany, will tell about his work with displaced children at a meeting of the Unitarian Fellowship tonight in Gerrard Hall at 8:30.

Vickery's talk will be illustrated. His work was with teenage children in homes in the British Zone and included providing education and resettlement along with food and clothing. Children from six months to 18 years are cared for by the Service Committee.

Other work in Germany includes medical, dental, and education missions. Top U. S. professional men and women volunteer their services to give intensive training to German professional people. In Bremen, a model community center for all ages has been opened, of the American type. The Service Committee works here and abroad, in Israel, in the Orient, and in Southern France, among other places.

The meeting will begin at 8:30 and everyone is invited. Maurice Cobb, chairman, will preside.

Freshman Eddie Dugan of Uniontown, Pa., established an all-time West Virginia University record in only his second college game by racing 90 yards for a touchdown. Having beaten out two veterans for the left-halfback position, the 9.9-second dash man is currently the Mountaineers' leading ground-gainer.

North Carolina Authors On The Dollar Table

Debby — North Carolina's own Max Steele won the 1950 Harper Prize with this heart-warming novel. One of the finest books on our dollar table.

Jackson Mahaffey—The story of the taming of a whiskey-drinking, cock-fighting fool from the North Carolina back country, by Fred Ross.

The Horns of Capricorn, by Helen Topping Miller. A romantic novel of North Carolina at the turn of the Century, and mighty good reading for an off hour.

The Way of the South—A living biography of a people, by U.N.C.'s own Charles W. Odum. This belongs on your permanent shelf.

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
