Charlotte Students
Those Charlotte students who

Ex-Prof To Lead Religions Study

Dr. Maurice Kidder, former religion professor at UNC, will lead discussions in a group study of American religions here beginning Jan. 6.

Dr. Kidder, currently rector of the Church of the Holy Family, will prepare the discussions along the same lines as his Religion 92 course which was discontinued at UNC this fall. Such speakers as Rabbi E. M. Rosenzweig and Father John A. Weidinger will speak at the various programs. All students are invited to join the group which will be in the form of a Y committee and meet twice monthly.

"Each meeting will include a wish to attend the annual Charlotte - Carolina Club Christmas formal can obtain bids from Bud Moon or Bob Skidmore in Ruffin Dorm, Bert Wayne at the KA house, Sam McNinch at the Beta house, or Earl Daniel in Cobb Dorm.

From that stage smash!

"I always smoked Chesterfields in college just like my friends" says New York secretary, Elizabeth Lydon, "and here in New York it seems like almost everyone smokes them."

Elizabeth Lydon DUKE '51

AND NOW—CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount. 45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each.

"At the beginning and end of the six-months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated . . .

"It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Remember this report and buy Chesterfields . . . regular or king-size.
