Horse

(Continued from Page 2)
Horse waved a hoof. "You might just by foul luck meet with them, and how nice to be able to say, 'Happg Podzolic' if they salute you with a courteous 'Good Chernozem.'"

Perhaps. But I wondered what would happen if you said to a Tar Heel farmer something to the effect you wished you had some chernozem?

He'd probably look carefully over either shoulder and snick a jug out of the haystack." The Horse admitted. "But worse things could happen; and it would not be corrupting Education and lowering it to the understanding of the masses. Goodness, imagine saying 'rich black soil' when you mean rich black soil? I may be a horse, but you talk like an ass."

Sometimes The Horse does see in the right focus.
