## Playmakers To Hold Auditions For Cast Today

Open auditions for Paul Osborn's "On Borrowed Time," will be herd today in the Playmakers Theatre, at 4:00 and 7:30 p.m.

To be directed by Harry E. Davis of the Playmakers staff, "On Borrowed Time" is scheduled for production Nov. 18-22, and will be taken on two two-week tours in December and March, through North and South Carolina and Virginia.

Scripts for the play are on reserve at the University Library for those interested in reading them in advance. The play requires a cast of eight men, four women, and two small boys about 11 or 12 years old.

# Germans Will Bring Two Bands

**Battle Of The Bands** Concert To Feature Long, Tucker Music

Fall Germans this weekend will offer something unique in dancing and listening-a battle of the bands between North Carolina's own Johnny Long, "young America's favorite," and Tommy Tucker, also a favorite with colleges throughout the nation.

The two maestroes will match batons at a concert in Memorial Hall this Friday and at the dances in Woollen Gym Friday and Saturday nights. Tucker's band will play from 4 until 5 p.m. Friday. Long's band will continue the concert by playing from 5 p.m. until 6 p.m.

The dance Friday night will be in the hands of Long and will last from 9 p.m. until 1 a.m. Tucker will take over on Saturday night, playing for the dance from 8 p.m. until 12 p.m.

## God Speaks Through Any Culture Or Religion; No Group Is Ever 'Lost' Says Charlie Jones

By Jerry Epps

"A person should be educated for everything that's in him; his soul, heart, strength, and mind," says the Rev. Charles M. Jones, minister of the Community Church.

"One of the failings of education," he says, "is that most of the time it uses only one of a person's assets-his mind." He says that his theory of using a man's whole being could and should be applied to education as well as to religion.

Mr. Jones states, "Too many people think of their religion in an exclusive pattern-something apart from their daily lives. Religion should be inclusive."

What Mr. Jones tries to do is to separate primary matters from secondary matters. He wants "to get at the basic truths which remain permanent and to shuck away things which may seem to be basic truths but are really temporary products fo a certain culture and a certain

Turn Loose Past

As he states it, "Perhaps one of the greatest problems in religion is the inability of people to turn loose of things of the past. People have a strong tendency to hold on to things which are old because they think being old makes the things true. "Mankind should learn to take

what is good and true from the past and discard what is false. "It's much easier to see and point out what was wrong and

transitory in the thinking of some past age than it is to see the faults in our own thinking here and now." Mr. Jones guesses that if he

had been living during the time when slavery was in effect, he would probably not have thought it wrong, and might even have had slaves himself because there was generally a bond of affection between slave and master. But now he can see the insti-

tution of slavery for the impermanent system that it was and can look at it objectively and point out its wrongs. He sees the same imperma-

nence in economic systems. "I don't think that Capitalism is the ultimate and perfect economic set-up, nor is Communism," he "When a change is needed in

an economic system or a government, I think the change should be made. We shouldn't hang on to outmoded systems and ideas when something better is obtainable."

Christian Religions Speaking of various Christian

religions, Mr. Jones says, "Variance in religious ritual means only that there are different kinds of people. There are many baptismal rituals and each serves the purpose equally well.

"If a person believes in baptism, that is fine; it will do the person good spiritually. But, as I see it, baptism and other rites are a means to an end, namely spiritual enrichment. They are not fundamental.

"I can be profited by any kind of religious service from a Quaker Meeting, which has an almost absolute lack of ritual, to Episcopal or Catholic services, which are very ritualistic."

World Religions

On the subject of world religions, Mr. Jones states, "I don't believe all religions have equal value, but neither do I believe they divide people into 'lost' and 'saved' groups. God can and does speak through any medium, culture, or religion.

"If I found something in the Mohammedan religion which I sincerely believed to be true, I would not hesitate to accept it."

Mr. Jones states the crux of his belief in this manner: "To love God with all my beingheart, soul, mind, and strength: and to love my neighbor as my-

## Wolfsheimer Is **Elected As New UP Head Man**

Lou Wolfsheimer was elected chairman of the University Party last night to replace former chairman Jack Stilwell, who resigned Gorham. The UP met in Graham Memorial at 7:15.

Wolfsheimer was Gorham's original appointment as attorney general, but the student legislature rejected him two weeks ago by a vote of 20 to 15. After the UP members had given him a standing ovation last night he said, "I've been shoved from pillow to post recently. My only attribute seems to be that the Student Party dislikes me, of which I am proud."

Commenting after the meeting on charges leveled against him in legislature by Student Party representatives Gordon Forrester and Joe. Fleishman, he said, "The accusations hurled against me are not worth answering. Any intelligent student who knows anything about student government will see that this (his rejection as attorney general) is purely a political

Forrester had said that Wolfsheimer "is lackadaisical. He considers student government more of a game than the serious business it is." Wolfsheimer said, "I enjoy student government. If enjoying something makes that thing a game, then I must believe, as Mr. Forrester says, that student government is a game."
