Announcement of the project improvements climaxed a year for the dormitories during which vending machines were installed, television sets ordered (with legislative grants), and dorm visiting agreement plans furthered.

Biggest setback of the school year for dorms was the theft of social room furniture totaling 26 pieces.

Solons Make **Appropriations** To Kenan, ICB

By JENNIE LYNN

The Legislature last night almost got a look at a student-sponsored plan which would enable a German from Goettingen University to attend Carolina with expenses borne by campus contributions.

Ultimately, said Legislator Norwood Bryan, who wrote the bill, the idea is for an exchange between UNC and Goettingen on a student and faculty level and possibly in the field of research.

· Bryan will ask the solons to appropriate \$100 as a token toward the \$1.500 or so needed to initiate the plan. Because it was a money matter in excess of \$10 the Legislature could not act on it at the meeting-its last-and will have to take it up next fall. However, Bryan said he hoped President Tom Creasy would proceed during the summer with the necessary details in order that the first student might enter by fall, perhaps, but certainly by February.
