Little Bo Peep On Ice

AMONG THE VARIED FEATURES of "Ice Capades of 1955," which will be presented in the William Neal Reynolds Coliseum at North Carolina State College Nov. 2-6, will be a production featuring "Little Bo Peep and All Her Sheep." Three skating stars, who will have roles in this number are pictured above.

Romance Language Meet

Teachers of romance languages from the state will meet here next Saturday for simultaneous sessions of the North Carolina chapters of the American Association of Teachers of French and the American Association of Teachers of Spanish and Portuguese.

A panel discussion on "Prob-

lems of Teaching French in High School" will be presented by Miss Dorothy Craighill, Rocky Mount; Miss Estelle Mitchell, Greensboro; Miss Rozelle Royal, Roanoke Rapids; and Mrs. Tora Ladu, Raleigh.

During the afternoon the teachers will meet in Graham Memorial Lounge for an entertainment program, including music by representatives of the UNC Department of Music, and a new travel film on Europe, provided by TWA.

Cobb's Got Its Paper

There are 250 Corn Cobbs distributed weekly to the residents of Cobb dormitory. The Corn Cobb, of course, is the dormitory newspaper.

The paper is delivered to each of the approximately 250 rooms in the building. The Corn Cobb is mimeographed on legal size paper. Even with the small circulation the cost of publishing is less than 1/2 cent per copy.

Funds come out of the IDC "endowment" to the dormitory.

Charlie Barrett, editor of the Corn Cobb, in answering a query of just what was the principal objective of the paper said:

"The Corn Cobb is a way of keeping the residents (of Cobb) informed on dormitory activities, and also serves as an outlet for humorous 'digs' and collegians in general."

An example of a "dig," which appeared in this year's first publication, is: "This is Be Kind to Your Roommate Week—Let him spit on this first."

At biweekly dormitory meetings, complaints and announcements in the dorm are brought up. The dormitory manager and floor managers bring up things they would like the residents to know about and correct.

These meetings are the main news source of the Corn Cobb. The paper does not print news of the campus since the DTH "handles that quiet efficiently."

Corn Cobb was the only dormitory newspaper on the campus last year. Jim Dunn, last year's editor, is present editor of the Carolina Quarterly.

Currently, Stacy's Rebel Yell is the only other dorm publication on the campus. Dave Merritt is Associate editor of the Corn Cobb. Doug Young handles the jokes and Earl Haynes gives advice to the loveless; Joe Eudy, Aviation; Bill Hayes, news,

Air Force ROTC Commandants

SENIORS in th Air Force ROTC at North Carolina State College are assuming more responsibility this semester under a revamped training program. Shown above are the top cadet leaders responsible for the training of 975 ROTC students on the drill field. They are cadets John Pearman of Goldsboro (left), wing commander; and Moncie Daniels of Manteo, deputy wing commander.

TV's Got An Audience

People in Chapel Hill do watch television. This fact was proved Monday night about 8 o'clock when 11 students responded to a call flashed on TV screens in this area.

The call said that Gravely Sanatorium of the N. C. Memorial Hospital needed 11 pints of blood right away.

The students who responded to the call according to Watts A. Scott, assistant administrative clerk of the hospital, were: Wallace O'Neal, Job Belcher, Jake Phelps, Steve Phelps, Darel Hurley, Hartwell Conklin and Dennis Ream, all of Phi Kappa Sigma Fraternity; Dorothy M. Upchurch of Route 1, Sue Fryer of Chi Omega Sorority, Harry House of Pi Kappa Alpha Fraternity and Bob Clay of Graham Dorm.

GM Records For Sale

The Graham Memorial Activities Board has 500 albums of 78 R.P.M. records which will go on sale in the APO Room in the basement of Graham Memorial today.

All albums will be sold for 25 or 50 cents. The record bargain basement will be open daily from 1:30 to 4:30 until the entire collection is sold.

Included in this collection are popular recordings by Benny

Goodman, Bing Crosby, Artie Shaw, Glen Miller and many others. The classical selections are by Toscani, Kersten Flagstad, Melchior and Fritz Kreisler playing symphonies, concerts, opera and string quartets.

By special arrangement with the Film Committee, a person buying a film series ticket is entitled to his choice of two albums.

Medical Course Starts

This afternoon, a study of rheumatic fever and rheumatic heart disease will open an eight-week Postgraduate Medical Course on Cardiovascular Diseases here.

General practitioners from throughout the state have been invited to attend the weekly course which will continue through Dec. 15, with various staff members from the Department of Medicine serving as lecturers.

The first lecture will be given by Dr. Ernest R. Craig of the UNC

Medical School, who is chief of cardiology in N. C. Memorial Hospital. He will present new methods recently devised to prevent or minimize damage to the heart in rheumatic cases.

The course will begin at 2:20 p.m. Wednesday in room 5001, Clinic Building. Participating doctors have also been invited to attend the hospital's Combined Staff Conference which meets in the Clinic Auditorium at 4 p.m. to review interesting cases of the week.

Monogram Club Is Active

This year, along with their other activities, the Monogram Club has decided to take on another activity, and this newest one consists of co-sponsoring, with Graham Memorial, the showing of films taken at the latest football game. The showing will be tomorrow night.

After the football season is over the club is hoping it will be able to show films of old football games such as those taken during the Justice era. "It all depends,"

Pawluk said, "On how they are received by the students." This is not the first time that the Monogram Club has given some of its time to a campus project; all year long the club performs similar activities. Their other projects include cleaning up Battle Park, assisting in blood drives, acting as guides for visiting high school seniors each spring, and maintaining a reception service for visiting teams.

Of all the club's activities, the program for various state orphanages are among the most worthwhile. Groups of these children are invited to home football games and are feted at Easter and Christmas.

Probably the most well known campus activity sponsored by the Monogram Club is that of holding the Blue-White game every spring. The proceeds from this game, as well as most of the proceeds from other activities, go into the athletic scholarship fund.

— University Psychiatrist —

(Continued from Page 1) Students show varying degrees of willingness to talk about their problem, said Holsten. "If a student is referred to us by a faculty member, he comes in with a chip on his shoulder. If a student has worried all night, he can't wait to get in. The student who comes on his own initiative is willing to talk freely."

Not Necessarily Serious He pointed out that when he refers a student to Dr. Fortin, it does not mean that here is something seriously wrong. "It's just that he has training in this sort of thing," he said. He stressed the fact that he and Dr. Fortin work together.

Dr. Fortin pointed out that a self-referral to his office by any-

body will be accepted at any time. "We function as doctors," he said. "Students are assured of a privileged communication, except when the dean or person referring a student to us requires a report," he said.

He said that his files were "top secret," that nobody could look into them, and that they could not be subpoenaed.

Treatment can be given on a short- or a long-term basis, he said, depending on the circumstances.

Before coming here, Dr. Fortin was an instructor in the Colorado School of Medicine at Denver for the past year.

Born in Montreal, Canada, he received his A.B. degree from the University of Ottawa in 1942. He served in the Navy for two years, and after his discharge obtained his M.A. in Psychology from the University of Montreal in 1945 and his M.D. from there in 1950.

Before this year students were referred to the psychiatric department of the hospital and were counseled by Dr. George C. Ham.

According to Dr. Fortin, Carolina is one of 25 universities in the country which provide permanent psychiatric service for students.
