Interdormitory Council Backs 'Brigadoons' For Dorm Men As Campus Dance Tradition

By RUTH DALTON

The Interdormitory Council last night approved a recommendation by John Beshara to organize the "Brigadoons," a dormitory men's German Club.

The group, proposed by the IDC social chairman, would be governed by a board of directors to be composed of 12 members elected from the various dorms.

The purpose of the "Brigadoons" would be to sponsor a dance to be played by a name band this year, and one such dance each semester starting with the 1955-56 academic year.

The approval of the IDC in no way obligates the dormitories who will each vote on the measure and report back to the IDC within one month.

IDC President Manning Muntzing had this to say about the recommendation. "This idea of the Brigadoons is not especially a new idea. It was mentioned last year and I'm sure even before that. I am happy though that the IDC has taken an interest in this project and is willing and anxious to see such a thing as the Brigadoons off to a flying success.

"It will take a lot of work, but I sincerely believe it will be worth every moment that we are able to put into the idea. It is something that I think we have needed for a long time. It's something that I think will be tremendously successful and a wonderful addition to our campus tradition."

John Beshara, author of the recommendation, said "I have in mind to create a new tradition. I have given this proposal a great deal of thought and I think there is a definite need for dormitories to sponsor such a program."

Another important matter brought up at the meeting was the telephone situation on campus. Student body president Tom Creasy was present at the meeting and presented the following plan which was approved by the IDC to help solve the problem.

Maintenance of telephones in the dorms will be quite expensive. To cover this expense, Creasy has proposed that instead of painting the dorms every four years as is now done, that for one or two periods the dorms be painted every five years. This would cover the cost of installing and maintaining the phones.

In answer to a question, Creasy said that phones on the first floors in women's dorms might also be included in this measure. The approved recommendation will now be sent to the University's Building and Grounds Committee. If the Committee approves the measure, the telephones will probably be installed immediately.

Creasy also said "I think the IDC is going to have one of the best years that any IDC has ever had on campus."

The group also approved a recommendation for dormitories to help finance the housing for one year for an exchange student from Guertengin University.

Pulpit Players Production Is Slated Tonight

Earlier in the week, the Players gave their opening performance of Christopher Fry's drama before an audience that nearly filled the main auditorium of the church. All Players' performances are open to the public.

Mrs. Louise Lamont, Chapel Hill, directs the Players, a non-denominational group, with many experienced actors among the membership, who have been sponsored by the Baptist Church of Chapel Hill in reviving the drama within the church.

had gone through a political and social growth and that gave the American women the opportunity to do what she wanted to do.

"It is not a question of independence," Howell said. "Americans are living in a luxury. This has brought about a new attitude. The woman does not dominate, but rather she is dominated by her culture."

In India the women are staying in the background because though they want jobs, they are not available, Purabi said. Women are ridiculed if not married. If they are in a profession, they do not have a good chance, for marriages are arranged when they are young, she said. "They have to think twice," Barbara Goldwyn pointed out that they might have more equal chances to study and go into a profession if they had equal education.

"There are not enough jobs for men and women," Descloux said. "We should give the father the opportunity to feed his kids . . . it is an economic situation."

Furuhata said "The girls in Japan work for two or three years; then they leave." He explained the importance of the training in School to Be a Bride, which all the better Japanese girls go through. They learn to cook, sew, clean, perform the tea ceremony and play a musical instrument well.

Definite distinction is between the work of the man and that of the women, Furuhata said.

Juniors Must Take Test

The faculty has voted to require all rising juniors to take a general test in English.

This semester the test will be given to those who may be promoted to junior standing this year. The purpose of the test is to improve student's achievement in reading and composition. For those whose scores are creditable, it will be the final test. For those who appear to have a specific deficiency or general handicap, there will be required remedial work until a reasonable competence is attained.

The test will be given on Nov. 1, 2, 3, 4 and Nov. 8, 9 and 10, at 7 p. m. in 106 Hanes Hall.

If the test is taken on one of the five days mentioned above, no charge will be made. If, however, it is taken at a time other than the regularly scheduled period in the fall or spring semesters, a special fee of \$2.00 will be charged.

Students must complete the test before promotion to an upper college.

Chest Meeting

All faculty and staff personnel who have volunteered for work as solicitors on campus for the 1955 Community Chest are scheduled to attend a meeting this afternoon at 4 o'clock in Gerrard Hall.

Who Rules The Roost In India?

Men Slaves To Their Women?

By ELLEN WINSLOW

Is this a man's world? Do Europeans think American men are slaves to their women? Who is the head of the house in the Far East?

The role of the fairer sex was the topic at the first YMCAYWCA Supper Forum in South Dining Room of Lenoir Hall Monday evening. The forum was the first in a series to bring foreign and native students together.

The question of whether this is a Man's World quickly turned into a discussion of why American women dominate their husbands and the reason they have not taken over in other countries.

To defend the women were Bobbie Walker, Purabi Bose from India, Barbara Goldwyn and Irmgard Roth of Germany.

The foreign gentlemen's opinions were given by Alfred Descloux from Switzerland, Cuglie Cimino Michel from France and Mike Furuhata from Japan. Wool Howell, ex-serviceman, was the American fatalist. Ram Desikan of India acted as moderator.

Europeans do think American men are slaves to women, Michel said. "In Europe it's like that . . . I don't know why," he added. "Is it true that men are henpecked?" the moderator asked Furuhata.

Not so in Japan, Furuhata said. The man is still dominant in his country. Women may vote, but they are for the most part advised by their husbands.

Only a few of the Japanese girls pass examinations to enter the universities, Furuhata said. "I don't mean the girls are inferior . . . they generally lack initiative. They are modest. Tell her to look to the right and she will follow instructions. They are like American men," Furuhata continued.

In Japan only the lowest class women smoke on the streets, he said. Desikan asked for the American point of view on whether women should smoke on the streets. Howell said it was the accepted thing. "I don't object to women smoking on the streets," he said.

Descloux gave another insight into the attitude of the American women. "I think it is a question of independence. Today there are so many gadgets that she will be over with the daily work . . . the American woman has more freedom and independence." This Descloux attributed to economical reasons. The same situation would not be found during the depression, he said. "Would a European's Husband do housework?"

"Somebody has to do the work and somebody has to earn the money," Descloux said. Frenchmen have a high regard for the wives, he later said. "I have seen my father sweeping floors."

Deneke Recital Scheduled

Miss Margaret Deneke, lecturer and pianist, will be presented in a lecture-recital by the UNC Department of Music next Tuesday at 8 p. m.

A specialist in interpreting the music of the Romantic Era, Miss Deneke will illustrate her lecture with piano compositions by Mendelssohn, Schumann, Chopin, Brahms, Loder-Walker and Tovey.

The English pianist has had a background of close association with Robert Schumann's daughter, Mendelssohn's grandson, and the medical missionary, Albert Schweitzer.

Educated by private tutors, among them Miss Schumann, Miss Deneke has an honorary M.A. from Oxford and is librarian for Oxford University Musical Club and Union. She owns one of the most extensive collections of Mendelssohn's manuscripts and letters in existence. This collection was a gift from the composer's grandson, a close friend of Miss Deneke.

Some of the works which Miss Deneke will play on the third program of the Tuesday Evening Series are: "Two Posthumous Pieces" and "Scherzo in F Minor," by Mendelssohn; "In Memory, November 4, 1847."
