the recipients' college education, are each valued at \$625 yearly. The UNC scholarship will be awarded to a student interested in the creative aspects of radio and TV, while the State College grant is intended for those with engineering interests, to be carried out in the Electrical Engineering Department.

During the past two years, only one scholarship, valued at \$1,250 yearly, was granted, with the winner's interest deciding the school in which he would study.

V of Neuse in Wake County, now be presented tonight. a freshman here, was last year's winner.

The award is based on schola"ship ability and achievement. character and interest in occupational entry into the field of radio or television. "The financial need of candidates is not considered, except that among those of equal merit in other respects preference is given to those having greater financial need," "he Committee said.

Application blanks may be secured from William C. Friday. Assistant to the President, here Deadline for return of completed applications is April 1.

All applications will be reviewed by the Selection Committee during the month of April

After personal interviews with ELISHA MITCHELL SOCIETY the six, the committee will decide who will be announced on or "Polarization in High Energy

State College Student Union

State College's student union building, part of which is shown above, is a recent addition to the Consolidated University campus. Above is the snack bar, where students sip coffee beside a large mural depicting the work of each of the college's various activities, from forestry to football. The snack bar serves coffee in cups like those at Lenoir Hall. Chapel Hill's requests for a new, larger, more centralized student union have gone unanswered since 1952, when a group of visiting trustees agreed unanimously that a new building should be erected.-Fred Powledge photo.
