Summer Enrollment Shows An Increase

A slight increase in the percentage of North Carolinians enrolled at the University in Chapel Hill for the first summer term over that of 1954 is shown in a statistical report released by Chancellor R. B. House.

A breakdown of the total 2,939 registered indicates 2,453 students from North Carolina, or more than 83 per cent. Last year slightly less than 80 per cent were from in-state as reported by the Central Office of Records.

General College has the largest enrollment among the individual schools, with 909 students, followed by Graduate School with 753. A total graduate figure of 823 is reached when a number of professional school students are included.

Other registration figures include College of Arts and Sciences, 497; Business Administration School, 242; Education School, 172; and Law School, 73.

Out-of-state representation of students is wide and varied. Virginia leads with 80; followed by South Carolina with 77; New York, 44; Georgia, 43; and Florida, 39. All in all, thirty-four states and the District of Columbia have residents enrolled.

From beyond the boundaries of the States come 17 students from 12 foreign countries. Cuba and Puerto Rico lead with three each; India with two; and one student apiece from the Bahamas, El Salvador, Finland, France, Formosa, Hawaii, Iran, Saar and Venezuela.

Community Sing To Have Fine Entertainers

On Sunday, June 26, at 8:00 p.m. there will be a community sing in front of Graham Memorial. Nancy Murray, the director of this activity, has obtained some fine entertainers to perform at the sing.

John Parker, Jr., is a guitar player who also sings. He is a sophomore, is a pre-med student, and is an experienced performer. Sandy Thomas will be another performer. He composes, directs, and plays, and is a student of music in the Music Department here. He, too, has had previous experience.

But you, the audience, will need no experience—the words will be flashed on a screen, and the rhythm will be furnished by the performers—all you have to do is just sing the words. These community sings have been received with tremendous enthusiasm in former years, and it is hoped that the tradition will carry over this year.

Joseph Caldwell was the first president of the University of North Carolina at Chapel Hill.

Cliff Mayne, University of California, makes a difficult return.

Modern Dance Group Organized Last Week

The Modern Dance Group was organized Tuesday, June 14. Suzie Denton, who has danced three summers for the Rockettes in New York City, was made chairman of the group. They plan to take turns leading the group, thus giving each of the girls a chance at both participation and instruction. The group was organized with recreation being the main objective, and includes both beginners and advanced dancers. They have decided to meet every Tuesday and Thursday evening from 6 o'clock to 7:30 at the Dance Studio in the Woman's Gym.

Anyone interested in joining can go down to the Woman's Gym during one of the meetings, or may contact either John Riebel or Kirsten Milbrath at the Y.M.C.A.

Mrs. Price, the regular dance teacher at Chapel Hill, will be present at the meetings to give help and advice.
